As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Hartford Life Insurance Company, which has custody of all investments of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of the Candlelight Inn 401(k) Savings Plan as of December 31, 2010, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

CANDLELIGHT INN 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Candlelight Inn 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Candlelight Inn (Company). Employees are required to have three months of service and to have attained age 18 for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may voluntarily contribute, on a pre-tax basis, a portion of their compensation, up to the annual limits, to the Plan. The Company may make matching contributions equal to a percent of the participant's voluntary contribution.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company matching contribution, allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants.

Vesting. Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund account up to a maximum of \$50,000 or 50% of their account balance, whichever is less, with a minimum amount of \$1,000. The loans are secured by the balance in the participant's account and bear interest at reasonable rates as determined by the Plan administrator at the time the loans are made.

Payment of Benefits. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminating participants may also elect to continue their account under this Plan if their balance is greater than \$5,000. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Candlelight Inn 401(k) Savings Plan (the Plan) was established on January 1, 2005. The Plan's year ends on December 31. Significant accounting policies followed by the Plan are presented below:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 and 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. The fair value of investments is based upon quotations obtained from national securities exchanges or, in the case of regulated investment funds, based on the quoted net asset value of the fund. The net appreciation (depreciation) in fair value of investments includes investments purchased, sold and held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through January 21, 2013, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$239,108 as of December 31, 2011 and \$193,176 as of December 31, 2010.
- b. Net investment loss as shown in the accompanying statement of changes in net assets available for benefits of \$11,091 for the year ended December 31, 2011.

The fair value of individual investments that represent 5 percent or more of the Plan's net assets as of December 31 are as follows:

	<u>2011</u>	<u>2010</u>
PIMCO Total Return Fund	\$ 17,781	\$ 13,414
Franklin Templeton Growth Allocation Fund	27,423	23,277

* This amount represents contract value for this investment

NOTE 3 - INVESTMENTS (CONTINUED)

Net investment loss is comprised of the following for the years ended December 31:

	<u>2011</u>
Interest income	\$ 58
Net depreciation in fair value of investments:	
Mutual funds	(10,958)
Common/collective trust	<u>(191)</u>
	<u>\$ (11,091)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common/collective trust: Valued at fair value based on the quoted market value of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds				
Asset allocation	\$ 78,958	\$ -	\$ -	\$ 78,958

NOTE 5 - RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by an affiliate of Hartford Life Insurance Company. Hartford Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 - ADMINISTRATIVE EXPENSES

Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor, as provided in the Plan document.

NOTE 7 - FORFEITED ACCOUNTS

At December 31, 2011 and 2010, forfeited nonvested accounts aggregating \$613 and \$-0-, respectively, are included in the Plan's net assets available for benefits. These accounts will be used to reduce future employer contributions. Forfeitures of \$651 were used to reduce employer contributions during the year ended December 31, 2011.

NOTE 8 - ASSETS ALLOCATED TO WITHDRAWN PARTICIPANTS

The Plan has assets allocated to withdrawn Plan participants of \$8,064 and \$-0- at December 31, 2011 and 2010, respectively. This amount includes accounts of former employees who have not elected a distribution from the Plan.

NOTE 9 - TAX STATUS

The Plan has adopted a prototype document sponsored by Qualified Plan Consultants, LLC (Qualified). Qualified holds a determination letter dated October 21, 2003, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with requirements of the Internal Revenue Code. The Plan Administrator is not aware of any actions or events that have occurred that would adversely affect the qualified status of the Plan.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

CANDLELIGHT INN 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Candlelight Inn 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Candlelight Inn (Company). Employees are required to have three months of service and to have attained age 18 for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may voluntarily contribute, on a pre-tax basis, a portion of their compensation, up to the annual limits, to the Plan. The Company may make matching contributions equal to a percent of the participant's voluntary contribution.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company matching contribution, allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants.

Vesting. Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund account up to a maximum of \$50,000 or 50% of their account balance, whichever is less, with a minimum amount of \$1,000. The loans are secured by the balance in the participant's account and bear interest at reasonable rates as determined by the Plan administrator at the time the loans are made.

Payment of Benefits. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminating participants may also elect to continue their account under this Plan if their balance is greater than \$5,000. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Candlelight Inn 401(k) Savings Plan (the Plan) was established on January 1, 2005. The Plan's year ends on December 31. Significant accounting policies followed by the Plan are presented below:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 and 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. The fair value of investments is based upon quotations obtained from national securities exchanges or, in the case of regulated investment funds, based on the quoted net asset value of the fund. The net appreciation (depreciation) in fair value of investments includes investments purchased, sold and held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through January 21, 2013, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$239,108 as of December 31, 2011 and \$193,176 as of December 31, 2010.
- b. Net investment loss as shown in the accompanying statement of changes in net assets available for benefits of \$11,091 for the year ended December 31, 2011.

The fair value of individual investments that represent 5 percent or more of the Plan's net assets as of December 31 are as follows:

	<u>2011</u>	<u>2010</u>
PIMCO Total Return Fund	\$ 17,781	\$ 13,414
Franklin Templeton Growth Allocation Fund	27,423	23,277

* This amount represents contract value for this investment

NOTE 3 - INVESTMENTS (CONTINUED)

Net investment loss is comprised of the following for the years ended December 31:

	<u>2011</u>
Interest income	\$ 58
Net depreciation in fair value of investments:	
Mutual funds	(10,958)
Common/collective trust	<u>(191)</u>
	<u>\$ (11,091)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common/collective trust: Valued at fair value based on the quoted market value of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:
