NOTE 1 – PLAN DESCRIPTION

The following description of the Alliance, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Alliance, Inc. (the Company) as of July 1, 2008 and restated December 11, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Company are immediately eligible to participate in the Plan upon hire. Entry dates into the Plan are immediately following eligibility. For Company contribution purposes, a participant must complete one year of service (defined as 1,000 hours) and attain age 21 to be eligible.

Contributions

Participants may elect to defer any percentage of their annual compensation to the Plan each year, not to exceed Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to annual limits set by IRS. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan allows for discretionary Company matching contributions. For the years ended June 30, 2012 and 2011, the Company did not contribute any matching contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of (a) Plan earnings (losses), and (b) administrative expenses. Allocations are made pursuant to the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All accounts are participant directed.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their fund account balance, whichever is less. Participants can have a maximum of one loan outstanding at any time with a repayment period of 5 years unless used for the purchase of a principal residence in which case the repayment period is 30 years. The loans are collateralized by the participant's account and bear interest at prime rate plus 1%. Interest rates were 4.25% during the years ended June 30, 2012 and 2011. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual net earnings thereon. Vesting in the Company's matching contributions and related net earnings is as follows:

Years of Service	Vested Portion
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

However, participants will be 100% vested if termination of employment occurs on account of death or if termination of employment as a result of becoming disabled.

Payment of Benefits

On termination of service due to death, disability, retirement, or upon reaching age 59 1/2 a participant or beneficiary may elect to receive a lump sum distribution of the amount equal to the value of the participant's vested account balance. Participants receiving required minimum distributions may receive an installment payment of the minimum required amount. At all times, participants may withdraw in total or a portion of their rollover contributions. On termination of service due to death, disability or retirement, a participant with a vested balance of less than $1,000 will receive a lump sum distribution.

Forfeited Accounts

At June 30, 2012 and 2011, forfeited non-vested accounts totaled $35. Forfeited accounts are available to pay administrative expenses and any balances remaining thereafter are used to reduce employer contributions. For the years ended June 30, 2012 and 2011, $0 and $1,663 of forfeitures were used to reduce employer contributions, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Contributions and investment income are recorded on the accrual basis and present the net assets available for benefits and the changes in those net assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

A portion of administrative expenses relating to the administration of the Plan are paid by the Company, with the remaining paid for by the Plan. Expenses related to loans and distributions are paid by the respective Plan participants.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, EMJAY Retirement Services, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total participant-directed investments as shown in the accompanying statements of net assets available for benefits were $876,439 and $802,077 as of June 30, 2012 and 2011, respectively.

NOTE 3 – INVESTMENTS (CONTINUED)

b. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits were $7,634 and $6,389 as of June 30, 2012 and 2011, respectively.

c. Net investment income (loss) as shown in the accompanying statements of changes in net assets available for benefits was $(57) and $134,477 for the years ended June 30, 2012 and 2011.

d. Interest income from notes receivable from participants as shown in the accompanying statements of net assets available for benefits was $300 and $228 for the years ended June 30, 2012 and 2011, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The fair values of individual investments that represent 5 percent or more of the Plan's net assets as of June 30 are as follows:

	2012	2011
American Funds 2015 Target Date Retirement Fund	$ 164,836	$ 142,856
American Funds 2035 Target Date Retirement Fund	110,548	103,576
American Funds Money Market Retirement Fund	71,687	66,597
American Funds 2030 Target Date Retirement Fund	89,287	81,767
American Funds 2025 Target Date Retirement Fund	81,094	70,580
American Funds 2020 Target Date Retirement Fund	89,608	76,475
American Funds 2040 Target Date Retirement Fund	64,583	62,584
American Funds Growth Fund of America Fund	49,631	43,678

The Plan earned $16,039 and $14,913 in interest and dividends from mutual funds for the years ended June 30, 2012 and 2011, respectively. The Plan also had $(16,096) and $119,564 of net appreciation (depreciation) in fair value of investments in mutual funds for the years ended June 30, 2012 and 2011, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The accounting codification guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value for certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2012 and 2011.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end. Shares are traded in an active market.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by the level, within fair value hierarchy, the Plan's assets at fair value as of June 30, 2012 and 2011:

	June 30, 2012			
	Level 1	**Level 2**	**Level 3**	**Total**

Value	20,193	-	-	20,193
Total investments at fair value	$ 802,077	$ -	$ -	$ 802,077

NOTE 5 – INCOME TAX STATUS

The Plan has applied for, but has not yet received, a determination letter from the IRS stating that the Plan is qualified under the Internal Revenue Code Section 403(b). The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts including all company contributions and earnings, thereon. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7 – RELATED PARTIES

The Plan investments are held by EMJAY, which is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $5,814 and $5,820 for the years ended June 30, 2012 and 2011, respectively. In addition, certain officers and employees of the Company are administrators of the Plan and are participants in the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan, as directed by participants, may invest in various types of investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management evaluated subsequent events through February 12, 2013, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2012, but prior to February 12, 2013, that provided additional evidence about conditions that existed at June 30, 2012, have been recognized in the financial statements as of and for the year ended June 30, 2012. Events or transactions that provided evidence about conditions that did not exist at June 30, 2012, but arose before the financial statements were available to be issued have not been recognized in the financial statements as of and for the year ended June 30, 2012.
