TRANSPORTATION SPECIALIST 401 (K) & PROFIT SHARING PLAN NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Transportation Specialist 401 (K) & Profit Sharing Plan (the "Plan") provides only general information. For a more complete desription of the Plan's provisions, refer to the agreement governing the Plan. During the year ended September 30, 2011, the Plan changed Trustees and investments.

General

The plan was established in 1986 to provide pension and profit sharing benefits to all qualifying employees of Transportation Management Consultants, Inc and related companies (Company). The plan is subject to the provisions of the Employee Retirement Income Security of 1974, as amended. An eligible employee is any person who has at least one year of credited service, is at least age 17 and employed by the Company at the end of the plan year. The Plan's Retirement Committee and plan administrator control and manage the operation and administration of the Plan. The Retirement Committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Transamerica Retirement Services is custodian and record keeper of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan subject to limitations as determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of the contributions to their account into various mutual funds and an insurance company investment contract offered by the Plan.

Employer contributions, solely at the discretion of the Company, are allocated based upon the total eligible salary during the plan year.

Participant Accounts

Each participant's account is credited with their contributions, an allocation of employer contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contribution and earnings thereon are vested at 20% per year after the first year of eligibility and any forfeits are allocated to other participants by the end of the calendar year following the year of forfeiture on the basis of participant qualifying compensation to total qualifying compensation for the plan year.

Investment Options

A participant may direct employee contributions in any of the available investment options. Income is allocated to participant accounts daily based upon the change in the fair value of the individual mutual funds.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance with a minimum of $1,000. Loan terms range from 1-5 years. This time frame can be extended to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Termination

The company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Since the contract value and the fair value are equal at September 30, 2012, there is no difference to be reported.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investments
Certificates of deposit are valued at cost and have short-term maturities.

All other investments, which consist of mutual funds and an insurance company investment account, are carried at their fair value as determined by exchange posted fund price.

Income Tax Status
The Plan obtained its latest determination letter in 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. There are no differences between these financial statements and the Schedule H of Form 5500.

Payment of Benefits
Benefits are recorded when paid. At September 30, 2012 and 2011, there are no participants who have requested payments who remain unpaid.

Administrative Costs
The employer absorbs all administrative costs except for recordkeeping and administrative fees charged by the Plan custodian.

NOTE 3 - BALANCE TO ALLOCATE
At September 30, 2012 and 2011, there were $77,782 and $83,924 in employer contributions and $11,437 and $7,454 in forfeitures that will be allocated to participants.

NOTE 4 - RISKS AND UNCERTAINTIES
The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2012 AND 2011

NOTE 5 - SEPARATED PARTICIPANTS

Account balances of separated participants at September 30, 2012 and 2011 were $593,796 and $316,608, respectively.

NOTE 6 - INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED)

At September 30, 2012 and 2011 the Plan's assets were primarily held by trustees. The following is a summary of the Plan's financial information that is included in the financial statements based upon information certified by the Trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

The Plan has determined and reported in the accompanying financial statements of net assets available for benefits the fair value of certain assets through the application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices traded in active exchange or broker markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
Level 2 - Quoted prices traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
Level 3 - Valuations that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

Level 1 imputs are generally used because they provide the most reliable evidence of the value. Level 3 imputs are used only when level 1 or 2 imputs are not available.

Fair values of investments at September 30, 2012, as reported by the trustee with all mutual funds considered to be level 1 assets and stable value funds considered to be level 3 assets are as follows:

Of the outstanding notes at September 30, 2012, all except $49,595 were from loans made during the fiscal year or balances rolled into the fiscal year notes.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments have been and are in funds managed by custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment and administrative services to the custodians were $9,617 in 2012.

NOTE 9 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through January 11, 2013, the date the financial statements were available to be issued.
