WIN-HOLT EQUIPMENT CORPORATION
401(k) EMPLOYEE SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

Note 1 - Description of Plan

The following description of Win-Holt Equipment Corporation 401(k) Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Win-Holt Equipment Corp. (the "Sponsor"). The Plan's trustee and administrator are ING Life Insurance and Annuity Company and Associated Pension Consultants, respectively.

The Sponsor established the Plan, effective February 1, 1983.

The Plan is a defined contribution plan covering substantially all employees who have completed ninety days of service and at least 21 years of age.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan allows each participant to contribute up to 70% of the participant's annual compensation, on a pre-tax basis, to the Plan. However, total deferrals in any taxable year, may not exceed the limitations set forth by the Internal Revenue Service. A participant's total pre-tax contribution may not exceed $16,500 for the year ended December 31, 2011. Additionally, participants who attain age 50 by the end of the Plan year may make an additional pre-tax catch-up contribution of up to $5,500 for the year ended December 31, 2011. A participant may stop contributing to the Plan at any time. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All participants upon entry to the Plan elect the type of investment fund and funds into which they are to contribute. Participants may elect to change the type of investment allocation at any time during the year. The Sponsor may make discretionary matching contributions of 50% of each participant's contribution up to a maximum of 3% of a participant's compensation for the Plan year. Furthermore, a special Qualified Non-Elective Contribution ("QNEC") may be made at the discretion of the Sponsor on behalf of eligible non-highly compensated participants.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the employer's contribution and Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service. Participants are 100% vested after five years of service.

Notes Receivable from Participants

The Plan provides for loans to participants which are repaid through payroll deductions. Loans (i) bear a reasonable rate of interest, (ii) are secured by the participant's account, (iii) are available to all participants and their beneficiaries on a uniform and non-discriminatory basis, (iv) are limited to 50% of the participant's vested account balance, (v) provide for repayment over a period not to exceed five years unless such loan is used to purchase a primary residence, (vi) are limited to an amount not to exceed $50,000, and (vii) are available only from accounts deferred through salary reduction and vested employer matching amounts. Interest is charged by the Plan at the prime rate in effect on the date of the loan plus 1%. At December 31, 2011, interest rates ranged from 4.25% to 9.25%.

A loan will not be issued for an amount less than $1,000 and no loan will be issued to a participant with an existing loan outstanding. Spousal consent is required for loans in excess of $5,000.

Payment of Benefits

Participants' benefits under the Plan are payable to participants, their beneficiaries or their estates upon the termination of employment, normal retirement, late retirement, disability, death or hardship. Benefits are payable in the form of lump-sum distributions to participants with account balances of $5,000 or less. Benefits are payable in the form of (i) joint and survivor annuities to married participants, or (ii) life annuities to unmarried participants with account balances in excess of $5,000. Participants are entitled to receive a distribution of their rollover accounts at any time.

Note 1 - Description of Plan (cont'd.)

Forfeited Accounts

Pursuant to the Plan document, forfeitures must first be used to pay Plan expenses and then to reduce any employer matching contributions. At December 31, 2011 and 2010, forfeited nonvested accounts totaled $36,111 and $22,804, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Code limits. The amounts due to participants at December 31, 2011 and 2010 were $19,078 and $19,307, respectively.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Sponsor may, at its discretion, pay all or part of the expenses of maintaining the Plan. For 2011, the Sponsor paid all except $1,592 of the expenses for maintaining the Plan.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS.* This ASU represents the converged guidance of the FASB and the IASB (the "Boards") on fair value measurement. The collective efforts of the Boards and their staffs, reflected in ASU No. 2011-04, have resulted in common requirements for measuring fair value and for disclosing information about fair value measurements, including a consistent meaning of the term "fair value." The Boards have concluded the common requirements will result in greater comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRS.

The amendments to the FASB Accounting Standards Codification ("ASC") in this ASU are to be applied prospectively. For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2011. Nonpublic entities may apply the amendments in ASU No. 2011-04 early, but no earlier than for interim periods beginning after December 15, 2011. The Sponsor has not yet determined whether the adoption of this standard will have a material effect on the Plan's financial statements.

Note 3 - Investments

At December 31, 2011 and 2010, investments that represent 5% or more of the Plan's net assets consisted of the following:

	2011	2010
Pooled Separate Accounts:		
American Funds Capital World Growth and Income Fund	$ 336,272	$ **
Franklin Rising Dividends Fund	253,640	**
ING Clarion Real Estate Portfolio	210,906	**

Pimco Total Return Admin Shares	*	225,611
ING Fixed Account	585,868	**
Morley Stable Value 50 BP, at contract value	*	582,771

* Represents less than 5% of the Plan's net assets at December 31, 2011.
* * Represents less than 5% of the Plan's net assets at December 31, 2010.

Note 4 - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - Fair Value Measurements (cont'd.)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 inputs relate to mutual funds whose underlying assets are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Level 2 inputs relate to pooled separate accounts that invest in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the NAV of the pooled separate accounts, which is not publicly quoted.

Level 2 inputs relate to the ING Fixed Account which is valued at fair value which includes deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees and adjusted for any market value adjustments.

Level 2 inputs relate to a common collective trust whose underlying assets primarily consist of synthetic guaranteed investment contracts which are valued at fair value by discounting related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2011 and 2010:

	Assets at Fair Value at December 31, 2011			
	Level 1	Level 2	Level 3	Total

Total Assets at Fair Value	$ 3,296,795	$ 594,080	$ -0-	$ 3,890,875

Note 5 - ING Fixed Account

The Plan has an investment with ING Life Insurance and Annuity Company ("ING"). Under the terms of the contract, ING maintains contributions in a general account. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at fair value, which equals the contract value, as reported to the Plan by ING. The contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and investment fees. The average yield earned by the Plan in this account and credited to participants was 1.85% for the year ended December 31, 2011.

Note 6 - Related Party Transactions

Certain Plan investments are pooled separate accounts and shares of mutual funds managed by ING, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $1,592 for the year ended December 31, 2011.

Note 7 - Plan Termination

The Sponsor reserves the right to terminate the Plan at any time. Termination of the Plan shall result in immediate vesting of the entire amount credited to each participant. Upon termination of the Plan, the trustees will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

Note 8 - Tax Status

The Plan, which was amended and restated effective January 1, 2009, does not have a current determination letter on file with the Internal Revenue Service. The Sponsor and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and is qualified and the trust established under the Plan is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

Note 8 - Tax Status (cont'd.)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the accompanying Statements of Net Asset Available for Benefits.

Note 10 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to the Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ 3,875,789	$3,981,407
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	-0-	11,309
Net assets available for benefits per the Form 5500	$ 3,875,789	$3,992,716

Note 10 - Reconciliation of Financial Statements to the Form 5500 (cont'd.)

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2011 to net loss per the Form 5500:

	2011
Net decrease in net assets available for benefits per the financial statements	$ (105,618)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2010	(11,309)
Net loss per the Form 5500	$ (116,927)

Note 11 - Delinquent Participant Contributions

During the year ended December 31, 2011, the Sponsor did not submit employee contributions and loan repayments of $47,999 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Service and the Department of Labor which will result in the payment of an excise tax by the Sponsor.

Note 12 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2011 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
