Report of Independent Certified Public Accountants

To the Committee of the
ITL Corp. Employees
Profit Sharing Plan and Trust

We were engaged to audit the financial statements of ITL Corp. Employees Profit Sharing Plan and Trust (the "Plan") as of July 31, 2012 and 2011, and for the year ended July 31, 2012, and the supplemental schedule as of July 31, 2012, as listed in the accompanying Index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The Plan administrator has obtained certifications from the trustee as of July 31, 2012 and 2011 and for the year ended July 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN

The ITL Corp. Employees Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering eligible employees of ITL Corp. (“ITL”) and an affiliated company, Frank Paxton Hardwood Lumber Company, LLC (“Paxton”) (together, the “Company”). Effective September 19, 2011, Paxton Hardwoods LLC purchased the assets of Paxton. In connection with this purchase, employees of Paxton who were hired by Paxton Hardwoods LLC ceased participation in the Plan and began participating in the Paxton Hardwoods LLC 401(k) Plan and Trust (the “Paxton Plan”), effective September 19, 2011 and their account balances in the Plan were subsequently transferred to the Paxton Plan. As a result, net assets totaling \$2,831,773 were transferred to the Paxton Plan.

The Plan was established to provide retirement benefits to eligible employees in conformity with the minimum standards for eligibility, vesting, and funding required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Below is a summary of the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Eligibility

All employees of the Company, as defined by the Plan, are eligible to participate in the Plan upon the completion of one year of service and attaining age 21. A year of service is defined as any Plan year in which the employee performs at least 1,000 hours of service.

Contributions

The Plan includes a 401(k) option, which allows all eligible participants to contribute up to 20% of their annual compensation, limited by requirements of the Internal Revenue Code (“IRC”). The Plan also allows for participants to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Plan provides for employer matching contributions on a discretionary basis as determined by the Board of Directors of the Company. In the year ended July 31, 2012, the Company matched 50% of an employee’s contribution, up to 4% of the employee’s compensation (i.e., maximum match equals 2% of employee’s compensation). Discretionary matching contributions for the Plan year ended July 31, 2012 were \$151,299.

The Plan also provides for annual employer profit sharing contributions on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit sharing contributions from the Company are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions. There were no discretionary profit sharing contributions for the Plan year ended July 31, 2012.

NOTE 1 – SUMMARY OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company contribution, plan earnings or losses, and forfeitures from terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into the various investment options offered by the Plan.

Vesting Requirements

The Plan provides for 100% immediate vesting of all participant contributions plus actual earnings thereon. The Company contribution portion of the participant's account vests at the rate of 20% after two years and 20% per year thereafter. Thus, a participant is 100% vested at the completion of six years of service. Forfeitures of profit sharing contributions are allocated among the remaining participants, as defined by the Plan. Forfeitures of matching contributions are used to reduce future Company contributions, as defined by the Plan. At July 31, 2012 and 2011, unused forfeitures of nonvested accounts totaled \$33,915 and \$28,995, respectively.

Notes Receivable from Participants

The provisions of the Plan provide that participants may borrow from their accounts up to 50% of their vested account balance not to exceed \$50,000, as defined by the Plan. Loan repayment periods are not to exceed five years, or up to 15 years in the case of a loan for the use of acquiring a principal residence. Loans bear interest at a fixed rate based on prevailing market rates at the time the loan is made. As of July 31, 2012 and 2011, interest rates on participant loans ranged from 3.25% to 8.25%.

Distribution of Benefits

Upon attainment of normal retirement age of 65, or termination of employment, a participant, or in the case of death, the participant's beneficiary, will receive the vested portion of the amounts credited to the participant's account. The participant may elect to be paid benefits as (1) a lump sum or (2) periodic payments, as defined by the Plan.

Administrative Expenses

All administrative expenses, unless paid directly by the Company, are paid by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is principal plus accrued interest. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Income Advantage Fund ("IAF"), a collective trust fund. The underlying investments of the IAF are primarily traditional Guaranteed Investment Contracts ("GICs"), Synthetic Investment Contracts ("SICs") and money market funds. Investments in GICs represent deposits that guarantee a stated interest rate for the term of the contract. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration investments. SICs are comprised of an underlying pool of securities combined with a wrapper instrument issued by a separate entity that allows for participants to transact at contract value for qualified withdrawals. The securities supporting the SICs are valued by independent pricing sources. The fair value of the wrap contracts is determined by the ABN AMRO Investment Trust Company based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the IAF at contract value. The fair value of the IAF is adjusted to contract value. Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Certain events or conditions could potentially limit the ability of the IAF to transact at contract value. Examples of such events or conditions include, but are not limited to, partial or complete legal termination of the IAF or the Plan, tax disqualification of the IAF or the Plan, or withdrawal of the Plan Sponsor. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures About Fair Value Measurements* (ASU 2010-06), to add new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. ASU 2010-06 also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. This ASU was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which was effective for fiscal years beginning on or after December 15, 2010. Applicable provisions of the ASU were adopted in 2011 or 2012, as required. The adoption of this guidance had no effect on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at either July 31, 2012 or 2011 are as follows:

	2012	2011
American Balanced Fund	\$ 1,750,905	\$ 1,850,627
Fidelity Magellan Fund	1,549,690	1,643,343

NOTE 3 – INVESTMENTS – CONTINUED

During 2012, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$19,456 as follows:

Mutual funds	\$ (30,779)
Group variable annuity	50,235
	\$ 19,456

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at July 31, 2012 and 2011.

Money market fund: Valued at quoted market prices and represents the net asset value (NAV) of shares held by the Plan.

Mutual funds: Valued at quoted market prices and represents the NAV of shares held by the Plan.

Group variable annuity: Valued daily by Genworth Life and Annuity Insurance Company using the quoted market price of the underlying mutual fund less the applicable asset charge.

ITL Corp. Employees Profit Sharing Plan and Trust

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

Stable value collective trust fund: Stated at fair value and then adjusted to contract value. Fair value is the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts, synthetic investment contracts, and money market funds). Contract value is principal plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2012 and 2011:

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended July 31, 2012.

	Stable Value Fund
Balance, beginning of year	\$ 930,656
Purchases	70,206
Sales	(48,980)
Transfer to Paxton Plan	(45,402)
Change in unrealized gains	5,883
Balance, end of year	<u>\$ 912,363</u>

The following table sets forth a summary of the Plan's investments with a reported NAV at July 31, 2012 and 2011:

	Fair Value at July 31		Unfunded	Redemption	Other	Redemption
	2012	2011	Commitment	Frequency	Restrictions	Notice
						Period
Stable value fund (a)	\$912,363	\$ 930,656	\$ -	Daily	(b)	None

(a) Stable value strategies seek to preserve invested principal while providing a competitive current rate of return.

(b) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any redemption notice or restrictions. Participants cannot purchase into competing funds for 90 days after sale. Competing funds would be any other stable value funds, money market funds, or mutual funds with an average maturity of less than 2.5 years. At the Plan Sponsor level, the fund reserves the right to withhold payment of nonbenefit related redemptions for up to 12 months.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information (except for the fair value of the Income Advantage Fund) summarized in the accompanying financial statements and supplemental schedule relating to investments and notes receivable from participants and investment income and interest income on notes receivable from participants, were certified as being complete and accurate by the trustee, PNC Bank, N.A. Amounts certified by the trustee have not been subjected to auditing procedures.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any funds to be used for any purpose other than the exclusive benefit of its participants and subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued a determination letter dated February 3, 2005, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and therefore are tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan’s investments are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Report of Independent Certified Public Accountants

To the Committee of the
ITL Corp. Employees
Profit Sharing Plan and Trust

We were engaged to audit the financial statements of ITL Corp. Employees Profit Sharing Plan and Trust (the "Plan") as of July 31, 2012 and 2011, and for the year ended July 31, 2012, and the supplemental schedule as of July 31, 2012, as listed in the accompanying Index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The Plan administrator has obtained certifications from the trustee as of July 31, 2012 and 2011 and for the year ended July 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN

The ITL Corp. Employees Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering eligible employees of ITL Corp. (“ITL”) and an affiliated company, Frank Paxton Hardwood Lumber Company, LLC (“Paxton”) (together, the “Company”). Effective September 19, 2011, Paxton Hardwoods LLC purchased the assets of Paxton. In connection with this purchase, employees of Paxton who were hired by Paxton Hardwoods LLC ceased participation in the Plan and began participating in the Paxton Hardwoods LLC 401(k) Plan and Trust (the “Paxton Plan”), effective September 19, 2011 and their account balances in the Plan were subsequently transferred to the Paxton Plan. As a result, net assets totaling \$2,831,773 were transferred to the Paxton Plan.

The Plan was established to provide retirement benefits to eligible employees in conformity with the minimum standards for eligibility, vesting, and funding required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Below is a summary of the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Eligibility

All employees of the Company, as defined by the Plan, are eligible to participate in the Plan upon the completion of one year of service and attaining age 21. A year of service is defined as any Plan year in which the employee performs at least 1,000 hours of service.

Contributions

The Plan includes a 401(k) option, which allows all eligible participants to contribute up to 20% of their annual compensation, limited by requirements of the Internal Revenue Code (“IRC”). The Plan also allows for participants to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Plan provides for employer matching contributions on a discretionary basis as determined by the Board of Directors of the Company. In the year ended July 31, 2012, the Company matched 50% of an employee’s contribution, up to 4% of the employee’s compensation (i.e., maximum match equals 2% of employee’s compensation). Discretionary matching contributions for the Plan year ended July 31, 2012 were \$151,299.

The Plan also provides for annual employer profit sharing contributions on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit sharing contributions from the Company are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions. There were no discretionary profit sharing contributions for the Plan year ended July 31, 2012.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company contribution, plan earnings or losses, and forfeitures from terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into the various investment options offered by the Plan.

Vesting Requirements

The Plan provides for 100% immediate vesting of all participant contributions plus actual earnings thereon. The Company contribution portion of the participant's account vests at the rate of 20% after two years and 20% per year thereafter. Thus, a participant is 100% vested at the completion of six years of service. Forfeitures of profit sharing contributions are allocated among the remaining participants, as defined by the Plan. Forfeitures of matching contributions are used to reduce future Company contributions, as defined by the Plan. At July 31, 2012 and 2011, unused forfeitures of nonvested accounts totaled \$33,915 and \$28,995, respectively.

Notes Receivable from Participants

The provisions of the Plan provide that participants may borrow from their accounts up to 50% of their vested account balance not to exceed \$50,000, as defined by the Plan. Loan repayment periods are not to exceed five years, or up to 15 years in the case of a loan for the use of acquiring a principal residence. Loans bear interest at a fixed rate based on prevailing market rates at the time the loan is made. As of July 31, 2012 and 2011, interest rates on participant loans ranged from 3.25% to 8.25%.

Distribution of Benefits

Upon attainment of normal retirement age of 65, or termination of employment, a participant, or in the case of death, the participant's beneficiary, will receive the vested portion of the amounts credited to the participant's account. The participant may elect to be paid benefits as (1) a lump sum or (2) periodic payments, as defined by the Plan.

Administrative Expenses

All administrative expenses, unless paid directly by the Company, are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is principal plus accrued interest. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Income Advantage Fund ("IAF"), a collective trust fund. The underlying investments of the IAF are primarily traditional Guaranteed Investment Contracts ("GICs"), Synthetic Investment Contracts ("SICs") and money market funds. Investments in GICs represent deposits that guarantee a stated interest rate for the term of the contract. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration investments. SICs are comprised of an underlying pool of securities combined with a wrapper instrument issued by a separate entity that allows for participants to transact at contract value for qualified withdrawals. The securities supporting the SICs are valued by independent pricing sources. The fair value of the wrap contracts is determined by the ABN AMRO Investment Trust Company based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the IAF at contract value. The fair value of the IAF is adjusted to contract value. Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Certain events or conditions could potentially limit the ability of the IAF to transact at contract value. Examples of such events or conditions include, but are not limited to, partial or complete legal termination of the IAF or the Plan, tax disqualification of the IAF or the Plan, or withdrawal of the Plan Sponsor. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures About Fair Value Measurements* (ASU 2010-06), to add new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. ASU 2010-06 also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. This ASU was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which was effective for fiscal years beginning on or after December 15, 2010. Applicable provisions of the ASU were adopted in 2011 or 2012, as required. The adoption of this guidance had no effect on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at either July 31, 2012 or 2011 are as follows:

	2012	2011
American Balanced Fund	\$ 1,750,905	\$ 1,850,627

NOTE 3 – INVESTMENTS – CONTINUED

During 2012, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$19,456 as follows:

Mutual funds	\$ (30,779)
Group variable annuity	50,235
	\$ 19,456

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at July 31, 2012 and 2011.

Money market fund: Valued at quoted market prices and represents the net asset value (NAV) of shares held by the Plan.

Mutual funds: Valued at quoted market prices and represents the NAV of shares held by the Plan.

Group variable annuity: Valued daily by Genworth Life and Annuity Insurance Company using the quoted market price of the underlying mutual fund less the applicable asset charge.

ITL Corp. Employees Profit Sharing Plan and Trust

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

Stable value collective trust fund: Stated at fair value and then adjusted to contract value. Fair value is the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts, synthetic investment contracts, and money market funds). Contract value is principal plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2012 and 2011:

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended July 31, 2012.

	Stable Value Fund
Balance, beginning of year	\$ 930,656
Purchases	70,206
Sales	(48,980)
Transfer to Paxton Plan	(45,402)
Change in unrealized gains	5,883
Balance, end of year	<u>\$ 912,363</u>

The following table sets forth a summary of the Plan's investments with a reported NAV at July 31, 2012 and 2011:

	Fair Value at July 31		Unfunded	Redemption	Other	Redemption
	2012	2011	Commitment	Frequency	Restrictions	Notice
						Period
Stable value fund (a)	\$912,363	\$ 930,656	\$ -	Daily	(b)	None

- (a) Stable value strategies seek to preserve invested principal while providing a competitive current rate of return.
- (b) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any redemption notice or restrictions. Participants cannot purchase into competing funds for 90 days after sale. Competing funds would be any other stable value funds, money market funds, or mutual funds with an average maturity of less than 2.5 years. At the Plan Sponsor level, the fund reserves the right to withhold payment of nonbenefit related redemptions for up to 12 months.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information (except for the fair value of the Income Advantage Fund) summarized in the accompanying financial statements and supplemental schedule relating to investments and notes receivable from participants and investment income and interest income on notes receivable from participants, were certified as being complete and accurate by the trustee, PNC Bank, N.A. Amounts certified by the trustee have not been subjected to auditing procedures.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any funds to be used for any purpose other than the exclusive benefit of its participants and subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued a determination letter dated February 3, 2005, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and therefore are tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan’s investments are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at July 31, 2012 and 2011:

Report of Independent Certified Public Accountants

To the Committee of the
ITL Corp. Employees
Profit Sharing Plan and Trust

We were engaged to audit the financial statements of ITL Corp. Employees Profit Sharing Plan and Trust (the "Plan") as of July 31, 2012 and 2011, and for the year ended July 31, 2012, and the supplemental schedule as of July 31, 2012, as listed in the accompanying Index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The Plan administrator has obtained certifications from the trustee as of July 31, 2012 and 2011 and for the year ended July 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN

The ITL Corp. Employees Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering eligible employees of ITL Corp. (“ITL”) and an affiliated company, Frank Paxton Hardwood Lumber Company, LLC (“Paxton”) (together, the “Company”). Effective September 19, 2011, Paxton Hardwoods LLC purchased the assets of Paxton. In connection with this purchase, employees of Paxton who were hired by Paxton Hardwoods LLC ceased participation in the Plan and began participating in the Paxton Hardwoods LLC 401(k) Plan and Trust (the “Paxton Plan”), effective September 19, 2011 and their account balances in the Plan were subsequently transferred to the Paxton Plan. As a result, net assets totaling \$2,831,773 were transferred to the Paxton Plan.

The Plan was established to provide retirement benefits to eligible employees in conformity with the minimum standards for eligibility, vesting, and funding required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Below is a summary of the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Eligibility

All employees of the Company, as defined by the Plan, are eligible to participate in the Plan upon the completion of one year of service and attaining age 21. A year of service is defined as any Plan year in which the employee performs at least 1,000 hours of service.

Contributions

The Plan includes a 401(k) option, which allows all eligible participants to contribute up to 20% of their annual compensation, limited by requirements of the Internal Revenue Code (“IRC”). The Plan also allows for participants to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Plan provides for employer matching contributions on a discretionary basis as determined by the Board of Directors of the Company. In the year ended July 31, 2012, the Company matched 50% of an employee’s contribution, up to 4% of the employee’s compensation (i.e., maximum match equals 2% of employee’s compensation). Discretionary matching contributions for the Plan year ended July 31, 2012 were \$151,299.

The Plan also provides for annual employer profit sharing contributions on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit sharing contributions from the Company are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions. There were no discretionary profit sharing contributions for the Plan year ended July 31, 2012.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company contribution, plan earnings or losses, and forfeitures from terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into the various investment options offered by the Plan.

Vesting Requirements

The Plan provides for 100% immediate vesting of all participant contributions plus actual earnings thereon. The Company contribution portion of the participant's account vests at the rate of 20% after two years and 20% per year thereafter. Thus, a participant is 100% vested at the completion of six years of service. Forfeitures of profit sharing contributions are allocated among the remaining participants, as defined by the Plan. Forfeitures of matching contributions are used to reduce future Company contributions, as defined by the Plan. At July 31, 2012 and 2011, unused forfeitures of nonvested accounts totaled \$33,915 and \$28,995, respectively.

Notes Receivable from Participants

The provisions of the Plan provide that participants may borrow from their accounts up to 50% of their vested account balance not to exceed \$50,000, as defined by the Plan. Loan repayment periods are not to exceed five years, or up to 15 years in the case of a loan for the use of acquiring a principal residence. Loans bear interest at a fixed rate based on prevailing market rates at the time the loan is made. As of July 31, 2012 and 2011, interest rates on participant loans ranged from 3.25% to 8.25%.

Distribution of Benefits

Upon attainment of normal retirement age of 65, or termination of employment, a participant, or in the case of death, the participant's beneficiary, will receive the vested portion of the amounts credited to the participant's account. The participant may elect to be paid benefits as (1) a lump sum or (2) periodic payments, as defined by the Plan.

Administrative Expenses

All administrative expenses, unless paid directly by the Company, are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is principal plus accrued interest. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Income Advantage Fund ("IAF"), a collective trust fund. The underlying investments of the IAF are primarily traditional Guaranteed Investment Contracts ("GICs"), Synthetic Investment Contracts ("SICs") and money market funds. Investments in GICs represent deposits that guarantee a stated interest rate for the term of the contract. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration investments. SICs are comprised of an underlying pool of securities combined with a wrapper instrument issued by a separate entity that allows for participants to transact at contract value for qualified withdrawals. The securities supporting the SICs are valued by independent pricing sources. The fair value of the wrap contracts is determined by the ABN AMRO Investment Trust Company based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the IAF at contract value. The fair value of the IAF is adjusted to contract value. Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Certain events or conditions could potentially limit the ability of the IAF to transact at contract value. Examples of such events or conditions include, but are not limited to, partial or complete legal termination of the IAF or the Plan, tax disqualification of the IAF or the Plan, or withdrawal of the Plan Sponsor. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures About Fair Value Measurements* (ASU 2010-06), to add new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. ASU 2010-06 also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. This ASU was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which was effective for fiscal years beginning on or after December 15, 2010. Applicable provisions of the ASU were adopted in 2011 or 2012, as required. The adoption of this guidance had no effect on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at either July 31, 2012 or 2011 are as follows:

NOTE 3 – INVESTMENTS – CONTINUED

During 2012, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$19,456 as follows:

Mutual funds	\$ (30,779)
Group variable annuity	50,235
	\$ 19,456

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at July 31, 2012 and 2011.

Money market fund: Valued at quoted market prices and represents the net asset value (NAV) of shares held by the Plan.

Mutual funds: Valued at quoted market prices and represents the NAV of shares held by the Plan.

Group variable annuity: Valued daily by Genworth Life and Annuity Insurance Company using the quoted market price of the underlying mutual fund less the applicable asset charge.

ITL Corp. Employees Profit Sharing Plan and Trust

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

Stable value collective trust fund: Stated at fair value and then adjusted to contract value. Fair value is the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts, synthetic investment contracts, and money market funds). Contract value is principal plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2012 and 2011:

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended July 31, 2012.

	Stable Value Fund
Balance, beginning of year	\$ 930,656
Purchases	70,206
Sales	(48,980)
Transfer to Paxton Plan	(45,402)
Change in unrealized gains	5,883
Balance, end of year	<u>\$ 912,363</u>

The following table sets forth a summary of the Plan's investments with a reported NAV at July 31, 2012 and 2011:

	Fair Value at July 31		Unfunded	Redemption	Other	Redemption
	2012	2011	Commitment	Frequency	Restrictions	Notice
						Period
Stable value fund (a)	\$912,363	\$ 930,656	\$ -	Daily	(b)	None

- (a) Stable value strategies seek to preserve invested principal while providing a competitive current rate of return.
- (b) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any redemption notice or restrictions. Participants cannot purchase into competing funds for 90 days after sale. Competing funds would be any other stable value funds, money market funds, or mutual funds with an average maturity of less than 2.5 years. At the Plan Sponsor level, the fund reserves the right to withhold payment of nonbenefit related redemptions for up to 12 months.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information (except for the fair value of the Income Advantage Fund) summarized in the accompanying financial statements and supplemental schedule relating to investments and notes receivable from participants and investment income and interest income on notes receivable from participants, were certified as being complete and accurate by the trustee, PNC Bank, N.A. Amounts certified by the trustee have not been subjected to auditing procedures.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any funds to be used for any purpose other than the exclusive benefit of its participants and subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued a determination letter dated February 3, 2005, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and therefore are tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan’s investments are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Report of Independent Certified Public Accountants

To the Committee of the
ITL Corp. Employees
Profit Sharing Plan and Trust

We were engaged to audit the financial statements of ITL Corp. Employees Profit Sharing Plan and Trust (the "Plan") as of July 31, 2012 and 2011, and for the year ended July 31, 2012, and the supplemental schedule as of July 31, 2012, as listed in the accompanying Index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The Plan administrator has obtained certifications from the trustee as of July 31, 2012 and 2011 and for the year ended July 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN

The ITL Corp. Employees Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering eligible employees of ITL Corp. (“ITL”) and an affiliated company, Frank Paxton Hardwood Lumber Company, LLC (“Paxton”) (together, the “Company”). Effective September 19, 2011, Paxton Hardwoods LLC purchased the assets of Paxton. In connection with this purchase, employees of Paxton who were hired by Paxton Hardwoods LLC ceased participation in the Plan and began participating in the Paxton Hardwoods LLC 401(k) Plan and Trust (the “Paxton Plan”), effective September 19, 2011 and their account balances in the Plan were subsequently transferred to the Paxton Plan. As a result, net assets totaling \$2,831,773 were transferred to the Paxton Plan.

The Plan was established to provide retirement benefits to eligible employees in conformity with the minimum standards for eligibility, vesting, and funding required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Below is a summary of the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Eligibility

All employees of the Company, as defined by the Plan, are eligible to participate in the Plan upon the completion of one year of service and attaining age 21. A year of service is defined as any Plan year in which the employee performs at least 1,000 hours of service.

Contributions

The Plan includes a 401(k) option, which allows all eligible participants to contribute up to 20% of their annual compensation, limited by requirements of the Internal Revenue Code (“IRC”). The Plan also allows for participants to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Plan provides for employer matching contributions on a discretionary basis as determined by the Board of Directors of the Company. In the year ended July 31, 2012, the Company matched 50% of an employee’s contribution, up to 4% of the employee’s compensation (i.e., maximum match equals 2% of employee’s compensation). Discretionary matching contributions for the Plan year ended July 31, 2012 were \$151,299.

The Plan also provides for annual employer profit sharing contributions on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit sharing contributions from the Company are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions. There were no discretionary profit sharing contributions for the Plan year ended July 31, 2012.

July 31, 2012 and 2011

NOTE 1 – SUMMARY OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company contribution, plan earnings or losses, and forfeitures from terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into the various investment options offered by the Plan.

Vesting Requirements

The Plan provides for 100% immediate vesting of all participant contributions plus actual earnings thereon. The Company contribution portion of the participant's account vests at the rate of 20% after two years and 20% per year thereafter. Thus, a participant is 100% vested at the completion of six years of service. Forfeitures of profit sharing contributions are allocated among the remaining participants, as defined by the Plan. Forfeitures of matching contributions are used to reduce future Company contributions, as defined by the Plan. At July 31, 2012 and 2011, unused forfeitures of nonvested accounts totaled \$33,915 and \$28,995, respectively.

Notes Receivable from Participants

The provisions of the Plan provide that participants may borrow from their accounts up to 50% of their vested account balance not to exceed \$50,000, as defined by the Plan. Loan repayment periods are not to exceed five years, or up to 15 years in the case of a loan for the use of acquiring a principal residence. Loans bear interest at a fixed rate based on prevailing market rates at the time the loan is made. As of July 31, 2012 and 2011, interest rates on participant loans ranged from 3.25% to 8.25%.

Distribution of Benefits

Upon attainment of normal retirement age of 65, or termination of employment, a participant, or in the case of death, the participant's beneficiary, will receive the vested portion of the amounts credited to the participant's account. The participant may elect to be paid benefits as (1) a lump sum or (2) periodic payments, as defined by the Plan.

Administrative Expenses

All administrative expenses, unless paid directly by the Company, are paid by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is principal plus accrued interest. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Income Advantage Fund ("IAF"), a collective trust fund. The underlying investments of the IAF are primarily traditional Guaranteed Investment Contracts ("GICs"), Synthetic Investment Contracts ("SICs") and money market funds. Investments in GICs represent deposits that guarantee a stated interest rate for the term of the contract. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration investments. SICs are comprised of an underlying pool of securities combined with a wrapper instrument issued by a separate entity that allows for participants to transact at contract value for qualified withdrawals. The securities supporting the SICs are valued by independent pricing sources. The fair value of the wrap contracts is determined by the ABN AMRO Investment Trust Company based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the IAF at contract value. The fair value of the IAF is adjusted to contract value. Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Certain events or conditions could potentially limit the ability of the IAF to transact at contract value. Examples of such events or conditions include, but are not limited to, partial or complete legal termination of the IAF or the Plan, tax disqualification of the IAF or the Plan, or withdrawal of the Plan Sponsor. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures About Fair Value Measurements* (ASU 2010-06), to add new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. ASU 2010-06 also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. This ASU was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which was effective for fiscal years beginning on or after December 15, 2010. Applicable provisions of the ASU were adopted in 2011 or 2012, as required. The adoption of this guidance had no effect on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at either July 31, 2012 or 2011 are as follows:

	2012	2011
American Balanced Fund	\$ 1,750,905	\$ 1,850,627
Fidelity Magellan Fund	1,549,690	1,643,343

NOTE 3 – INVESTMENTS – CONTINUED

During 2012, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$19,456 as follows:

Mutual funds	\$ (30,779)
Group variable annuity	50,235
	\$ 19,456

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at July 31, 2012 and 2011.

Money market fund: Valued at quoted market prices and represents the net asset value (NAV) of shares held by the Plan.

Mutual funds: Valued at quoted market prices and represents the NAV of shares held by the Plan.

Group variable annuity: Valued daily by Genworth Life and Annuity Insurance Company using the quoted market price of the underlying mutual fund less the applicable asset charge.

ITL Corp. Employees Profit Sharing Plan and Trust

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

Stable value collective trust fund: Stated at fair value and then adjusted to contract value. Fair value is the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts, synthetic investment contracts, and money market funds). Contract value is principal plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2012 and 2011:

July 31, 2012

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended July 31, 2012.

	Stable Value Fund
Balance, beginning of year	\$ 930,656
Purchases	70,206
Sales	(48,980)
Transfer to Paxton Plan	(45,402)
Change in unrealized gains	5,883
Balance, end of year	<u>\$ 912,363</u>

The following table sets forth a summary of the Plan's investments with a reported NAV at July 31, 2012 and 2011:

	Fair Value at July 31		Unfunded	Redemption	Other	Redemption
	2012	2011	Commitment	Frequency	Restrictions	Notice
						Period
Stable value fund (a)	\$912,363	\$ 930,656	\$ -	Daily	(b)	None

(a) Stable value strategies seek to preserve invested principal while providing a competitive current rate of return.

(b) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any redemption notice or restrictions. Participants cannot purchase into competing funds for 90 days after sale. Competing funds would be any other stable value funds, money market funds, or mutual funds with an average maturity of less than 2.5 years. At the Plan Sponsor level, the fund reserves the right to withhold payment of nonbenefit related redemptions for up to 12 months.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information (except for the fair value of the Income Advantage Fund) summarized in the accompanying financial statements and supplemental schedule relating to investments and notes receivable from participants and investment income and interest income on notes receivable from participants, were certified as being complete and accurate by the trustee, PNC Bank, N.A. Amounts certified by the trustee have not been subjected to auditing procedures.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

July 31, 2012 and 2011

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any funds to be used for any purpose other than the exclusive benefit of its participants and subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued a determination letter dated February 3, 2005, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and therefore are tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan’s investments are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
