NOTE 1 – DESCRIPTION OF PLAN

The following description of Northeast Parent and Child Society, Inc. 401(k) Employees' Savings Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Organization who have one year of service, perform at least 1,000 hours of service during the Plan year and are age twenty-one or older. It is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make a salary reduction contribution up to 15% of their compensation. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various account options offered by the Plan. The Organization will make a regular contribution equal to 2% of eligible wages and it will match the participants' salary reduction contribution up to 2% of the participants' compensation. Effective July 1, 1995 the sponsoring Organization amended the Plan. The effect of these amendments decreased the regular employer contribution from 6% of eligible wages to 4%, and decreased the amount the employer matches employee salary reduction contributions from 4% to 2% of eligible wages. Effective July 1, 2010, the Organization amended the Plan and Trust Agreement to further decrease the regular employer contribution from 4% to 2% of eligible wages with the employer matching contribution remaining the same at 2% of eligible wages. Contributions are accrued and funded on a current basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Organization's matching of the participant's contribution, (b) the Organization's regular contribution, and (c) Plan earnings (net of charges for an allocation of administrative expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contribution plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service, based on a five year progressive vesting of 20% per year.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through payroll deductions. Participants do not become eligible for a second loan until the first loan is fully paid.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into a number of investment options. Participants may change their investment options at their discretion.

Payment of Benefits

Upon termination of service the form of benefit will be a lump sum payment. Upon request, a participant may receive their benefit in a series of substantially equal annual or more frequent installments over a fixed period not extending beyond the earliest of (a) the end of the period measured by the joint life and last survivor expectancy of the participant and their spouse, or (b) 20 years.

Forfeitures

Forfeited non-vested account balances are applied toward employer's matching contributions in accordance with the Plan document. During the year ended June 30, 2012 and 2011, \$29,501 and \$40,292, respectively, was forfeited and applied.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES
(Continued)**

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, based on quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset values of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INVESTMENTS

The Plan investments are held and administered by Fidelity Investments Institutional Operations Company as trustee. Plan administrative fees are paid by the Plan participants. Refer to Schedule of Assets Held for Investment Purposes (page 10), for the presentation of the fair value of investments.

FASB ASC 820 "Fair Value Measurements and Disclosures" describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value. The levels of input are as follows:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Inputs other than Level I that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level III – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Investments valued using the NAV (Net Asset Value) are classified as Level II if the Association can redeem its investment with the investee at the NAV at the measurement date.

NOTE 3 – INVESTMENTS (Continued)

During 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by \$587,047. During 2011, the Plan's investments appreciated by \$2,281,895.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100 percent vested in their employer contributions.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Organization by a most recent letter dated December 2, 1996, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended (July 1, 2001, July 1, 2002 and July 1, 2008) since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
