BRADKEN-ATCHISON/ST. JOSEPH, INC. HOURLY EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2012 AND 2011

1. DESCRIPTION OF THE PLAN

The following description of the Bradken-Atchison/St. Joseph, Inc. Hourly Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for collective bargaining employees of Bradken-Atchison/St. Joseph, Inc. (the "Company"). The Company adopted a new plan agreement effective August 4, 2011.

Fidelity Management Trust Company ("Fidelity") serves as the trustee and recordkeeper for the Plan.

Eligibility – An individual is eligible to participate in the Plan on the first day of the month after completing 3 months of service.

Contributions – Participants may contribute up to 50% of their annual compensation on a pretax basis, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Additionally, participants may also contribute on an after-tax basis, subject to certain IRC limitations.

The Company matches participant contributions at an amount equal to 50% of each eligible contribution, not to exceed 6% of compensation in any period.

Participant Accounts – Each participant's account is credited with the participant's contributions, interest and dividends earned, and is charged with the participant's withdrawals and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants may direct their contributions into various mutual funds or a money market fund.

Vesting – Participants' contributions are fully vested at all times. The Company's matching contributions are 100% vested after three years of service. In the event of permanent disability, death, or termination of the Plan, the Company's contributions will become fully vested.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures are used to reduce future employer matching contributions. As of June 30, 2012, there is approximately \$5,100 available in forfeitures.

Payment of Benefits – Distributions from the Plan are made upon death, retirement or termination pursuant to the Plan's provisions and as permitted by law. A participant's vested account balance under \$5,000 will be subject to automatic distribution. Vested balances between \$1,000 and \$5,000 will be automatically rolled over to an IRA account in the participant's name, unless otherwise instructed by the participant. If the account balance is \$5,000 or greater, distributions can be in the form of a lump-sum payment, installments, or rollover to a personal IRA or another trustee.

In-Service Withdrawals – As described below, certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested. Upon making such a withdrawal, the participant is suspended from making deferrals for six months.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances.

Notes Receivables from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest rates are established by the Company based on the prevailing interest rates of local financial institutions. The maximum term for a loan is 5 years, except if the loan is to acquire the participant's principal residence, which has a maximum of 30 years. Loan repayments are made ratably through payroll deductions.

Administrative Expenses – The Company pays the majority of the expenses of the Plan.

Plan Transfers – Participant account balances are transferred between the Bradken 401(k) Plan and the Plan due to changes in classification of employees and eligibility to participate in the Plan.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants' accounts would become fully vested, and all remaining Plan assets would be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Contributions are recorded in the year in which the services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments are recorded upon distribution.

Date of Management's Review – Subsequent events have been evaluated through April 12, 2013, the date that these financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

New Accounting Pronouncements – In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. This guidance expands the qualitative and quantitative fair value disclosure requirements for Level 3 fair value measurements. The new guidance is effective for reporting periods beginning after December 15, 2011. The Company is currently evaluating the impact of this guidance on the Plan's financial statement disclosures.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2012 and 2011:

Mutual funds and money market fund – Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at June 30, 2012 and 2011:

		Fair Value Measurements Using:

4. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of June 30 are as follows:

	2012	2011
Fidelity Freedom Income Fund	\$ 873,628	\$ 924,827
Fidelity International Discovery Fund	605,828	668,678
Spartan 500 Index Fund	341,261	336,137
Fidelity Retirement Money Market Portfolio	462,940	355,792
Allianz NFJ Dividend Value Fund	*	427,112
Invesco Diversified Dividend	465,447	*
Fidelity Contrafund	1,451,880	1,319,643

* Investment did not exceed stated threshold on that particular date.

During fiscal 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$26,366.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that

changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of June 30, 2012 and 2011, and for the year ended June 30, 2012:

- Investments, at fair value
- Notes receivables from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a money market fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

BRADKEN-ATCHISON/ST. JOSEPH, INC. HOURLY EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2012 AND 2011

1. DESCRIPTION OF THE PLAN

The following description of the Bradken-Atchison/St. Joseph, Inc. Hourly Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for collective bargaining employees of Bradken-Atchison/St. Joseph, Inc. (the "Company"). The Company adopted a new plan agreement effective August 4, 2011.

Fidelity Management Trust Company ("Fidelity") serves as the trustee and recordkeeper for the Plan.

Eligibility – An individual is eligible to participate in the Plan on the first day of the month after completing 3 months of service.

Contributions – Participants may contribute up to 50% of their annual compensation on a pretax basis, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Additionally, participants may also contribute on an after-tax basis, subject to certain IRC limitations.

The Company matches participant contributions at an amount equal to 50% of each eligible contribution, not to exceed 6% of compensation in any period.

Participant Accounts – Each participant's account is credited with the participant's contributions, interest and dividends earned, and is charged with the participant's withdrawals and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants may direct their contributions into various mutual funds or a money market fund.

Vesting – Participants' contributions are fully vested at all times. The Company's matching contributions are 100% vested after three years of service. In the event of permanent disability, death, or termination of the Plan, the Company's contributions will become fully vested.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures are used to reduce future employer matching contributions. As of June 30, 2012, there is approximately \$5,100 available in forfeitures.

Payment of Benefits – Distributions from the Plan are made upon death, retirement or termination pursuant to the Plan's provisions and as permitted by law. A participant's vested account balance under \$5,000 will be subject to automatic distribution. Vested balances between \$1,000 and \$5,000 will be automatically rolled over to an IRA account in the participant's name, unless otherwise instructed by the participant. If the account balance is \$5,000 or greater, distributions can be in the form of a lump-sum payment, installments, or rollover to a personal IRA or another trustee.

In-Service Withdrawals – As described below, certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested. Upon making such a withdrawal, the participant is suspended from making deferrals for six months.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances.

Notes Receivables from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest rates are established by the Company based on the prevailing interest rates of local financial institutions. The maximum term for a loan is 5 years, except if the loan is to acquire the participant's principal residence, which has a maximum of 30 years. Loan repayments are made ratably through payroll deductions.

Administrative Expenses – The Company pays the majority of the expenses of the Plan.

Plan Transfers – Participant account balances are transferred between the Bradken 401(k) Plan and the Plan due to changes in classification of employees and eligibility to participate in the Plan.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants' accounts would become fully vested, and all remaining Plan assets would be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Contributions are recorded in the year in which the services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments are recorded upon distribution.

Date of Management's Review – Subsequent events have been evaluated through April 12, 2013, the date that these financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

New Accounting Pronouncements – In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. This guidance expands the qualitative and quantitative fair value disclosure requirements for Level 3 fair value measurements. The new guidance is effective for reporting periods beginning after December 15, 2011. The Company is currently evaluating the impact of this guidance on the Plan's financial statement disclosures.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2012 and 2011:

Mutual funds and money market fund – Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at June 30, 2012 and 2011:

	Fair Value	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
June 30, 2012:

4. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of June 30 are as follows:

	2012	2011
Fidelity Freedom Income Fund	\$ 873,628	\$ 924,827
Fidelity International Discovery Fund	605,828	668,678
Spartan 500 Index Fund	341,261	336,137

Invesco Diversified Dividend	465,447	*

* Investment did not exceed stated threshold on that particular date.

During fiscal 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$26,366.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that

changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of June 30, 2012 and 2011, and for the year ended June 30, 2012:

- Investments, at fair value
- Notes receivables from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a money market fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
