Participants and Plan Administrator
Hamot Health Foundation Tax Sheltered Annuity Thrift Saving Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Hamot Health Foundation Tax Sheltered Annuity Thrift Savings Plan (the "Plan") as of June 30, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended June 30, 2012. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Mass Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of June 30, 2012 and 2011 and for the year ended June 30, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As disclosed in Note 1 to the financial statements, in connection with the plan sponsor's affiliation with University of Pittsburgh Medical Center ("UPMC"), the Plan's net assets available for benefits were transferred to the UPMC Savings Plan, effective June 30, 2012.

Hamot Health Foundation Tax Sheltered Annuity Thrift Saving Plan

Notes to Financial Statements

June 30, 2012 and 2011

1. Description of the Plan

The following description of the Hamot Health Foundation Tax Sheltered Annuity Thrift Saving Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(a) of the Internal Revenue Code ("IRC") covering substantially all employees of Hamot Health Foundation (the "Company") that have contributed to a separate tax sheltered annuity plan under Section 403(b) of the IRC (the "403(b) Plan") and attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On February 1, 2011, the Company and the University of Pittsburgh Medical Center ("UPMC") completed an affiliation between the organizations. As a result of the affiliation, the Plan was amended to discontinue contributions of any kind and discontinue entrance of any new participants to the Plan effective December 31, 2011. In addition, the net assets of the Plan were transferred to the UPMC Savings Plan effective June 30, 2012.

The Plan's management evaluated subsequent events for recognition or disclosure through April 10, 2013, the date the financial statements were available to be issued.

Contributions

Prior to December 31, 2011, each year the Company could make an annual discretionary matching contribution on behalf of each participant that contributed to the 403(b) Plan during the year and was employed by the Company on the last day of the Plan year. The Company's annual discretionary matching contribution was dependent on the Company achieving certain income objectives and was based upon each participant's contribution to the 403(b) Plan, up to 4.0% of eligible wages, as defined. The Company's discretionary matching contribution was 12.5% of each participant's contributions to the 403(b) Plan through December 31, 2011. Participant contributions are not permitted under the Plan. Participants directed the investment of all Company contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account is credited with allocations of the Company's discretionary matching contribution, and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's discretionary matching contributions and earnings thereon is based on years of credited service. Participants become 100% vested after three years of credited service.

Notes to Financial Statements

June 30, 2012 and 2011

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum distribution equal to the value of the participant's vested account. Loans are not permitted under the Plan.

Forfeited Accounts

There are no forfeited nonvested accounts at June 30, 2012. Forfeited nonvested accounts totaled \$195,362 at June 30, 2011. These accounts will be used to reduce future Company discretionary matching contributions or to pay administrative expenses of the Plan. Company discretionary matching contributions were reduced by \$218,531 from forfeited nonvested accounts in 2012.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the contract value of the investment contract, as contract value approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes to Financial Statements

June 30, 2012 and 2011

Administration of Plan Assets

The Plan's assets are administered under a contract with Mass Mutual Life Insurance Company ("Mass Mutual" or the "custodian"). The custodian invests funds received from contributions, investment sales, interest, and dividend income. The plan administrator makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Company.

3. Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board codification "Fair Value Measurement," which provides the framework for measuring fair value. That framework provides a fair value hierarchy used to classify the inputs used in measuring fair value. That hierarchy prioritizes the inputs used in determining valuations into three levels. The levels of fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period from July 1, 2011 to June 30, 2012 and at June 30, 2011:

Money market and mutual funds are valued at the quoted net asset value of shares held by the Plan at year end.

Separately managed accounts consist of money market and mutual funds, and common stock. Money market and mutual funds are valued at the quoted net asset value of shares held by the Plan at year end. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The guaranteed annuity contract is valued based on unobservable inputs using valuation methodologies to determine fair value to include discounted cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

Notes to Financial Statements

June 30, 2012 and 2011

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no assets or liabilities measured at fair value as of June 30, 2012. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2011:

Assets at Fair Value as of June 30, 2011

4. Investments

The Plan held no investments at June 30, 2012. The following presents investments that represent 5% or more of the Plan's net assets available for benefits at June 30, 2011:

	<u>2011</u>
Mass Mutual Capital Preservation Fund	\$ 7,376,810
Northern Trust Select Indexed Equity Fund	1,979,040
Invesco Small Companies Fund	1,810,029
American Funds Capital Income Builder Fund	1,400,925
J.P. Morgan Mid Cap Value Fund	1,076,305

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 211,446
Common stock	<u>6,283</u>
Total	<u>\$ 217,729</u>

5. Investment Contract with Insurance Company

Prior to the plan transfer described in Note 1, the Plan offered the option to invest in a fully benefit-responsive guaranteed annuity contract with Mass Mutual. Mass Mutual maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

As described in Note 2, because the guaranteed annuity contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. Contract value, which approximated fair value, as reported to the Plan by Mass Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on an annual basis for resetting.

Hamot Health Foundation Tax Sheltered Annuity Thrift Saving Plan

Notes to Financial Statements

June 30, 2012 and 2011

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed annuity contract did not permit Mass Mutual to terminate the agreements prior to the scheduled maturity dates.

	<u>2011</u>
Average yields:	
Based on actual earnings	2.30 %
Based on interest rate credited to participants	2.30 %

6. Related Party Transactions

Prior to the plan transfer described in Note 1, certain plan investments were managed by the custodian, as defined by the Plan, and therefore, these transactions qualified as party-in-interest transactions. Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 30, 2002, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2012, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2012 and 2011. Accordingly, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of June 30, 2012 and 2011 and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended June 30, 2012.

9. Risks and Uncertainties

Prior to the plan transfer described in Note 1, the Plan invested in various investment securities. Investment securities are subject to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
