_____ 5500 SF report for 2010 Suburban Software Systems, Inc.
We received your letter of the 3rd of March 2013 today.

I am sending you a copy of our correspondence to you, from 10/1012, regarding the problem between our 401k program with Principal Financial Group and the transfer of our plan to One America (Tag Resources), and who was to file the 5500 report.

There were funds held at Principal for months into 2010 and they say a 5500 report was filed for Suburban that did not include a final report. There were funds on it that needed to be zeroed out but could not be till 2010. PFG and Suburban Software Systems did not know the plan would be a new one under One America.

One America was the type of 401K program that filed all the companies under their umbrella MEP. Suburban Software Systems, Inc. did not know about the confusion on the 5500 filing,

We contacted One America today regarding your letter and we received back from them a 5500 SF report which we are sending to you.

Carole, when I looked at the EFAST website there were just 0's on every items I could see but nothing to sign.

The letter from IRS says a written response is required. Do you have forms I need to mail with it? I am doing that today. Is the form you sent me the other day sufficient?

Denise-we went through this back in October when you got the first notice. We could only file what we had, and Principal did not release all of your funds at the end of 2009, and didn't file the 2009 5500 correctly. We spoke to Principal, and they finally corrected the 2009 filing, but refused to complete the 2010 for the remainder that did not transfer, so I agreed to do it for you, even though it was not our responsibility. Our responsibility is for the funds in our plan, which we handled appropriately.

We now have the information for the remaining 2010 filing, and I have sent a copy for your review. As the IRS notice states, they have given you a couple more weeks to determine how you want to file the correction. Let me know how you want to proceed, so we can finalize the filing.

Carole this was an email I sent to you on 10/10/2012. I do not understand why I am now hearing from the IRS regarding 2010 5500.

Denise-this could not be filed as part of ours, as it wasn't in our custody. I haven't checked to be sure that the amended 5500 was actually filed-did you have to sign it?

Principle did finally send me the info I needed to complete the final 5500, and I have attached a pdf for your review. The IRS considered this late, since they didn't get an extension form for 2010, or a completed 5500. We know that you weren't aware of the problem, so it is a question of if you want to explain what happened and attach it to this filing (Principal filed 2009 5500 incorrectly, they had to get the amended return filed and provide the necessary information to complete the 2010 5500), or if you would rather get this filed under the DFVC program and have it over and done with.

They do accept reasonable cause for late filings, but we never know if they will ahead of time. Some of our clients that have had similar problems with their prior providers have opted for the DFVC so that they don't have to deal with any other issues. You will have to make this decision, and sign the return, since the assets were not with us during this period.

If no one there has signed a 5500 on the efast2 site, you will need to go in and register as an authorized signer. I have provided the link-
<https://www.efast.dol.gov/welcome.html>. They do not accept paper filings anymore, and before this is filed, a decision needs to be made on filing with a reasonable cause letter, attached to the filing or under the DFVC program, so it can be indicated on the filing.

Just let me know which way you want to proceed, and we can get this completed ASAP. I am sorry to have been slow getting back to you regarding this. It has been crazy here the last couple months with all of our audits, testing and plan changes, but we can get this wrapped up before their deadline.

Best regards, Carole

Carole, Suburban Software Systems, Inc., has included a scan of the IRS letter we received today. What ever happened about the filing of the 5500 for Suburban Software Systems, Inc. for 2010? I was under the impression that Principal had forwarded their information to you for One America, Tag Resources to file under their joint filing. Please contact us immediately.

TO EFAST 5500 reporting

4/17/2013

Suburban Software Systems, Inc. to sending attachments to show the history of the 2009 filing by Principal Financial Group and TAG Resources and the filing of the reports. Principal initially filed the 2009 with EFAST with a credit balance on it. This amount of - \$23373.00 was the amount of guaranteed interest funds that could not be transferred to TAG Resources until the dates were due. This filing some time later was rejected because of the balance.

In December 2009 Suburban Software Systems, Inc. changed from the Principal Plan to the Tag Resources (One America etc.). Suburban did not realize at the time that Tag considered our 401k with Principal as closed. There was a time of confusion and rejection of responsibility for filings between the two companies. TAG finally at the end of 2012 did the work to file the end of 2009. It was not until March that we realized they did not file it.

We sent all the paper work and 5500 form they emailed to us to the IRS mid March 2013. We are just receiving a returning of the filing from them saying we needed to file electronically.

We will attach some of the correspondence between the parties.
