Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report of Independent Certified Public Accountants

To The Board of Trustees of
BCI Engineers & Scientists, Inc. Savings Plan

We were engaged to audit the financial statements of the **BCI Engineers & Scientists, Inc. Savings Plan** (the Plan) as of June 29, 2012 and December 31, 2011 and for the period ended June 29, 2012 and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the financial statements as of and for the year December 31, 2010. Their report dated August 25, 2011, disclaimed an opinion on the 2010 financial statements, as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the certified Plan assets and executes the related transactions. The plan administrator has obtained certifications from the custodian as of June 29, 2012 and December 31, 2011 and for the period ended June 29, 2012 and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to financial statements

1 Description of the Plan

The following description of the BCI Engineers & Scientists, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of BCI Engineers & Scientists (the Company, BCI or Plan Sponsor) who have two months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was acquired on February 1, 2011 by AMEC Environment and Infrastructure (AMEC). The employees of the Company became employees of AMEC effective June 30, 2011. As of January 1, 2012, all AMEC employees that were formerly employees of BCI became eligible to participate in the AMEC 401(k) Plan. The Plan was amended as of December 31, 2011 to freeze the Plan from all new contributions and participant loans until the official termination of the Plan. The Plan was effectively terminated on June 29, 2012, and merged into the AMEC 401(k) Plan.

Contributions and Investment Options

Each year, participants may contribute up to the amount allowable under the Internal Revenue Code (IRC) for contributions to tax deferred accounts, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts (IRA). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investment options for participants including a money market fund, pooled separate accounts, and guaranteed investment contracts.

The Plan qualifies as a Safe Harbor 401(k) Plan under which the Company contributes 100% of the first 4% of compensation contributed to the Plan for each eligible participant. The Safe Harbor matching contributions are invested at the discretion of the participants according to the investment options offered above. Additional employer profit sharing amounts may be contributed at the option of the Company's board of directors. To be eligible for the employer profit sharing contribution, employees must be employed with the Company on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. There were no profit sharing contributions made for the period ended June 29, 2012 or for the year ended December 31, 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and investment earnings, and charged with benefit payments and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, as well as the Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's profit sharing contributions after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates for similar loans. A maximum loan period is 60 months and a participant can have a maximum of no more than 2 loans at one time. Effective May 1, 2011, the plan was amended to allow a maximum of one outstanding loan at a time. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

Upon termination of service, retirement, the attainment of age 59 ½, or death, a participant may receive a lump sum amount equal to the value of the vested portion of their account. If a terminated participant with a vested account balance of \$5,000 or less does not make an affirmative distribution election, the balance will be automatically rolled over to an IRA at the direction of the Plan Sponsor. Additionally, if the amount of the terminated participant's vested account balance is \$1,000 or less and the participant does not make an affirmative distribution election, the participant will receive a lump sum distribution. Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan, and are subject to taxes in the year received. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeitures

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated participants. Forfeitures are used to first pay ordinary and necessary plan administration expenses, and then to reduce future employer contributions. As of June 29, 2012, December 31, 2011 and 2010, there were no outstanding forfeited non-vested accounts. Furthermore, there were no forfeitures used during the period ended June 29, 2012 or the year ended December 31, 2011.

2 Summary of Significant Accounting Policies**Adoption of the FASB Accounting Standards**

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2010-06 – *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 requires disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements, in the reconciliation of Level 3 fair value recurring measurements. The new disclosures are required for periods beginning after December 15, 2010. These requirements did not have a significant impact on the Plan's current fair value disclosures.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

As codified within Accounting Standards Codification ("ASC") Topic 962 *Plan Accounting - Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment in the guaranteed investment contract as well as the adjustment of the investment in the guaranteed investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

All direct expenses incurred in the administration of the Plan are charged to and paid by the Plan. Certain other administrative fees, such as legal and accounting fees, are paid by the Company.

3 Fair Value Measurements

The FASB *Accounting Standards Codification* (ASC) No. 820 – *Fair Value Measurements and Disclosures* establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires disclosures about fair value measurement. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 29, 2012, December 31, 2011 and 2010.

Money market fund: valued at cost, which approximates fair value.

Pooled Separate Accounts: based on net asset value per unit, as determined by the custodian, using market quotations, amortized costs of the underlying assets, or prices obtained from independent pricing sources.

Guaranteed investment contracts: valued at the net asset value (NAV) of the shares held by the Plan at year end, which is provided by the trustee and is determined based on the fair value of the underlying investments, which are based on the current market prices or quotations readily available on the day of valuation.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2011 and 2010. There were no investments in the Plan as of June 29, 2012.

December 31, 2011	Level 1	Level 2	Level 3	Total

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

During 2011 and 2012, the Plan re-evaluated its classification of the pooled separate accounts and guaranteed investment contract within the fair value hierarchy. Although there have been no changes to the pooled separate accounts and guaranteed investment contract or the methodology used to determine their fair values, based on a review of the applicable criteria, the Plan determined the pooled separate accounts are more appropriately classified under Level 2 measurements and the guaranteed investment contract is more appropriately classified under a Level 3 measurement. Investments are re-evaluated annually and transfers are recognized when conditions indicate a transfer is necessary. The fair value measurement disclosures for 2010 included above have been adjusted to conform to the 2011 and 2012 presentations.

4 Investments

The following investments represent 5% or more of the Plan's net assets as of December 31, 2011 and 2010. There were no investments in the Plan as of June 29, 2012.

December 31,	2011	2010
John Hancock LS - Balance	\$ 1,005,283	\$ 895,908
John Hancock LS - Growth	1,302,342	1,191,626
John Hancock VS Nat Res	*	219,679
John Hancock LS Aggressive	344,360	366,463
John Hancock MONEY	379,862	*

*Less than 5% of Plan net assets

The Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$272,214 for the period ended June 29, 2012 and depreciated in value by \$266,493 for the year ended December 31, 2011.

5 Information Certified by Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010. There were no assets in the Plan at June 29, 2012.
- Total investment earnings as shown in the Statements of Changes in Net Assets Available for Benefits for the period ended June 29, 2012 and for the year ended December 31, 2011.
- Investments in the schedule of assets (held at end of year) as of December 31, 2011. There were no assets in the Plan at June 29, 2012.

6 Related-party Transactions

Plan investments include pooled separate accounts and a guaranteed interest account managed by the Plan's custodian. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions as defined by ERISA. Additionally, notes receivable from participants qualify as party-in-interest transactions.

7 Tax Status

On March 31, 2008, the Internal Revenue Service (IRS) stated that the agreement adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan, as amended, is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June, 29, 2012, and December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RE: BCI Engineers & Scientists Inc. Savings Plan, Case #13-1117D

Dear Sir or Madame:

Pursuant to 29 CFR 2520.104-50, we should have attached the following explanation: because we have elected to defer attaching the IQPA's opinion for the first of two (2) consecutive plan years because this plan had a short plan year of seven (7) months or fewer, having transferred the assets to the AMEC 401(k) plan (EIN 58-1704913, plan number 002) on June 29, 2012.

I have amended the return to reflect the final, short plan year filing and attaching this correspondence.
Cordially yours,

Cordially yours,
