INDEPENDENT AUDITORS' REPORT

To the Trustees of the
LBC Holdings, Inc.
401(k) Profit Sharing Plan
362 E. Grand Avenue
South San Francisco, CA 94080

We were engaged to audit the accompanying statements of net assets available for benefits (modified cash basis) of LBC Holdings, Inc. 401(k) Profit Sharing Plan as of December 31, 2011 and 2010, and related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2011 and supplemental schedule of Delinquent Participant Contributions and Assets Held (At End of Year). These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Reliance Trust Company, the trustee and custodian of Plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee and custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Reliance Trust Company as of December 31, 2011 and 2010 and for the years ended December 31, 2011, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

As described in Note B, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements bur are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with modified cash basis of accounting principles and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note A - Description of Plan

The following description of the LBC Holdings, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established in 1998 by LBC Holdings, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document as those who have completed twelve months of service and are at least 21 years old. The Plan is subject to the provisions of ERISA.

Administration. Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Hicks Pension Services to act as the third-party administrator. Substantially all expenses of maintaining the Plan are paid by the Company.

Contributions. Participants may elect to have the Company contribute up 100% of eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified dined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as investment options for participants.

Annually the Company is allowed to make discretionary matching contributions equal to 25 percent of the aggregate salary contributions of each employee. The Plan also allows for a discretionary profit sharing contribution. In 2011 and 2010, the Company has not made a discretionary profit sharing contribution. A participant must be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contribution.

Participant Accounts. Each participant's account is credited with the participant's contributions, rollovers, and allocations of (i) Plan earnings or loss, and charged with an allocation of administrative expenses and (ii) the Company's contributions, if any. Allocations are based on participants' compensation or account balances, as defined in the Plan. Allocation of the Company's

discretionary matching contribution is based on participant contributions. Allocation of the Company's discretionary profit sharing contribution is based on employee eligible compensation, as defined in the Plan.

Vesting. Participants are immediately vested in their salary deferral, rollover contributions and related earnings. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service, receiving 25 percent annually after one year of service.

Notes Receivable From Participants. Participants may borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. The loans are secured by the balance in the participants account and bear interest at rates that range from 4.25 percent to 9 percent, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service, the participants or beneficiaries may elect to leave their account balance in the Plan, receive the benefits in a lump sum amount equal to the value of the participant's vested interest in their account or in the form of a life annuity. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed $5,000.

Forfeitures. As of December 31, 2011 and 2010 the balance of the forfeited non-vested account totaled $603 and $453, respectively. These accounts will be used to deduct future employer contributions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis method of accounting. Additionally, mutual fund investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents. The Plan considers cash to be all cash and cash equivalents with a maturity of ninety days or less.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note H for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a payroll-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits. Benefits are recorded when paid.

Operating Expenses. Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the plan are paid by the company.

Subsequent Events. The plan has evaluated subsequent events through July 25, 2012, the date the financial statements were available to be issued.

Note C - Related Party Transactions

Certain Plan investments are managed by Hartford Retirement Services, LLC. Hartford Retirement Services, LLC is the custodian as defined by the plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net change in fair value of investments.

Note D – Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under EIRSA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness an accuracy of all investments reflected on the accompanying statements of assets net assets available for benefit as of December 31, 2011 and 2010 and the related investment activity reflected in the statements of changes in assets available for benefits for the year ended December 31, 2011.

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
MFS Cash Reserve	$ 282,499	$ 251,691
MFS Bond	320,623	276,987
MFS Total Return Fund	183,008	161,461
American Funds Growth Fund	206,140	216,015
Mutual Discovery	119,155	90,706

During the year ended December 31, 2011 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(42,351) as follows:

Mutual funds		
Bonds	$	1,591
Asset allocation		(2,321)
Balanced		(1,078)
U.S. stocks		(23,842)
Global		(16,701)
Total depreciated value	$	(42,351)

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and resolution of its Board of Directors. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note F - Tax Status

The Company adopted a Prototype Non Standardized Profit Sharing Plan with a cash or deferral arrangement. The Internal Revenue Service has issued an opinion letter for the prototype plan dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the plan administrator believes that the plan currently is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualifies for tax-exempt.

Accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan as taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for periods prior to 2009.

Note G - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at the least reasonably possible that changes in market values, interest rates or other factors will occur in the near term and that such changes could materially affect participants' account

balances and amounts reported in the statement of net assets available for benefits.

Note H - Fair Value Measurements

FASB ASC 820, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and

consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011
