Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the accrual basis of accounting.

New Accounting Pronouncement - In May 2011, the Financial Account Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS,* which clarifies and, in some cases, amends the existing guidance for measuring fair value and provides for certain additional disclosures regarding fair value measurements. The guidance is effective for annual reporting periods beginning on or after December 15, 2011. The adoption of this guidance did not have an impact on the Plan's financial statements.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Contributions - Participants' contributions are recorded when withheld from salary. Employer contributions recognized as receivable at year end have been approved by the Board of Directors.

Payment of Benefits – Benefits are recorded when paid.

Employer Paid Expenses - Certain management, administrative and legal services are provided to Precision Steel Warehouse, Inc. Employees' Profit Sharing Trust (the Plan) by Precision Steel Warehouse, Inc., Precision Brand Products, Inc. and Precision Steel Warehouse, Inc. - Charlotte Service Center (collectively referred to herein as the Companies) without charge.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through May 16, 2013, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

Precision Steel Warehouse, Inc. Employees' Profit Sharing Trust was created by three related companies, Precision Steel Warehouse, Inc., Precision Brand Products, Inc. and Precision Steel Warehouse, Inc. - Charlotte Service Center. The Plan is a defined contribution plan covering all nonunion employees who have at least one year of service and are age 21 or older. The Plan qualifies as a 401(k) profit sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employer contributions to the Plan represent the Companies' aggregate contribution. Participants may elect to voluntarily defer their pretax annual base compensation in any amount up to the maximum percentage and dollar amount permissible by law. The minimum contribution by each related company is four percent of the base compensation earned by the participants for the Plan year plus an additional contribution equal to twenty-five percent of the first two percent of each participant's voluntary pay deferral amount, subject to each participating Company's profitability. An additional amount may be contributed at the discretion of the Companies as determined by the combined Board of Directors.

Participants are immediately vested in their voluntary compensation deferrals plus actual earnings thereon. Participants become twenty percent vested in the Companies' contributions plus actual earnings thereon after two years of service with an additional twenty percent for each year thereafter, achieving one hundred percent vesting after six years of service. Participants' accounts become fully vested upon retirement, permanent disability or death.

Contributions to the Plan are invested as directed by the participant in various investment funds. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment funds selected by participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contributions, and (b) forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' eligible compensation, as defined. Participants' accounts are also credited with investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon termination of service, participants are entitled to receive a lump-sum amount equal to the vested value of their account.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

Although they have no present intention to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE 4. TAX STATUS

The Internal Revenue Service has issued a determination letter dated April 27, 2011, indicating that the Plan, as designed, is a qualified plan under Internal Revenue Code Section 401(a). Management believes that the Plan, as designed, is being operated in accordance with applicable regulations and, therefore, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

The Plan files Form 5500, *Annual Return/Report of Employee Benefit Plan,* which is subject to examination by the Internal Revenue Service until the applicable statute of limitations expires.

NOTE 5. INVESTMENTS

NOTE 6. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012 and 2011. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. As of December 31, 2012 and 2011, there were no investment assets classified within Level 3.

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in the mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

The money market fund represents shares in a mutual fund.

Level 2 Measurements

Units held in the common collective trust are valued at the unit value as reported by the investment manager as of December 31, 2012 and 2011. The common collective trust consists primarily of corporate bonds, mortgage-backed securities, and U.S. Treasury securities. The fair value of the investment in this category has been estimated using the net asset value per share of the investment. Redemptions are available on a daily basis without notice.

NOTE 7. EXEMPT PARTY-IN-INTEREST

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (VFTC). VFTC acts as trustee for those investments. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are subject to various risks, including credit, interest rate, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
