Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF PLAN

The following description of Kath Fuel Oil Service Co. (the Sponsor or Employer) and the Kath Fuel Oil Service Co. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a "salary reduction plan", typically referred to as a "401(k) plan". Under the Plan, participants may choose to reduce their compensation and have these amounts contributed to the Plan on their behalf.

Plan Year:

The Plan's current fiscal year runs from January 1, 2012 to December 31, 2012.

Eligibility:

All full-time employees are eligible to participate in the Plan upon attaining the age of 21 and meeting minimum service requirements. Part-time employees are excluded.

Contributions:

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan document, subject to the maximum limits as established annually by the Internal Revenue Service. Employee contributions are pre-tax. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer contributes 30% of the first 6% of base compensation that a participant contributes to the Plan.

Funding:

Employee contributions are withheld from the Sponsor's payroll. Participant withholdings and matching employer contributions are funded by the Sponsor following each payroll period.

401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN (continued)

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans:

The Plan does not allow participant loans.

Benefit Payments:

On termination of services due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance, or in other installments as defined by the Plan. For termination of services for other reasons, a participant may receive the value of their vested account balance in a lump-sum distribution.

Forfeited Accounts:

At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$478 and \$843, respectively. These accounts will be reallocated to participants in the same manner as employer contributions.

Administrative Expenses:

The Plan pays the majority of expenses associated with the administration of the Plan and are included in the Statement of Changes in Net Assets Available for Benefits. Administration expenses consist of withdrawal, audit, and investment management fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation:

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's investment contracts are stated at fair value.

Payment of Benefits:

Benefits are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent Events:

In preparing these financial statements, the Sponsor has evaluated events and transactions for potential recognition or disclosure through May 15, 2013, the date the financial statements were available to be issued.

NOTE 3. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated November 27, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract. Contributions are made on behalf of Plan participants and include salary deferrals, employer contributions, and employee contributions. The accumulated contributions are then invested in the investment options selected by the participants. Minnesota Life Insurance Company maintains the Plan's assets as follows:

Guaranteed Investment Contract: The Plan has a fully benefit-responsive investment contract with Minnesota Life Insurance Company as of December 31, 2012 and 2011, respectively. Minnesota Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the Statements of Net Assets Available for Benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Minnesota Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Due to the nature of the fully benefit-responsive investment contract held by the Plan, fair value approximates contract value, therefore, there is no adjustment required.

The fair value of the investment contracts at December 31, 2012 and 2011 was approximately \$517,000 and \$442,000, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but may not be less than 1.5% at December 31, 2012 and 2011.

The average yields as of December 31, 2012 and 2011 were as follows:

	<u>2012</u>	<u>2011</u>
Based on actual earnings	2.14%	2.58%
Based on rate credited to participants	2.15%	2.64%

NOTE 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Pooled separate accounts: these accounts hold assets allocated to each separate account. The value of each separate account is determined at the close of each business day based on fair value. These accounts are separate accounts (not part of Minnesota Life Insurance Company's general account (i.e. segregated)); Income, gains, or losses from the assets in each account are credited to or charged against that account without regard to other income, gains or losses of Minnesota Life Insurance Company or any other separate account.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Minnesota Life Insurance Company. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5. FAIR VALUE MEASUREMENT

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**KATH FUEL OIL SERVICE CO.
401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS**

NOTE 5. FAIR VALUE MEASUREMENT (continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The following table sets forth the Plan's assets at fair value as of December 31, 2012 and 2011. All assets fall within level 2 of the fair value hierarchy at December 31, 2012 and 2011.

	Significant Other Observable Inputs (Level 2)	
	2012	2011
<i>Pooled separate accounts</i>		
Fixed income	\$ 97,117	\$ 110,991

<i>Guaranteed investment contract</i>	517,153	441,524
	<u>\$ 2,764,141</u>	<u>\$ 2,423,035</u>

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.
