As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING National Trust, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the Trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the Trustee as of and for the year ended December 31, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the 2011 accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Cetera Financial Group, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

The Plan is a defined contribution plan established by Cetera Financial Group, Inc. (the "Employer") under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers substantially all employees of Cetera Financial Group, Inc. The Plan is administered by ING Life Insurance and Annuity Company (the "record keeper"), who performs the function of the third-party administrator, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). ING National Trust (the "Trustee") is responsible for the custody and management of the Plan's assets.

Eligibility

An employee is eligible for participation in the Plan upon employment. The eligible employee is automatically enrolled to enter the Plan as a participant.

Participant Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional catch-up contribution. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Employer Contributions

The Employer may make discretionary matching contributions or non-elective contributions, as determined by the Employer's Board of Directors. In 2011, the Employer made a Safe Harbor contribution equivalent to one hundred percent (100%) of the total participant contribution, up to six percent (6%) of the participant's eligible salary, subject to certain limitations under the IRC. All employer contributions are invested in the same manner that the participant directs his or her contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, Employer matching and non-elective contributions, and allocations of the Plan's earnings and administrative expenses. Plan earnings and expenses are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options
Participants must direct their salary deferral contributions and Employer contributions, as desired, in any of several investment options as made available and determined by the Plan administrator. Participants may change their investment options 20 times in each calendar year via the internet website or using the automated telephone system offered by the Trustee.

Vesting
Employee contributions, employer contributions, rollovers, and actual earnings on all such contributions are fully vested at all times. Vesting of Employer profit sharing contributions and actual earnings thereon are based upon the participant's years of service with the Employer as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Notes from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum of fifty percent (50%) of their vested account balance, not to exceed $50,000. The loans are secured by the balance in the participant's account, and the current loans bear interest ranging between four and one-quarter percent (4.25%) to nine and one-quarter percent (9.25%). Loan terms are up to five (5) years or longer for the purchase of a primary residence of the participant. Principal and interest are paid ratably through the bi-monthly payroll deductions. Loans are due and payable upon a participant's termination of employment with the Employer.

Benefit Payments
Upon termination of employment with the Employer, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. In the event of death or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

Administrative Expenses
The Employer pays the majority of administrative expenses of the Plan.

Forfeitures
Participant's accounts are forfeited if the employer contribution portion has not been fully vested at the time of withdrawal. These amounts may be utilized to reduce employer contributions and or pay administrative expenses. As of December 31, 2011 and 2010, there were no forfeitures related to non-vested accounts.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual method of accounting and include only the assets, liabilities, and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Contributions by the participants are recognized in the period the participants' wages are earned; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participants, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded at the time the distribution is made to the Plan's Trustee. Plan expenses are recorded when incurred.

Use of Estimates
The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, the reported amounts of revenue and expenses during the reporting period, and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recently Issued Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provision of ASU 2011-04 will have on the Plan's financial statements.

NOTE 3 – INVESTMENTS CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, for the year ended December 31, 2011, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in the Plan that was certified by the Trustee:

* Denotes single assets representing more than five percent (5%) of the Plan's net assets available for benefits as of December 31, 2011 and 2010.

The Trustee also certified the completeness and accuracy of $724,399 of net depreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) and $301,462 of interest and dividend income related to the aforementioned Plan assets for the year ended December 31, 2011. This net depreciation in investments is attributed entirely to the Plan's mutual funds.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic No. 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds:	Valued at the net asset value ("NAV") of shares held by the Plan at year end.
Money market funds:	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

NOTE 5 – TAX STATUS

Effective March 31, 2008, the Plan adopted a standardized form of a prototype plan sponsored by ING Life Insurance and Annuity Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2010. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ING Life Insurance and Annuity Company (the "record keeper"). The record keeper of the Plan is considered a party-in-interest. Notes from participants and the related interest income are held by the Trustee, ING National Trust, and are considered related-party transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds which participants can invest in a combination of equity, fixed income securities, and other investments. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 9 – PLAN TERMINATION

Although the Board of Trustees has not expressed such intent, the Employer, by action of its Board of Trustees, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become one hundred percent (100%) vested. Thus, net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.
