Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 which was certified by MG Trust Company and CMFG Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule of Assets (Held at End of Year)) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with ERISA.

Capital Accumulation Plan

Notes to Financial Statements

Note 1 **Description of the Plan**

The following description of World Council of Credit Unions, Inc. Capital Accumulation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective January 1, 2012, Plan assets amounting to $8,962,387 were merged into the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan (MEP). However, the Plan Administrator has determined that the Department of Labor will not consider the MEP to be a single plan for reporting and filing purposes. As a result, the Capital Accumulation Plan continues to operate as a stand-alone plan with its own reporting and filing requirements.

General

The Plan is a defined contribution plan covering employees of World Council of Credit Unions, Inc. (the "Employer") who are not leased employees, resident alien employees receiving only living-allowance reimbursements or nonresident employees. Full-time employees are eligible to participate in the salary deferral provisions upon hire and in Employer contribution provisions after one year of service. Other employees are eligible to participate in both salary deferral and Employer profit sharing provisions after one year of service. For both groups, a year of service is defined as 1,000 hours of service in the first 12 months after employment or in any plan year thereafter. The Plan is subject to the provisions of the ERISA.

Contributions

The Plan is funded by employee pretax salary deferrals, employee rollover contributions, and Employer contributions. As a condition of employment, eligible participants are required to make salary deferral contributions equal to three percent of compensation for union employees and five percent of compensation for nonunion employees. These contributions (qualified non-elective contributions, or 'QNECs') are classified as Employer contributions for Plan reporting purposes. Participants can also elect to defer additional amounts up to the maximum allowable under the Internal Revenue Code. The Employer contributes eight percent of compensation for each participant, except that prior January 1, 2012, the Employer contributed five percent of compensation for participants hired before July 1, 2009. Contributions are subject to certain limitations.

Note 1 **Description of the Plan** (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions, and (b) plan earnings/losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting/Forfeitures

Participants are immediately vested in their contributions, rollover contributions and QNECs plus allocated earnings. Vesting in the Employer's contributions plus allocated earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than two years	0%
Two years	25%
Three years	50%
Four years	75%
Five years or more	100%

Participants become fully vested in the event of retirement, death, or disability.

Plan forfeitures arise as a result of participants who terminate service with the Employer before becoming 100 percent vested in the Employer's matching contributions. All forfeitures of nonvested balances are used to offset future Employer contributions. There were no unallocated forfeitures at December 31, 2012 and 2011. During 2012, forfeitures by participants amounted to $9,828 and were used to reduce Employer contributions.

Note 1 **Description of the Plan** (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms generally may not exceed five years unless made for the purchase of a primary residence. The loans bear interest at a rate commensurate with the local prevailing rates, ranging from 4.25 percent to 6.25 percent. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

In the event of retirement, death, disability, or termination of service, the vested balance of the participant's account is paid to the participant, either in a lump-sum or installment payments, or it may be rolled over to another qualified retirement plan, as directed by the participant. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the unallocated contracts, and no adjustment of the fully benefit-responsive portion of the unallocated contracts from fair value to contract value because fair value approximates contract value for investments held by the Plan. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract-value basis.

Note 2 **Summary of Significant Accounting Policies** (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2 **Summary of Significant Accounting Policies** (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to benefit payments and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 21, 2013, the date the financial statements were available to be issued.

Note 3 **Investments**

Investments that represent 5% or more of the Plan's net assets at December 31, are as follows:

	2012	2011
CUNA Mutual Stable Value Fund *	$ 930,832	$ 529,684
Vanguard Total Bond Market Index Fund	894,323	804,572
Vanguard Institutional Index Fund	1,007,595	1,083,176
Vanguard Extended Market Index Fund	946,923	768,971
Vanguard FTSE All-World Ex US Index Fund	636,959	648,524
CUNA Mutual Lifestyle Conservative Fund	1,841,668	1,531,893
CUNA Mutual Lifestyle Moderate Fund	1,090,520	1,366,242
CUNA Mutual Lifestyle Aggressive Fund	545,011	595,772
CUNA Mutual 3 year GIC	**	452,960

*At contract value.

** Represents less than 5% of the Plan's net assets

Note 3 **Investments** (Continued)

During 2012, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value as follows:

Common/collective trust funds	$ 389,423
Mutual funds	460,547
Total	$ 849,970

Note 4 **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 **Fair Value Measurements** (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common/collective trust funds: Investments in common/collective trust funds are valued at net asset value, equal to the purchase or redemption price of the shares of participation as determined by the trust sponsor.

Unallocated contracts and investment contracts with insurance company: Investment contracts (Stable Value Fund and Guaranteed Investment Contracts) are valued at fair value by the insurance company by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note 5). Because the participants transact at fair value, fair value is determined annually for financial statement reporting purposes only.

Mutual funds: Investments in registered investment companies are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the shares held at year-end

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 **Fair Value Measurements** (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

Note 4 **Fair Value Measurements** (Continued)

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or its equivalent) as of December 31:

Investment type	Fair value 2012	Fair value 2011	Unfunded commitments	Redemption frequency	Redemption notice period
Common/Collective Trust Funds:					
Fixed Income (a)	$ 221,338	$ 211,962	$ -	Daily	N/A
Asset Allocation (b)	3,477,199	3,493,907		Daily	N/A
Blend (c)	157,294	136,895		Daily	N/A

(a) These investments are comprised of bonds and money market accounts. The funds are stable investments which earn a lower market interest percentage and are risk-averse funds.

(b) These investments can be selected by participants at their risk preference. The investments include conservative, moderate, and aggressive allocation of funds. Each fund is made up of equity and bond funds. The conservative fund contains a higher percentage of bond funds where the aggressive contains more equity funds. The moderate account is made up of an equal blend of both.

(c) The investment seeks long-term capital appreciation and dividend income. This investment is primarily made up of diversified stock mutual funds comprised of large-, mid-, and small-capitalization stocks of domestic companies.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

	Stable Value Fund	Guaranteed Interest Accounts	Total
Balance, beginning of year	$ 529,684	$ 452,960	$ 982,644
Interest	17,570	-	17,570
Purchases	533,364	27,592	560,956
Sales	(149,786)	(341,805)	(491,591)
Total assets at fair value	$ 930,832	$ 138,747	$ 1,069,579

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Stable Value Fund	$930,832	Discounted Cash Flow	Discount rate	1.5 – 3%	2.36%
Guaranteed Interest Accounts	$138,747	Discounted Cash Flow	Discount rate	2.5 - 3%	2.44%

Note 5 **Investment Contracts with CUNA Mutual Group**

The Plan maintains a fully benefit-responsive investment contracts with CUNA Mutual Group (CUNA) in the Stable Value Fund and Guaranteed Interest Accounts. CUNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate to the Plan.

Because the investment contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. The investment contracts are presented on the face of the statement of net assets as available for benefits at fair value. No adjustment to contact value arriving at net assets available for benefits is presented because fair value approximates contract value.

Contract value, as represented to the Plan by CUNA, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2012 and 2011, was $1,069,579 and $982,644, respectively. Prospective interest crediting rate adjustments are provided to participants in the plan on a designated pool of investments held by the plan or the contract issuer, whereby a financially responsible third party, through a contract generally referred to as a wrapper, must provide assurance that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero. If an event has occurred such that realization of full contract value for a particular investment contract is no longer probable significant decline in creditworthiness of the contract issuer or wrapper provider, the investment contracts shall no longer be considered fully benefit-responsive.

Note 5 **Investment Contracts with CUNA Mutual Group (Continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 **Information Certified By Plan Custodians**

The December 31, 2012 and 2011, statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2012, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments of $9,474,878 and $8,893,649 at December 31, 2012 and 2011, respectively, and related investment income of $991,183 for the year ended December 31, 2012.

Note 7 **Related-Party Transactions and Party In Interest Transactions**

Fees paid during the year for administrative services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain fees relating to the maintenance of the Plan were paid by the Employer. Certain plan investments including the common/collective trust funds and unallocated contracts were sponsored by an affiliate of CFMG Life Insurance Company, a custodian. These transactions qualified as party-in-interest.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 9 **Income Tax Status**

The Plan obtained its latest determination letter on August 4, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan's sponsor believes any amendments and events since the effective date of the last Internal Revenue Service determination letter do not affect the qualified status of the Plan.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely or not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10 Risks, Uncertainties, and Concentration of Credit Risk

The Plan's investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
