K-TEK CORPORATION 401K PLAN
NOTES TO FINANCIAL STATEMENTS

For the Period Ended October 31, 2011 and the Year Ended December 31, 2010

1) Description of plan

The following description of the K-TEK Corporation 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of K-TEK Corporation (Company) who are eighteen years of age and have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may make elective contributions to the Plan by deferring a minimum of 1% of their eligible compensation each pay period up to a maximum of 80%, subject to Internal Revenue Code regulations. In addition, a participant who has attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with limitations under the Internal Revenue Code. The total of deferral and company match cannot exceed the statutory maximum.

The Plan allows discretionary employer matching contributions for all employees eligible to participate in the Plan, except certain highly compensated employees. The matching contributions shall equal a discretionary percentage, determined by the Employer, of the participant's elective deferrals. Matching contributions, if any, shall be determined as of the end of the Plan Year. No discretionary matching contributions were made in 2011 or 2010.

The Plan also permits nonelective contributions into the Plan at the discretion of the Plan Sponsor. No nonelective contributions were made in 2011 or 2010.

(c) Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service, as defined in the Plan documents. A participant becomes 20 percent vested after two years of service, 40 percent after three years of service, 60 percent after four years of service, 80 percent after five years of service, and 100 percent after six years of credited service.

(e) Payment of benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Balances under \$1,000 may be paid out at the discretion of the Company, as defined in the Plan documents.

K-TEK CORPORATION 401K PLAN
NOTES TO FINANCIAL STATEMENTS

For the Period Ended October 31, 2011 and the Year Ended December 31, 2010

1) Description of plan (continued)

(f) Notes Receivable - participant loans

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance incurred by the participant during the previous twelve-month period. The loans are secured by the balance in the participant's account and bear interest at a rate of 2% over the Wall Street Journal prime rate on the 14th day of each month. Participants can have only one loan outstanding at a time, and a loan may not be made to a terminated participant. Loans are repaid through payroll deductions over a term not exceeding five years, except for the purchase of a principal residence, which can be repaid over a period up to 30 years.

(g) Forfeitures

When termination of participation in the Plan occurs, the non-vested portion of the participant's account, as defined by the Plan, represents forfeitures. If a participant terminates employment, but does not take a distribution from the Plan, the non-vested portion of the participant's account will be forfeited as of the date the participant reaches a 5-year period of severance or break-in-service. If the participant who takes a distribution fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Forfeitures are used to reduce employer contributions or to pay Plan expenses if the Plan sponsor elects not to pay such expenses directly. There were no forfeited amounts in 2011 and 2010.

2) Summary of accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefit payments are recorded when paid.

(d) Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Plan expenses

The Plan sponsor absorbs significant administrative costs of the Plan. Except for loan origination fees and distributions fees associated with notes receivables from participants and benefit payments, all administrative expenses of the Plan are paid by the Company.

K-TEK CORPORATION 401K PLAN
NOTES TO FINANCIAL STATEMENTS

For the Period Ended October 31, 2011 and the Year Ended December 31, 2010

2) Summary of accounting policies (continued)

(f) Notes receivable – participant loans

Notes receivable from participant are measured at the unpaid balance plus unpaid accrued interest. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2011 and 2010, no deemed distributions were recorded.

3) Information prepared and certified by trustees - unaudited

The following is a summary of the investment information regarding the Plan as of October 31, 2011 and December 31, 2010, and for the period and year then ended, included in the Plan's financial statements and supplementary schedule, that was prepared by or derived from information prepared by Reliance Trust Company as of October 31, 2011 and December 31, 2010, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

4) Federal income tax status

The Plan has adopted a prototype plan document sponsored by ADP, Inc. ADP, Inc. received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan itself has not separately applied for tax-exempt status; however, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

5) Excess contributions

For the Plan period ending October 31, 2011 and year ending December 31, 2010, the Plan failed the nondiscrimination test. Consequently, contributions, including earnings, in the amount of \$1,219 and \$24,340, respectively, have been deferred for reimbursement in the subsequent years.

	<u>2011</u>	<u>2010</u>
Mutual Funds	<u>\$ (58,200)</u>	<u>\$ 237,609</u>

7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants are 100% vested in their accounts balances. The Plan merger described in Note 12 does not constitute a plan termination as defined under ERISA.

8) Fair value measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

8) Fair value measurement (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2011 and December 31, 2010.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2011:

	Assets at Fair Value as of October 31, 2011			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

9) Risk uncertainties

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10) Reconciliation of plan financial statements to the Form 5500

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. Contributions in the statement of changes in net assets available for benefits differ from contributions in the Form 5500 by the change in the amount of contributions accrued at December 31.

The following is a reconciliation of net assets per the Form 5500 to the financial statements as of October 31, 2011 and December 31, 2010:

	2010
Net assets, reflected on Form 5500	\$ 2,464,288
Add: Participant contributions receivable	<u>10,030</u>
Net assets, reflected in the financial statements	<u>\$ 2,474,318</u>

11) Plan merger

On October 31, 2011, K-TEK Corporation 401K Plan merged with Personal Retirement Investment and Savings Management Plan for Employees of ABB Inc. All of the assets of K-TEK Corporation 401K Plan totaling \$2,351,852 were transferred to Fidelity Management Trust Company. Participants will not become 100% vested in their account balances upon transfer.

12) Subsequent events

The Plan has evaluated subsequent events through April 9, 2013, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
