Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Abington Bank 401(k) Plan, which comprise the statement of net assets in liquidation available for benefits as of November 30, 2012 and December 31, 2011 and the related statement of changes in net assets in liquidation available for benefits for the period ended November 30, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of November 30, 2012 and December 31, 2011 and for the period ended November 30, 2012 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of a Matter

As further discussed in Note 1 to the financial statements, the Plan's sponsor applied to terminate the Plan on August 23, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments are stated from the ongoing basis to the liquidated basis after August 23, 2011. During the period ended November 30, 2012, all assets of the Plan were distributed.

Abington Bank 401(k) Plan

Notes to Financial Statements

November 30, 2012 and December 31, 2011

1. Description of the Plan

The following description of the Abington Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all full-time employees of Susquehanna Bancshares, Inc. (the "Bank") who have completed at least 6 months of service. The Plan had no age requirement. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On October 1, 2011, Abington Bancorp, Inc. ("Abington") was merged into Susquehanna Bancshares, Inc., which became the Plan sponsor.

The Plan evaluated subsequent events for recognition or disclosure through June 27, 2013, the date the financial statements were available to be issued.

Plan Termination

On August 23, 2011, the Plan's sponsor applied to terminate the Plan with the Internal Revenue Service. All participants were fully vested in their participant accounts as the merger date. Following the Plan's termination, employees had the option of receiving either a lump-sum payment from the Plan or rolling their balance over into the Susquehanna Bancshares, Inc. 401(k) Plan, IRA, or other qualified plan.

Stock Liquidity Fund - Cash Account

Represents the value of an interest-bearing money market account used to hold Plan contributions prior to the purchases of Abington common stock prior to October 1, 2011 and Bank common stock after the merger discussed above.

Contributions

Each year, participants could contribute up to 25% of pretax annual compensation, as defined by the Plan up to the maximum limits of the Internal Revenue Code ("IRC"). Effective July 2009, participants could designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan were recorded in the period that payroll deductions were made from participants. Abington contributed 50% of the first 6% of eligible participant compensation, as defined by the Plan. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain limitations. Participant and Abington contributions ceased as of September 30, 2011.

Abington Bank 401(k) Plan

Notes to Financial Statements

November 30, 2012 and December 31, 2011

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Bank's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Substantially all administration expenses were paid directly by the Bank outside of the Plan's assets.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's matching and discretionary contribution portion of their accounts plus actual earnings thereon was based on years of credited service. A participant was 100 percent vested after six years of credited service. Participants become fully vested automatically once they obtain Normal Retirement Age (65) or Early Retirement Age (55), if they terminate employment due to disability, upon death, or if the Plan is terminated.

Notes Receivable from Participants

The Plan did not permit participants to borrow funds from Participant Accounts.

Hardship Withdrawal

A hardship withdrawal is a distribution taken to satisfy an immediate and heavy financial need that cannot be satisfied from other financial resources. Hardship withdrawals were permitted from the Plan with proper Employer approval. Amounts withdrawn for hardship could not be redeposited to this or any other Plan maintained by the Bank, and they could not be rolled over to either an IRA or another qualified retirement plan. There were no hardship withdrawals taken during the period ended November 30, 2012.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant received an amount equal to the value of the participant's vested interest in his or her account. Upon termination of service other than by death, disability or retirement, a participant received a lump sum payment if the total of their vested account does not exceed \$5,000. If the vested account balance exceeded \$5,000, the assets were generally held in a trust until the participant's normal or early retirement date; however, terminated participants could elect to receive their salary deferral accounts in the year following termination.

Forfeited Accounts

At November 30, 2012 and December 31, 2011, forfeited nonvested accounts totaled approximately \$-0- and \$3,100, respectively. Forfeited accounts were first made available to reinstate previously forfeited accounts, as defined. Any remaining forfeited accounts were used to pay plan expenses. During the period ended November 30, 2012, forfeitures of \$3,100 were used to pay expenses.

2. Summary of Significant Accounting Policies

Liquidation Basis

On August 23, 2011, the Plan applied to terminate the Plan and, accordingly, the Plan revalued its net assets as of August 23, 2011 to their liquidation value. The accompanying Statement of Changes in Net Assets in Liquidation Available for Benefits for the period ended November 30, 2012 is presented on that basis.

This revaluation had no effect on changes in net assets during 2012 and 2011.

Basis of Accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in a guaranteed investment contract and contract value was equal to the principal balance plus accrued interest. The Statement of Net Assets in Liquidation Available for Benefits presents the fair value of the investment contracts held in the guaranteed investment contract as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The Statement of Changes in Net Assets in Liquidation Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year, except for its benefit-responsive investment contract for which the appreciation or depreciation in the contract value was included.

Abington Bank 401(k) Plan

Notes to Financial Statements

November 30, 2012 and December 31, 2011

Administration of Plan Assets

The Plan's assets were administered under a contract with BPA, a BPAS Company (f.k.a. Alliance Benefits Group), the recordkeeper of the Plan. The recordkeeper invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants. Certain administrative expenses of maintaining the Plan were paid by the Bank.

Payment of Benefits

Benefits were recorded when paid.

3. Fair Value Measurements

The Plan measured its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models discounted cash flows, and similar techniques

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds were valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

The money market fund was valued at cost, which approximates fair value.

The common stocks were valued at the last reported sales price on the last business day of the Plan year.

Abington Bank 401(k) Plan

Notes to Financial Statements

November 30, 2012 and December 31, 2011

Investments in the non-benefit-responsive investment contract were valued based upon the quoted redemption value of units owned by the Plan at year-end. The fair value of fully benefit-responsive investment contracts was calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities. The Met Life Stable Value Fund was a fully benefit-responsive investment contract.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	2011			Total
	Level 1	Level 2	Level 3	
Susquehanna Bancshares, Inc. common stock	\$ 1,474,210	\$ -	\$ -	\$ 1,474,210
Mutual funds:				
Value funds	812,859	-	-	812,859

Notes to Financial Statements

November 30, 2012 and December 31, 2011

Certain administrative functions of the Plan were performed by officers or employees of the Bank. No such officer or employee received compensation from the Plan.

Susquehanna Bancshares, Inc. is the sponsoring employer of the Plan. Abington Bancorp, Inc. was a Pennsylvania corporation which was organized to be the stock holding company for Abington Savings Bank in connection with Abington Bancorp's second-step conversion and reorganization completed on June 27, 2007. At November 30, 2012 and December 31, 2011, the Plan held -0- shares and 514,389 shares, respectively, of common stock of Susquehanna Bancshares, Inc., with a cost basis of \$-0- and \$3,348,593, respectively. During the period ended November 30, 2012, approximately \$51,000 of dividend income was recorded by the Plan on the shares of Susquehanna Bancshares, Inc.

6. Tax Status

As of January 1, 1975, the Bank adopted a nonstandardized defined contribution flexible 401(k) plan provided by BPA, a BPAS Company (f.k.a. Alliance Benefits Group) and the Bank. The Bank also adopted an amendment to the Plan effective January 1, 2005. The Internal Revenue Service has determined and informed BPA by letter dated November 19, 2001, that the Plan as then designed was in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator believes that the Plan continued to be operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of November 30, 2012, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Metropolitan Life Insurance Co. ("MetLife"). MetLife maintains the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

November 30, 2012 and December 31, 2011

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The following table reconciles the fair value of the fully benefit-responsive investment contract with its contract value as of December 31, 2011:

	<u>2011</u>
Fair value	\$ 1,673,977
Adjustment from fair value to contract value	<u>(68,478)</u>
Contract value	<u>\$ 1,605,499</u>

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities, in general, were exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets in Liquidation Available for Benefits.

9. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2012 and 2011. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets in Liquidation Available for Benefits as of November 30, 2012 and December 31, 2011, and the related investment activity reported in the Statement of Changes in Net Assets in Liquidation Available for Benefits for the period ended November 30, 2012.
