1. Description of Plan:

The following description of the Lowndes, Drosdick, Doster, Kantor & Reed, P.A. (the "Firm") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is intended to qualify as a profit sharing plan under Internal Revenue Code section 401(a). However, contributions to the Plan by the Firm may be made without regard to the Firm's current or accumulated profits.

The Plan is a defined-contribution plan covering substantially all full-time employees of the Firm who have been credited with at least 1,000 hours of service during the Plan year and have attained the age of eighteen or older. Employees are eligible to participate on the earlier of February 1 or August 1 after completing one year of service as specified in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participant:

Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan, subject to a maximum amount allowable by the Internal Revenue Code ("IRC") as a basic contribution. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions"). Participant contributions are transferred to the Plan throughout the year. Effective May 1, 2011, participants may contribute up to 100% of their post-tax annual compensation as defined by the Plan, subject to a maximum amount allowable by the IRC as a basic contribution.

Employer:

The Firm may contribute an amount designated as a profit sharing contribution and allocate to eligible participants in accordance with the Amended and Restated Plan. The Firm may also make other additional contributions at its discretion but may not exceed the maximum amount allowable by the IRC as an income tax deduction to the Firm unless such additional contribution is necessary to meet certain minimum requirements of the IRC. Employer contributions are funded at least annually.

Participant Accounts

Participants' accounts are credited with their elective contributions and an allocation of the Firm's contributions, forfeitures of terminated participants' non-vested accounts, and Plan earnings. Allocations are generally based on the relative compensation of the participants or their relative account balances, as defined.

1. Description of Plan – Continued:

Vesting

A participant is 100% vested in his or her elective contributions and the Firm's non-elective contributions, plus actual earnings thereon. A participant is 100% vested in the Firm's fixed contribution, made on behalf of the participant for Plan years prior to the effective date of the Amended and Restated Plan, on the later of the date the participant attains 59½ years of age or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan. Upon termination for any other reason, a participant is entitled to a portion of the Firm's prior fixed and discretionary matching contributions in accordance with the following vesting schedule:

Years of Service (as defined)	Vested Percentage
2	20%
3	40%
4	60%
5 or more	100%

The non-vested or forfeited amounts will be used to reduce the employer discretionary contributions to be made for which forfeiture occurs or as soon as practicable in subsequent Plan years.

Notes Receivable From Participants

Participants may obtain notes based upon their vested account balances. The minimum note permitted is $1,000 and the maximum note amount is the lesser of 50% of the participant's vested account balance or $50,000. Note payments consisting of principal and interest are made through payroll deductions over a term not greater than five years or for a time period not to exceed thirty years for the purchase or construction of a primary residence. The notes earn interest at rates ranging from 4.25% to 8.00%. Note balances are collateralized by the borrower's vested account balances in the Plan. Maturities range from 2013 to 2043.

Payment of Benefits

Upon termination of employment, permanent disability, death, or attainment of normal retirement age, the vested portion of a participants' balance may be disbursed to them or their beneficiary in either a one lump sum payment or in periodic payments.

Participants who continue in the employment of the Firm may request a pre-retirement distribution of (1) defined amounts under certain hardship conditions, (2) their profit sharing related benefits attributable to periods before November 1, 2002, if the participant has attained the age of 40 years and is 100% vested in those benefits, (3) their rollover contribution into the Plan, (4) effective September 1, 2009, the vested portion of their profit sharing accounts and fixed contribution accounts on or after they have obtained the age of 40 or reaching the fifth anniversary of their entry into the Plan or, (5) amounts attributable to elective deferrals and other employer discretionary contributions, if 100% vested, if the participant has attained the age of 59½ years. Effective May 1, 2011, participants are eligible to request a distribution from the post-tax account as long as the following conditions are met: (1) the distribution is made after a five taxable year period beginning with the earlier of (i) the first taxable year the participant made a post-tax contribution or (ii) if the participant has a post-tax rollover account, the first taxable year for which the participant made a designated post-tax contribution to the previously established account and (2) made on or after the date on which the participant attains the age of 59½ years, dies, or incurs a total and permanent disability.

1. Description of Plan – Continued:

Investment Options

Upon enrollment in the Plan, a participant may direct participant contributions and employer discretionary contributions in any of the Plan's investment options offered by the Plan trustee. Participants may change their employee contribution allocation among investment options as of each payroll period and may transfer amounts between funds daily.

Forfeited Accounts

The Plan allocates participant forfeitures as if the forfeitures were employer contributions. The Plan treats forfeitures as a reduction of the employer contributions otherwise made for the Plan year following the Plan year in which the forfeitures occur or as soon as practicable in subsequent Plan years. During the Plan year ended January 31, 2013, forfeitures of employer contributions totaling $5,628 will be allocated to reduce employer discretionary contributions.

Plan Expenses

Investment transaction costs and other qualified plan expenses are charged to the Plan. Some administrative costs are absorbed by the Plan Sponsor.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies – Continued:

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in fair value consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain investments in the 2012 statements of net assets available for benefits have been reclassified to conform to the 2013 presentation. Such reclassifications had no effect on net assets available for benefits.

Subsequent Events

Plan management has evaluated subsequent events through June 18, 2013, the date which the financial statements were available to be issued.

3. Investments:

The following presents investments, at fair value, that represent five percent or more of the Plan's net assets at January 31, 2013 and 2012:

	2013	2012
Mutual funds:		
American Century Equity Index Fund	$ -	$ 4,222,172
Invesco Van Kampen Equity and Income Fund	6,292,104	5,494,559
MFS Value Fund	3,706,074	3,057,153
Wells Fargo S&P 500 Index Fund N5	5,149,139	-
PIMCO Total Return Fund CCA	11,362,481	11,889,160
Common/collective trust:		
Wells Fargo Stable Return Fund	7,631,405	9,751,151

3. Investments – Continued:

During the year ended January 31, 2013, the Plan's investments (including investments bought, sold, and held) appreciated in value as follows:

Mutual funds	$ 4,961,723
Common/collective trust	158,869
	$ 5,120,592

4. Fair Value Measurements:

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability;

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements – Continued:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2013 and 2012:

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Common/collective trust: Valued based on the contractual terms of the underlying investment contracts and the market value of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at January 31, 2013 and 2012:

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Index funds	$ 2,148,074	$ -	$ -	$ 2,148,074

4. Fair Value Measurements – Continued:

Total assets at fair value	$ 32,479,090	$ 24,006,968	$ -	$ 56,486,058

The common/collective trust has no unfunded commitments and permits redemption daily. The trust investment strategy is to provide relative stability in value of principal.

5. Related-Party Transactions:

The Plan's investments, including notes receivable from participants, are held by the Plan's trustee, Wells Fargo Bank, N.A. Transactions with Wells Fargo Bank, N.A. and its affiliate, Bryan, Pendleton, Swats & McAllister, LLC, are considered to be transactions with a party-in-interest. Fees paid to Wells Fargo Bank, N.A. by the Plan for trustee, investment management, and other services amounted to approximately $131,000 for the year ended January 31, 2013.

6. Plan Termination:

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status:

The Internal Revenue Service has determined and informed the Firm by a letter dated December 17, 2009, that the Amended and Restated Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Tax Status – Continued:

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of January 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. Summary of Information Certified by the Plan Trustee:

At January 31, 2013 and 2012, and for the year ended January 31, 2013, Wells Fargo Bank, N.A. held the Plan's investment assets, including notes receivable from participants, and executed investment transactions. Financial information relating to those assets is included in the accompanying financial statements, including Notes 3 and 4, and supplemental schedule of assets (held at end of year), and such information has been derived from reports certified as complete and accurate by the trustee. Information provided by the trustee, which has not been audited by independent accountants, is summarized as follows:

	2013	2012
Assets:		
Investments	$ 57,992,788	$ 56,364,058
Notes receivable from participants	1,082,871	1,168,443
Cash (due to broker)	13,017	(3,095)
Total assets	$ 59,088,676	$ 57,529,406
Net appreciation in fair value of investments	$ 5,092,690	
Dividends	747,551	
Interest income on notes receivable from participants	47,652	
	$ 5,887,893	

Differences between the foregoing information and information included in the financial statements and supplemental schedule result primarily from financial statement accruals.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events:

Effective February 1, 2013, the Plan was amended through the adoption of a new plan document which has not yet received a determination letter from the Internal Revenue Service. The amended plan was a result of the voluntary correction program that was applied for in February 2013 due to the violation of the partial in-service withdrawal provisions of the existing Plan document. The amended Plan will require automatic compensation deferrals of three percent and automatic escalations in one percent intervals each plan year, unless the participants elect otherwise. Partial in-service withdrawals are allowed.

11. Reconciliation of Financial Statements to Form 5500:

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the year ended January 31, 2013, was prepared by the subsidiary of the trustee (see Note 5), whose policy is to prepare such returns on the modified cash basis of accounting. The following is a summary of differences between the financial statements and the Form 5500:

	Contributions
For the Year Ended January 31, 2013:	
Balance per financial statements	$ 3,416,032
Forfeitures used in reduction of employer contribution not reflected in Form 5500	(4,201)
	$ 3,411,831
