1. DESCRIPTION OF PLAN:

The following description of the Equipment Depot Ohio, Inc. Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Equipment Depot Ohio, Inc. (the "Company") who have three months of service. Participants meeting eligibility criteria are automatically enrolled in the Plan and automatically contribute 5% in the first year increasing incrementally 1% in each subsequent year, not to exceed 10%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective September 28, 2012, the Plan merged into Pon North America Inc., Defined Contribution Plan, sponsored by the parent company to Equipment Depot Ohio, Inc. As a result of the merger, all plan net assets were transferred to the Pon North America, Inc. Defined Contribution Plan on September 28, 2012.

Contributions

Under the Plan, employees may defer the lesser of 60% of their eligible compensation or the maximum salary deferral limit permissible under Section 402(g) of the Internal Revenue Code (IRC) not to exceed the limits of Code Sections 401(k), 404 and 415. The Company may make a matching contribution consisting of a certain percentage of the employee's deferral up to a percentage determined annually by the Company. In addition, the Company may make a discretionary non-elective (profit sharing) contribution in an amount to be determined by the Board of Directors for each Plan year. In 2012 and 2011, the Company's matching contribution was 50% of the first 3% of each participant's eligible compensation and 25% of the participant's compensation from 3% to 5%, limited to a total of 2% of the participant's eligible compensation.

The Company's contributions in 2012 and 2011 consisted of matching contributions of \$198,944 and \$218,034, respectively, and discretionary profit sharing contributions of \$0 and \$115,735, respectively. The Company's profit sharing contribution was allocated to each participant based on the ratio of the participant's eligible compensation compared to total eligible compensation.

There may be a limit placed on the percent of compensation deferred by certain participants. The Company determines that the salary deferral percentage, the employer matching percentage, and the total defined contribution percentage comply with several tests as prescribed by law. If the tests are not met, the Company reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company matching contribution plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

At September 28, 2012 and December 31, 2011, forfeited nonvested accounts totaled \$0 and \$2,971, respectively. Forfeited accounts are used to offset future employer contributions. Forfeitures totaling \$5,844 and \$26,500 were utilized to offset employer contributions for the period ended September 28, 2012 and the year ended December 31, 2011, respectively.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options allowable under the Plan. Investment options include registered investment companies covering a broad range of investment objectives and a common collective trust fund designed to earn interest while maintaining stability of principal. Participants may change their investment options at any time.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants account and accrue interest on the principal balance of the loan at local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment equal to the value of the participant's vested interest in his or her account. A participant who has incurred a hardship, as approved by the administrator, may elect in writing to make a hardship cash withdrawal, subject to plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

The Plan's investment in the Fidelity Managed Income Portfolio Fund, which is a common collective trust, is considered fully benefit-responsive. In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan. Therefore, the Statements of Net Assets Available for Benefits presents the fair value of the investments in the common collective trusts, as well as the adjustment of the investment in the common collective trusts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive common collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 28, 2012 or December 31, 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 11, 2013, which is the date on which the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2011:

Fidelity Managed Income Portfolio	\$ 3,668,357
Fidelity Freedom 2020 Fund	2,962,646
Fidelity Contra Fund	2,893,951
Fidelity Intermediate Bond	2,452,744
Fidelity Blue Chip Growth Fund	1,885,286
Fidelity Freedom 2015 Fund	1,815,573
Spartan 500 Index Portfolio	1,815,195
PIMCO Total Return Admin Fund	1,486,491

There were no investments held by the Plan at September 28, 2012.

4. PLAN TERMINATION:

Due to the merger with the Pon North America, Inc. Defined Contribution Plan, the Plan has terminated effective September 28, 2012.

5. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements
Period from January 1, 2012 through September 28, 2012 and
Year ended December 31, 2011

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Interest-bearing cash: The carrying value approximates fair value.

Common collective trust: The common collective trust funds do not have a readily determinable fair value. As permitted by accounting principles generally accepted in the United States of America, the Plan has valued such investments at net asset value per share (NAV). The manager calculates NAV based on the fair value of the underlying securities within the fund, which are generally traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded at the valuation date. There are no unfunded commitments and no restrictions on redemption as of December 31, 2011 for the Plan's investment in these funds.

Due to the merger described in Notes 1 and 12, the Plan's assets were transferred to the Pon North America, Inc. Defined Contribution Plan effective September 28, 2012. Accordingly, the Plan has no assets at fair value as of September 28, 2012 to disclose by level within the fair level hierarchy.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Total	Level 1	Level 2	Level 3
Registered investment companies:				
Growth funds	\$ 6,441,601	6,441,601	-	-

	<u>\$ 28,884,170</u>	<u>25,215,813</u>	<u>3,668,357</u>	<u>-</u>

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The Plan invests in shares of registered investment companies, interest-bearing cash and a common collective trust managed by Fidelity Management Trust Company, trustee of the Plan. Transactions in these investments qualify as party-in-interest transactions as defined by the ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation (depreciation) in fair value of the investment. Fees paid for administrative services for the period ended September 28, 2012 and for the year ended December 31, 2011 amounted to \$11,015 and 15,087, respectively.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 28, 2012 and December 31, 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. INFORMATION CERTIFIED BY THE TRUSTEE:

All financial data related to investments used in the preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and the supplemental schedule have been certified as to accuracy and completeness by the Plan's trustee, Fidelity Management Trust Company.

9. REFUND OF EXCESS CONTRIBUTIONS:

For the year ended December 31, 2011, corrective distributions of \$658 were required to return excess deferral contributions to satisfy the discrimination testing requirements of the Plan. For the year ended December 31, 2012, the discrimination testing was performed by the Pon North America Inc., Defined Contribution Plan, which included the parent company and all of its subsidiaries. Therefore, there is no liability recognized for any required corrective contributions as these would be distributed from the net assets available for benefits of the Pon North America Inc., Defined Contribution Plan.

10. RISKS AND UNCERTAINTIES:

Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that a change in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements and supplemental schedule.

11. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 to Form 5500:

Net assets per Form 5500	\$ 29,514,028
Contract value adjustment	<u>(90,476)</u>

12. MERGER:

As discussed in Note 1 to the financial statements, the Plan's trustees approved the merger of the Plan into the PON North America, Inc. Defined Contribution Plan effective September 28, 2012. As a result of this merger, all the plan assets and liabilities were transferred to the PON North America, Inc. Defined Contribution Plan on September 28, 2012.
