Note 1 - Description of Plan

The following description of the MM Hotel Management, LLC dba Garden City Hotel 401(K) Plan Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General. *The plan is a defined contribution 401K plan covering all full-time employees of the MM Hotel Management, LLC dba Garden City Hotel 401(K) Plan Trust (the "Company") who have completed a minimum of one year of service and are at least 21 years old. The plan is qualified as part of the Massachusetts Mutual Life Insurance Company prototype 401(K) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).*

Contributions. *Each year participants may contribute up to 100% of pretax annual compensation, up to the annual maximum allowed. The maximum contribution is indexed for inflation and is subject to discrimination testing as prescribed by the Internal Revenue Code. A participant may elect to change their percentage of compensation contributed to the plan on a consistent basis. A discretionary employer contribution may be made annually for eligible participants, in an amount equal to a percentage of the participants' contributions.*

Participant's Accounts. *Each participant's account is credited with (a)the participant's contribution, (b) an allocation of the discretionary employer contribution if applicable, and (c) plan earnings. Deductions to participant accounts are made for (a) withdrawals including participant loans and hardship distributions, as defined, (b) administrative fees, and (c) plan losses.*

Vesting. *Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company's discretionary employer contribution of a participants' amount is based on years of continuous service. Company discretionary contributions vest at 20% after completing two years of service with increases of 20% for each additional year of service. Company discretionary contributions are fully vested after six years of service.*

Participant Loans. *Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.*

Note 1 - Description of Plan - Continued

Payment of Benefits. On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested income in his or her account. Participant's may receive hardship distributions or borrow against their account if certain plan provisions are met.

Forfeitures. Forfeited non-vested accounts will be used to offset plan expenses or may be used to reduce future employer contributions.

Termination. The company has the right under the plan to amend, alter or terminate the plan at any time subject to the provisions of ERISA. In the event of the plan's termination, the plan's provisions require that the net assets available for benefits be distributed to the participants in accordance with their individual account.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

Operating Expenses. Expenses of maintaining the Plan may be paid out of the Plan unless they are paid by the Company.

Recent Accounting Pronouncement. The financial accounting standards board (the FASB) issued an interpretation regarding Accounting for Uncertainty in Income Taxes. This interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB ASC 740-10, Accounting for Income Taxes, and is effective for the fiscal year beginning after December 15, 2008. The Plan adopted the provisions of this pronouncement and the adoption did not impact the amounts reported in the Plan's financial statements.

Subsequent Events. Plan management has evaluated subsequent events through July 11, 2013, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The Plans investments are reported at fair value in the accompanying statements of net assets available for benefits.

December 31, 2012		Fair Value Measurements Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Value of interest in registered investment companies	$ 3,655,257	$ 3,655,257	$ -0-
Value of funds held in insurance company general account	2,132,927	2,132,927	-0-
Participant Loans	252,822	-0-	252,822
	$ 6,041,006	$ 5,788,184	$ 252,822

December 31, 2011		Fair Value Measurements Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Value of interest in registered investment companies	$ 5,068,126	$ 5,068,126	$ -0-
Value of funds held in insurance company general account	2,181,037	2,181,037	-0-
Participant Loans	308,857	-0-	308,857
	$ 7,558,020	$ 7,249,163	$ 308,857

FASB ASC 820, Fair Value Measurements, establishes a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consists of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

The fair value of the pooled separate accounts for which quoted market prices are not available are valued based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 Fair Value Measurements

The fair value of the guaranteed interest accounts are estimated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans is estimated to be equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
