Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by PNC Institutional Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as whole. The supplemental information (consisting entirely of the Schedule of Assets Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. Description of the Plan

The following description of the BCH 403(b) Plan & Trust Agreement (the "Plan") provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which was effective January 1, 2009, is a contributory defined contribution plan and covers all employees of Belmont Community Hospital (the "Hospital"). Employees are immediately eligible to participate, and participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. PNC Institutional Investments ("PNC") is the Plan trustee and third party recordkeeper.

Contributions – Employees may elect to defer any portion of their wages as is permitted under current IRS guidelines. For every 1% which the employee defers up to a maximum of 4%, the Hospital matches 25% of the deferral amount. Therefore, the maximum employer contribution is 1%. Employees may stop their elective deferral at any time, but can only change their contribution or begin contributing on the first day of each calendar quarter. Rollover and transfer contributions are permitted.

Participant Accounts – Under the Plan provisions, individual accounts are maintained for each participant. These individual accounts are credited with each participant's elective deferral, the employer's matching contribution and applicable earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis.

Vesting – Participants have an immediate and fully vested interest in both elective and matching contributions and the related investment earnings.

Hardship Withdrawals – Hardship withdrawals are not permitted by the Plan.

Participant Loans – Participant loans are permitted by the Plan. The loans are secured by the balance in the participant's account. There were no participant loans outstanding as of December 31, 2012 or 2011.

Payment of Benefits – Upon retirement or termination, each participant shall be immediately eligible for Plan benefits. Benefits must be taken as a lump sum distribution.

Plan expenses – A participant is charged a nominal fee when they receive a loan or regular distribution from the Plan. However, all other plan expenses, including trustee, investment management, audit, legal, insurance and other administrative costs are paid by the Hospital.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting. Contributions are recorded by the Plan in the period the wages are earned. Benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are recorded at fair value (Note 4). Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Upon enrollment in the Plan, a participant may direct contributions in designated increments to any combination of a variety mutual funds or the Federated Prime Obligation Fund, which is considered to be a cash equivalent. As of December 31, 2012 and 2011, the Plan's investments were comprised of the following:

	December 31,	
	2012	2011
Cash and cash equivalents	\$ 75,763	\$ 73,678
Equity mutual funds	745,266	505,159
Bond mutual funds	190,512	158,993
Target mutual funds	578,843	458,896
	<u>\$ 1,590,384</u>	<u>\$ 1,196,726</u>

Investment Concentration - The following presents investments representing 5% or more of the Plan's net assets. Items marked with an asterisk (*) represent less than 5% of net assets for the year indicated.

	December 31,	
Description	2012	2011

Artisan Mid Cap Value	\$ *	\$ 101,521

4. Fair Value

FASB Accounting Standards Codification ("ASC") 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or occurs in the principal market for the asset or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

4. Fair Value (Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included with level 1) that are observable for the asset, either directly or indirectly.
- Level 3 are unobservable inputs for the asset and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset.

All of the Plan's investments are Level 1 as of December 31, 2012 and 2011.

5. Plan Termination

The Hospital intends to continue the Plan indefinitely, but reserves the right to discontinue matching contributions to the Plan or to discontinue the Plan itself at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2012 and 2011, PNC Institutional Investments, the Trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2012 and 2011, the amount invested in BlackRock is \$88,945 and \$62,822, respectively.

7. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by federal authorities; however, there are currently no audits for any tax periods in progress. Income tax returns for the current year, as well as the prior three years ended December 31, 2009, 2010, 2011 are subject to examination for generally up to three years after they are filed.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2012 and 2011
- Net depreciation or appreciation in fair value of investments and dividend income, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2012 and 2011
- The Schedule of Assets Held at End of Year as of December 31, 2012

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Classification Differences

The Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2012 and 2011.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 12, 2013, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.

In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2012 and 2011, PNC Institutional Investments, the Trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2012 and 2011, the amount invested in BlackRock is \$88,945 and \$62,822, respectively.

7. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by federal authorities; however, there are currently no audits for any tax periods in progress. Income tax returns for the current year, as well as the prior three years ended December 31, 2009, 2010, 2011 are subject to examination for generally up to three years after they are filed.

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2012 and 2011
- Net depreciation or appreciation in fair value of investments and dividend income, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2012 and 2011
- The Schedule of Assets Held at End of Year as of December 31, 2012

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Classification Differences

The Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2012 and 2011.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 12, 2013, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Pension Advisory Committee of
BCH 403(b) Plan & Trust Agreement:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the BCH 403(b) Plan & Trust Agreement, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by PNC Institutional Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as whole. The supplemental information (consisting entirely of the Schedule of Assets Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. Description of the Plan

The following description of the BCH 403(b) Plan & Trust Agreement (the "Plan") provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which was effective January 1, 2009, is a contributory defined contribution plan and covers all employees of Belmont Community Hospital (the "Hospital"). Employees are immediately eligible to participate, and participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. PNC Institutional Investments ("PNC") is the Plan trustee and third party recordkeeper.

Contributions – Employees may elect to defer any portion of their wages as is permitted under current IRS guidelines. For every 1% which the employee defers up to a maximum of 4%, the Hospital matches 25% of the deferral amount. Therefore, the maximum employer contribution is 1%. Employees may stop their elective deferral at any time, but can only change their contribution or begin contributing on the first day of each calendar quarter. Rollover and transfer contributions are permitted.

Participant Accounts – Under the Plan provisions, individual accounts are maintained for each participant. These individual accounts are credited with each participant's elective deferral, the employer's matching contribution and applicable earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis.

Vesting – Participants have an immediate and fully vested interest in both elective and matching contributions and the related investment earnings.

Hardship Withdrawals – Hardship withdrawals are not permitted by the Plan.

Participant Loans – Participant loans are permitted by the Plan. The loans are secured by the balance in the participant's account. There were no participant loans outstanding as of December 31, 2012 or 2011.

Payment of Benefits – Upon retirement or termination, each participant shall be immediately eligible for Plan benefits. Benefits must be taken as a lump sum distribution.

Plan expenses – A participant is charged a nominal fee when they receive a loan or regular distribution from the Plan. However, all other plan expenses, including trustee, investment management, audit, legal, insurance and other administrative costs are paid by the Hospital.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting. Contributions are recorded by the Plan in the period the wages are earned. Benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are recorded at fair value (Note 4). Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Upon enrollment in the Plan, a participant may direct contributions in designated increments to any combination of a variety mutual funds or the Federated Prime Obligation Fund, which is considered to be a cash equivalent. As of December 31, 2012 and 2011, the Plan's investments were comprised of the following:

	December 31,	
	2012	2011
Cash and cash equivalents	\$ 75,763	\$ 73,678
Equity mutual funds	745,266	505,159
Bond mutual funds	190,512	158,993
Target mutual funds	578,843	458,896
	<u>\$ 1,590,384</u>	<u>\$ 1,196,726</u>

Investment Concentration - The following presents investments representing 5% or more of the Plan's net assets. Items marked with an asterisk (*) represent less than 5% of net assets for the year indicated.

Description	December 31,	
	2012	2011
Blackrock Index Equity Class A	\$ *	\$ 62,822
Blackrock Index Equity Institutional Class	\$ 88,457	\$ *
American Century Livestrong 2015	\$ 392,257	\$ 329,800

Artisan Mid Cap Value	\$ *	\$ 101,521
T Rowe Price Growth Stock	\$ 201,287	\$ *
Federated Prime Obligations Trust	\$ *	\$ 73,678

4. Fair Value

FASB Accounting Standards Codification ("ASC") 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or occurs in the principal market for the asset or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

4. Fair Value (Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included with level 1) that are observable for the asset, either directly or indirectly.
- Level 3 are unobservable inputs for the asset and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset.

All of the Plan's investments are Level 1 as of December 31, 2012 and 2011.

5. Plan Termination

The Hospital intends to continue the Plan indefinitely, but reserves the right to discontinue matching contributions to the Plan or to discontinue the Plan itself at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2012 and 2011, PNC Institutional Investments, the Trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2012 and 2011, the amount invested in BlackRock is \$88,945 and \$62,822, respectively.

7. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by federal authorities; however, there are currently no audits for any tax periods in progress. Income tax returns for the current year, as well as the prior three years ended December 31, 2009, 2010, 2011 are subject to examination for generally up to three years after they are filed.

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2012 and 2011
- Net depreciation or appreciation in fair value of investments and dividend income, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2012 and 2011
- The Schedule of Assets Held at End of Year as of December 31, 2012

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. 10. Classification Differences

The Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2012 and 2011.

BCH 403(b) PLAN & TRUST AGREEMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. Description of the Plan

The following description of the BCH 403(b) Plan & Trust Agreement (the "Plan") provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which was effective January 1, 2009, is a contributory defined contribution plan and covers all employees of Belmont Community Hospital (the "Hospital"). Employees are immediately eligible to participate, and participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. PNC Institutional Investments ("PNC") is the Plan trustee and third party recordkeeper.

Contributions – Employees may elect to defer any portion of their wages as is permitted under current IRS guidelines. For every 1% which the employee defers up to a maximum of 4%, the Hospital matches 25% of the deferral amount. Therefore, the maximum employer contribution is 1%. Employees may stop their elective deferral at any time, but can only change their contribution or begin contributing on the first day of each calendar quarter. Rollover and transfer contributions are permitted.

Participant Accounts – Under the Plan provisions, individual accounts are maintained for each participant. These individual accounts are credited with each participant's elective deferral, the employer's matching contribution and applicable earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis.

Vesting – Participants have an immediate and fully vested interest in both elective and matching contributions and the related investment earnings.

Hardship Withdrawals – Hardship withdrawals are not permitted by the Plan.

Participant Loans – Participant loans are permitted by the Plan. The loans are secured by the balance in the participant's account. There were no participant loans outstanding as of December 31, 2012 or 2011.

Payment of Benefits – Upon retirement or termination, each participant shall be immediately eligible for Plan benefits. Benefits must be taken as a lump sum distribution.

Plan expenses – A participant is charged a nominal fee when they receive a loan or regular distribution from the Plan. However, all other plan expenses, including trustee, investment management, audit, legal, insurance and other administrative costs are paid by the Hospital.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting. Contributions are recorded by the Plan in the period the wages are earned. Benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are recorded at fair value (Note 4). Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Upon enrollment in the Plan, a participant may direct contributions in designated increments to any combination of a variety mutual funds or the Federated Prime Obligation Fund, which is considered to be a cash equivalent. As of December 31, 2012 and 2011, the Plan's investments were comprised of the following:

4. Fair Value

FASB Accounting Standards Codification ("ASC") 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or occurs in the principal market for the asset or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

4. Fair Value (Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included with level 1) that are observable for the asset, either directly or indirectly.
- Level 3 are unobservable inputs for the asset and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset.

All of the Plan's investments are Level 1 as of December 31, 2012 and 2011.

5. Plan Termination

The Hospital intends to continue the Plan indefinitely, but reserves the right to discontinue matching contributions to the Plan or to discontinue the Plan itself at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2012 and 2011, PNC Institutional Investments, the Trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2012 and 2011, the amount invested in BlackRock is \$88,945 and \$62,822, respectively.

7. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by federal authorities; however, there are currently no audits for any tax periods in progress. Income tax returns for the current year, as well as the prior three years ended December 31, 2009, 2010, 2011 are subject to examination for generally up to three years after they are filed.

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2012 and 2011
- Net depreciation or appreciation in fair value of investments and dividend income, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2012 and 2011
- The Schedule of Assets Held at End of Year as of December 31, 2012

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Classification Differences

The Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2012 and 2011.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 12, 2013, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.
