Report on the Financial Statements

We have audited the accompanying financial statements of the Met-Pro Corporation Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Met-Pro Corporation Retirement Savings Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as “supplemental information”, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Met-Pro Corporation Retirement Savings Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all U.S. employees of Met-Pro Corporation (“the Company”). Effective April 1, 2011, employees became participants in the Plan upon completing one month of employment and having attained the age of 18.

EMPLOYEE CONTRIBUTIONS

The Plan provides employees with an option to enter into a salary reduction agreement with the Company, whereby a portion of the employee’s compensation may be deferred by having the Company contribute such amount on the employee’s behalf to the Plan. The maximum amount which an employee may elect to defer with respect to any plan year is subject to limitations as provided by the Internal Revenue Code.

EMPLOYER CONTRIBUTIONS

The Company may elect to contribute a matching percentage of one-half of the participant’s eligible contributions for the plan year up to 4% of eligible compensation.

The Company makes a discretionary contribution for all employees ranging from 2% to 4% depending on the age of the participant and years of service.

Total discretionary contributions for 2012 and 2011 amounted to approximately \$481,000 and \$468,000, respectively.

FORFEITURES

Forfeitures by terminated employees of amounts not vested are reallocated against plan administration fees or employer contributions. Employee forfeited, nonvested amounts were approximately \$100 and \$17,000 for the years ended December 31, 2012 and 2011, respectively.

INVESTMENT OPTIONS

Participants can direct their allocable balances into mutual funds, a common collective trust fund and sponsor corporate stock managed by PNC Advisors (“Trustee”).

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with his or her salary deferral contribution, employer contributions, if any, and an allocation of net investment income and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may change their investment options at any time.

For terminated employees with vested balances over \$1,000, but not over \$5,000, an automatic rollover to a qualified retirement plan is performed. Any terminated employee with less than \$1,000 vested will receive a distribution representing his or her vested account balance less applicable income tax withholding, unless instructed to rollover such amount to either an IRA or another qualified retirement plan.

PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator as of the date of the loan agreement. Principal and interest is paid ratably through monthly payroll deductions.

VESTING

Participants are immediately vested in their voluntary contributions. Participants are 100 percent vested in employer contributions upon reaching three years of credited service. Prior to January 1, 2007, participants vested using a six-year graded scale. Contributions for participants who became eligible prior to January 1, 2007 vest using the scale which is more beneficial to the participant.

PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting except for participant benefit payments.

FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962-205-45-3, the Statements of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared using the contract value basis for fully benefit-responsive investment contracts.

CONTRIBUTIONS

Employer matching, employer discretionary and employee salary deferral contributions are included in the income of the Plan in the period for which the contribution is being made. The participants designate what percentage of their contribution, along with the employer match, is allocated to the various investment options.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

For purposes of determining realized gains and losses, the Plan uses the average cost method to determine the cost basis of disposed assets. Unrealized appreciation (depreciation) on investments represents the cumulative change in unrealized gains (losses) for the respective years. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

PARTICIPANT LOANS

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

CONCENTRATIONS OF CREDIT RISK

At December 31, 2012 and 2011, the Plan maintained 100% of its investments with PNC Advisors.

USE OF ESTIMATES

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENT

In May 2011, the FASB issued Accounting Standards Update (“ASU”) No. 2011-04, Fair Value Measurement (Topic 820). This updated accounting guidance establishes common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with GAAP and International Financial Reporting Standards (“IFRS”). This guidance includes amendments that clarify the intent about the application of existing fair value measurements and disclosures, while other amendments change a principle or requirement for fair value measurements or disclosures. This guidance is effective for interim and annual periods beginning after December 15, 2011. The adoption of this standard did not have a material impact on the Plan’s financial statements.

NOTE 3- FAIR VALUE MEASUREMENTS

The Plan follows the guidance for fair value measurements and disclosures in accordance with Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures (“ASC 820”). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

In determining fair value, management uses various valuation approaches, as appropriate in the circumstances. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are market data from independent sources. Unobservable inputs are the management’s assumptions, based on the best information available, of how the market would price the asset or liability. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The inputs into the determination of fair value require significant judgment and estimation. The Plan does not maintain Level 3 assets.

Fair value is a market-based measure considered from the perspective of a market participant who holds the asset rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset at the measurement date.

The use of valuation techniques and availability of observable inputs can vary from security to security and is affected by a wide variety of factors including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by management in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The inputs or methodology used for valuing portfolio investments are not an indication of the risk associated with investing in these investments.

The following table provides fair value measurement information for the Plan's major categories of financial assets measured on a recurring basis. During 2012 and 2011, there were no transfers of financial assets between levels within the fair value hierarchy.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation techniques applied to the Plan's major classes of assets measured at fair value on a recurring basis is as follows:

MUTUAL FUNDS

The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

COMMON STOCK

Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

COMMON COLLECTIVE TRUST

The common collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - TAX STATUS

Effective April 1, 2011, the Plan was established using a prototype plan document sponsored by PNC Advisors. The Internal Revenue Service has ruled in a letter dated March 31, 2008, that the prototype plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC) and was, therefore, exempt from taxation.

MET-PRO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 4 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit, however, there are currently no audits for any tax periods in progress. The plan administrator believes that Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 5 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of investments, are held by the Trustee of the Plan. Certain fees of the Plan are paid by the Plan's sponsor. Certain administrative functions are performed by employees of the Company. No employees received compensation from the Plan.

NOTE 6 - INVESTMENTS

The following individual investments exceeded 5% of the fair value of net assets available for plan benefits at December 31:

	2012	2011
Janus Balanced Class S Fund	\$1,928,321	\$1,554,748

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 7 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

One of the investment options available in the Plan is the PNC Investment Contract Fund ("Fund"). The Fund is a common collective trust that invests in fully benefit-responsive investment contracts which include principally short-term investments and fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

An average yield earned by the Fund was computed by dividing the annualized one-day earnings of the Fund's investments at year end (irrespective of the interest rate credited to unit holders in the Fund) by the fair value of the Fund's investments on that date.

An average yield earned by the Fund as adjusted to reflect the actual interest rate credited to unit holders was computed by dividing the annualized one-day earnings credited to unit holders at year end (irrespective of the actual earnings of the investments in the Fund) by the fair value of the Fund's investments on that date.

The average yield earned by the Plan on the Fund during the years ended December 31, 2012 and 2011 was 2.25% and 1.53% and the average interest rate credited to the participants was 1.82% and 2.04%, respectively.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by PNC Advisors. PNC Advisors is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The investments with PNC Advisors were \$968,259 and \$1,053,427 at December 31, 2012 and 2011, respectively. Purchases and sales of shares were 108,769 and 138,215 for the year ended December 31, 2012, respectively, and 21,679 and 44,723 for the year ended December 31, 2011, respectively.

Certain plan investments are shares of Plan sponsor common stock. These transactions qualify as party-in-interest transactions. The investments with Met-Pro Corporation were \$3,013,393 and \$2,762,091 at December 31, 2012 and 2011, respectively. Purchases and sales of shares were 42,841 and 37,402 for the year ended December 31, 2012, respectively, and 39,375 and 22,907 for the year ended December 31, 2011, respectively.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - PLAN AMENDMENTS

On April 1, 2011 the Plan was amended primarily to (i) convert the plan document from a custom document to a PNC prototype; (ii) change the participant eligibility from 21 years of age to 18 and (iii) reduce the participant waiting period from the completion of six months or 500 hours of employment to the first of the month following 30 days of employment.

NOTE 11 - SUBSEQUENT EVENTS

Management evaluated subsequent events occurring through June 21, 2013, the date that the accompanying financial statements were available to be issued, to determine if there were events or transactions which require recognition or disclosure in the financial statements.

On April 21, 2013, the Company entered into an agreement and plan of merger with CECO Environmental Corp. The merger is expected to close on or before September 30, 2013. At the effective time of the merger, each then issued and outstanding share of common stock of Met-Pro Corporation, other than certain excluded shares will be cancelled and converted into the right to receive, at the election of the holder, subject to an overall pro-rata mechanism, either: (i) a per share dollar amount equal to \$13.75 without interest; or (ii) a number of shares of CECO common stock, equal to a fraction, the numerator of which is \$13.75 and the denominator of which is the volume-weighted average trading price ("VWAP") as reported on the NASDAQ Global Market of CECO common stock for the 15 consecutive trading days ending on the trading date immediately preceding the closing date of the merger; provided, however if (x) if the VWAP is less than or equal to \$10.17, then the exchange ratio shall be 1.3520 shares of CECO common stock for each

share of Met-Pro Corporation common stock, and (y) if the VWAP is greater than or equal to \$13.75, then the exchange ratio shall be 1.0000 shares of CECO common stock for each share of Met-Pro Corporation common stock. The net effect of this collar mechanism is that no further increase in the exchange ratio will be made if the CECO common stock trading price is less than \$10.17 and no further decrease in the exchange ratio will be made if the CECO trading price is greater than \$13.75. In the aggregate, elections for cash or CECO common stock are subject to pro-ration so that approximately 53% of the Met-Pro Corporation common stock will be exchanged for cash (which is capped at \$110.2 million, less the amount of cash paid pursuant to the exercise of options to purchase Met-Pro Corporation common stock outstanding as of the effective time) and 47% for CECO common stock. As a condition of the merger agreement, CECO Environmental Corp did agree to maintain all employee benefit plans of Met-Pro Corporation through December 31, 2013.
