INDEPENDENT AUDITORS' REPORT

To the Trustees
AFSI Employee Retirement Plan
Champaign, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AFSI Employee Retirement Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD Ameritrade, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AFSI EMPLOYEE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2012

1. Description of Plan

The following description of the AFSI Employee Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Advanced Filtration Systems, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Amendments and Modifications – Effective January 1, 2012, the Plan was amended to make all employees immediately eligible to participate in the plan upon employment with the Company. Also in 2012, the Plan was amended to pass certain transactional fees to the participants. These include fees for participant loans, qualified domestic relations orders, in-service distributions, required minimum distributions, and hardships.

Contributions - Each year, participants may elect to defer compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations. Participants direct the investment of these contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a common collective trust fund as investment options.

The Company may make matching contributions at the discretion of the Company's management. For the year ended December 31, 2012, the Company made matching contributions of 100 percent of the employee's salary deferral amounts up to five percent of employee's compensation. The Company may also contribute a profit sharing contribution at the discretion of the Company's Board of Directors. For the year ended December 31, 2012, the employer did not elect to make an additional profit sharing contribution.

Participant Accounts - Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant earnings, account balances, or participant events as defined. The benefit to which a participant is entitled is provided from the participant's vested account.

Vesting - Participants are vested immediately in all contributions plus actual earnings thereon.

Payment of Benefits - On termination of service for any reason, an employee will receive a lump-sum amount equal to the value of his account. The Plan provides for an automatic lump-sum distribution of account balances of $5,000 or less. The Plan also allows for financial hardship withdrawals of all or part of the participant's deferral contributions if the participant can prove financial hardship and is unable to meet their financial needs another way. The Plan allows for in-service distributions from the participant's elective deferrals if the participant has attained age 59 ½, and allows for in-service distributions from Company contributions if the participant is age 65 or older.

Notes Receivable from Participants - The plan document includes provisions authorizing loans from the Plan to active eligible participants. The participant can only have one outstanding loan at a time. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's contributed vested account balance. All loans are secured by the balance in the participant's account and are repayable over a period not to exceed five years (except for loans for the purchase of principal residence which are payable over 15 years) through payroll withholdings unless the participant is paying the loan in full. The loan bears interest at a rate commensurate with local prevailing rates at loan inception as determined by the plan administrator.

2. Summary of Significant Accounting Policies

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC 946-210, the Statement of Net Assets Available for Benefits presents the fair value of the investments contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. No adjustment to contract value is reported at December 31, 2012 and 2011 due to contract value approximating fair market value.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits - Benefit payments are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events through June 13, 2013, the date on which the financial statements were available to be issued.

3. Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information certified by TD Ameritrade, the investment custodian of the Plan, as complete and accurate except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

	2012	2011
Investments at Fair Value	$ 10,057,197	$ 9,356,523
Appreciation in Value of Investments	$ 970,080	
Interest and Dividends	$ 212,858	
Administrative Expenses	$ 40,841	

4. Fair Value Measurements

FASB ASC 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- *Mutual Funds and Money Market Funds:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

- *Common Collective Trust:* Valued at the net asset value (NAV) of shares of a bank collective trust held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuances and redemptions) may occur daily.

  The Trust invests in investment contracts and security-backed contracts. An investment is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully-accrued contract value at maturity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

The table above includes a reclassification of prior year balances and their respective categories to agree to categories used in the current year. This reclassification has no effect on the financial statements.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

Balance, Beginning of Year	$	294,708
Appreciation (Depreciation) in Value of Investments, Included in Investment Income on Exhibit B		5,151
Purchases		202,474
Sales		(266,389)
Balance, End of Year	$	235,944

5. Investments

All investments are participant directed. The following individual plan investments represent five percent or more of the Plan's net assets as of December 31:

	2012	2011
Russell Lifepoints Growth Strategy	$ 4,021,210	*
Russell Lifepoints Balanced Strategy	1,841,397	*
Russell Lifepoints Equity Growth Strategy	924,608	*

Total Investments	$ 10,057,197	$ 9,356,523

* - Investment did not represent five percent or more of Plan's net assets in year presented.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $970,080. All gains and losses are from investments measured at quoted market prices in an active market except for the Common Collective Trust. The following table sets forth appreciation by investment type:

Mutual and Money Market Funds	$	964,929
Common Collective Trust		5,151
Total Appreciation in Value	$	970,080

6. Administrative Expenses and Party-In-Interest Transactions

Administrative fees are paid to the investment custodian, advisors, and service providers whom are parties-in-interest. A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Except for those noted below, expenses incurred in the administration of the Plan were paid by the plan sponsor:

- Fees for investment management totaling $12,756 are included in administrative expenses on Exhibit B
- Fees for third party administration totaling $14,484, included in administrative expenses on Exhibit B
- Investment custodian fees totaling $13,564, included in administrative expenses on Exhibit B
- Recordkeeping fees totaling $13,510, netted with earnings on Exhibit B
- Participant loans totaling $310,320 at December 31, 2012 are considered to be both party-in-interest and related party transactions.

7. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The prototype plan has been amended since receiving the opinion letter. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2012, the Plan's federal tax filings for fiscal years 2009 through 2012 remain open for review by tax authorities.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
