(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Export Packaging Co., Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Export Packaging Co., Inc. (the "Company") who have completed at least 1,000 hours of service per year, have attained age eighteen and have completed six months of service. Entry into the Plan occurs on January 1 and July 1, following the date an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the custodian of the Plan.

Contributions

Participants may contribute a percentage of pre-tax annual compensation (subject to federal limitations) in the form of a salary reduction. The Plan also provides for Company discretionary matching and other non-elective contributions as determined annually by the Company's Board of Directors. The Company contributed 50% of each participant's contribution up to 6% of the employee's eligible compensation in 2012 and 2011. The Company did not make any additional discretionary contributions in 2012 and 2011.

Employee contributions, matching employer contributions, and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with the participant's withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. Forfeitures included in net assets available for benefits as of December 31, 2012 and 2011 were $33,501 and $22,979, respectively. Total forfeitures used to reduce employer contributions and/or pay administration expenses amounted to $9,510 in 2012 and $10,109 in 2011.

Participant-Directed Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds as investment options for participants.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service at intervals of 20 percent per year after two years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are for a term which generally cannot exceed five years and are secured by the nonforfeitable balance in the participant's account. Such loans bear interest at one percent over the prime rate as published by the *Wall Street Journal* at the date of the loan. Principal and interest on the loan is paid ratably through payroll deductions of the participant.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments over a fixed period of time, as determined by the participant. A participant is also allowed to make hardship withdrawals in certain circumstances. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles. The Plan evaluated subsequent events through June 12, 2013, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. See note 3 for discussion of fair value measurements.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses in the fair value of investments held by the Plan.

Certain management fees charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Certain expenses incurred in the general administration of the Plan are paid by the Company and therefore, are not included in the statement of changes in net assets. Plan administration expenses related to participant loans and member requested services are deducted from the participant's account balance.

Payment of Benefits and Participant Loans

Benefit payments to participants are recorded when paid.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

(2) Investments

The following information has been certified as complete and accurate by Fidelity Management Trust Company as of and for the years ended December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's net assets are separately identified.

(3) Fair Value Measurements

SFAS ASC 820 "Fair Value Measurements" provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in active markets of similar assets in non-active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan measured the fair value of all its investments using Level 1 inputs which consisted of quoted net asset values of shares of mutual funds held by the Plan at year end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2012 and 2011 are reported in net appreciation (depreciation) in fair value of investments.

(4) Related Party Transactions

The Plan investments include shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the custodian as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and custodial services were $17,843 and $17,744 for the years ended December 31, 2012 and 2011, respectively.

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their account balances.

(6) Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS) dated October 9, 2003, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan files annual information returns which for years subsequent to 2008 are subject to examination by taxing authorities.

(7) Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(8) Prohibited Transactions

During March, 2012, the Company determined that a participant's elective contribution was not reinstated at the conclusion of the participant's hardship status. The underpayment of $46 was subsequently corrected within a short time after the underpayment was identified.

During 2011, the Company determined that a participant contribution remittance in August, 2011 was underpaid by $1,278. The underpayment was subsequently corrected by the Company within a short time after the underpayment was identified.

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Export Packaging Co., Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Export Packaging Co., Inc. (the "Company") who have completed at least 1,000 hours of service per year, have attained age eighteen and have completed six months of service. Entry into the Plan occurs on January 1 and July 1, following the date an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the custodian of the Plan.

Contributions

Participants may contribute a percentage of pre-tax annual compensation (subject to federal limitations) in the form of a salary reduction. The Plan also provides for Company discretionary matching and other non-elective contributions as determined annually by the Company's Board of Directors. The Company contributed 50% of each participant's contribution up to 6% of the employee's eligible compensation in 2012 and 2011. The Company did not make any additional discretionary contributions in 2012 and 2011.

Employee contributions, matching employer contributions, and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with the participant's withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. Forfeitures included in net assets available for benefits as of December 31, 2012 and 2011 were $33,501 and $22,979, respectively. Total forfeitures used to reduce employer contributions and/or pay administration expenses amounted to $9,510 in 2012 and $10,109 in 2011.

Participant-Directed Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds as investment options for participants.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service at intervals of 20 percent per year after two years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are for a term which generally cannot exceed five years and are secured by the nonforfeitable balance in the participant's account. Such loans bear interest at one percent over the prime rate as published by the *Wall Street Journal* at the date of the loan. Principal and interest on the loan is paid ratably through payroll deductions of the participant.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments over a fixed period of time, as determined by the participant. A participant is also allowed to make hardship withdrawals in certain circumstances. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles. The Plan evaluated subsequent events through June 12, 2013, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. See note 3 for discussion of fair value measurements.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses in the fair value of investments held by the Plan.

Certain management fees charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Certain expenses incurred in the general administration of the Plan are paid by the Company and therefore, are not included in the statement of changes in net assets. Plan administration expenses related to participant loans and member requested services are deducted from the participant's account balance.

Payment of Benefits and Participant Loans

Benefit payments to participants are recorded when paid.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

(2) Investments

The following information has been certified as complete and accurate by Fidelity Management Trust Company as of and for the years ended December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2012	2011

Interest and dividend income	302,890	267,300
	$ 1,548,250	(255,392)

(2) Investments, continued

The Plan's mutual fund investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by $1,245,360 during 2012 and $(522,692) during 2011.

(3) Fair Value Measurements

SFAS ASC 820 "Fair Value Measurements" provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in active markets of similar assets in non-active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan measured the fair value of all its investments using Level 1 inputs which consisted of quoted net asset values of shares of mutual funds held by the Plan at year end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2012 and 2011 are reported in net appreciation (depreciation) in fair value of investments.

(4) Related Party Transactions

The Plan investments include shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the custodian as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and custodial services were $17,843 and $17,744 for the years ended December 31, 2012 and 2011, respectively.

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their account balances.

(6) Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS) dated October 9, 2003, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan files annual information returns which for years subsequent to 2008 are subject to examination by taxing authorities.

(7) Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(8) Prohibited Transactions

During March, 2012, the Company determined that a participant's elective contribution was not reinstated at the conclusion of the participant's hardship status. The underpayment of $46 was subsequently corrected within a short time after the underpayment was identified.

During 2011, the Company determined that a participant contribution remittance in August, 2011 was underpaid by $1,278. The underpayment was subsequently corrected by the Company within a short time after the underpayment was identified.
