Hope Hull, Alabama

We were engaged to audit the financial statements of the Charles G. Lawson Trucking, Inc. 401(k) Salary Deferral Plan as of December 31, 2012 and 2011, and for the years then ended, and the supplemental schedules for the years then ended, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CHARLES G. LAWSON TRUCKING, INC.
401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2012 and 2011

NOTE A—DESCRIPTION OF PLAN

The following description of the Charles G. Lawson, Inc. ("Company") 401(k) Salary Deferral Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers the employees of the Company who have completed one year of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may elect to defer certain percentages of compensation and may separately elect to defer up to 90% of any bonuses paid during the year. However, total deferrals in any taxable year may not exceed a certain dollar limit set by law. Employees age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

The Plan provides for Company matching contributions in an amount determined by the Company on an annual basis. The Company has elected to make dollar-for-dollar matching contributions up to 50% of the first 5% of compensation contributed to the Plan by participants. The Company may also make profit-sharing contributions at its discretion, which would be allocated among all eligible employees. All Company contributions are subject to certain limitations set by law. The Company made matching contributions of $85,214 to the Plan in 2012 and $101,507 in 2011. Additional profit-sharing contributions were not made in either plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's basic matching contributions is based on years of continuous service. A participant is 100% vested after seven years of credited service or after reaching age 65. If a participant has completed an hour of service in a Plan Year beginning after December 31, 2001, that participant becomes fully vested after six years of credited service or after reaching age 65.

Participant Loans

The Plan does not permit participant loans.

Cash Equivalents

Although a registered mutual fund, the Plan considers funds invested in the American Funds Money Market Fund (MMF) to be cash equivalents.

NOTE A—DESCRIPTION OF PLAN, Continued

Payment of Benefits and Distributions

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or the participant may defer receipt of the interest to the extent allowed by law. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, if estimates are used, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides various mutual funds as investment options. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value using quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits and Distributions

Benefits and distributions are recorded when paid.

Subsequent Events

Subsequent events were evaluated through July 11, 2013, the date the financial statements were available for issuance.

NOTE C—INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's investments are held in a trust administered by Capital Bank and Trust Company. The following table presents the investments of the plan at fair-market value. Investments representing 5% or more of the Plan's net assets are separately identified.

NOTE D—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts on the date of termination.

NOTE E—TAX STATUS

The Internal Revenue Service has determined and informed the Third Party Administrator, Administration Partners, LLC, that the prototype plan being used is designed in accordance with applicable sections of the Internal Revenue Code and is supported by a determination letter dated March 31, 2008. The plan has been amended since receiving the determination letter. However, the plan administrator believes the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE F – FORFEITURES AND EXPENSES

The balance in the forfeiture account at December 31, 2012 and 2011 was $-0-. Forfeitures during 2012 totaled $452, all of which was used to reduce employer matching contributions. Future forfeiture amounts will be used to either offset administrative expenses or will serve to reduce the employer matching contribution as directed by plan management.

NOTE G—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement No. 157, Fair Value Measurements (FASB Statement No. 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 or 2011.

Mutual funds: Valued at the net asset value ('NAV") of shares held by the plan at year end.

NOTE G—FAIR VALUE MEASUREMENTS, Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,396,296	$ -0-	$ -0-	$ 2,396,296
Total assets at fair value	$ 2,396,296	$ -0-	$ -0-	$ 2,396,296
