Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Madsen, Kneppers, & Associates, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Company who have completed 1 year of service, are age 21 or older and who meet the Plan's eligibility requirements. The Plan excludes from eligibility those employees who are non-resident aliens, leased employees or employees governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administrator

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Custodial and recordkeeping services are provided by Reliance Trust Life Insurance and Annuity Company ("Reliance").

Contributions

Eligible participants may contribute up to 100% of eligible compensation up to a maximum of $17,000 in 2012 and $16,500 in 2011. Eligible participants who are age 50 or more may make an additional catch-up contribution up to $5,500 in 2012 and 2011. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Company matching contributions are discretionary. The matching contributions for the years 2012 and 2011 were limited to 300% of salary reduction contributions up to 5% of eligible compensation, on a payroll by payroll basis. In addition to a matching contribution, the Company may make a discretionary profit sharing contribution. Participants direct the investment of their contributions into the various investment options offered by the Plan that include cash equivalents and mutual funds.

Administration Fees

Significant costs of the Plan administration are absorbed by the Company.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of: (a) the Company's contribution, (b) Plan earnings, and (c) participant forfeitures, and can be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after 6 years of credited service. If a participant terminates employment, the non-vested portion forfeited by the employee is used to reduce Company contributions. At December 31, 2012 and 2011, the Plan had forfeited non-vested accounts of $62,013 and $19,799, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service for account balances less than $5,000, the participant is paid a lump-sum distribution. For account balances greater than $1,000, where the participant does not elect either to receive or to roll over the distribution, the Plan trustee will establish an IRA rollover account for the benefit of the participant. For account balances greater than $5,000, the participant may elect to receive a lump-sum distribution of the vested balance, periodic installments or annuity distributions. Account balances can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement.

The normal retirement age under the Plan is 59 ½ years of age

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions to net assets during the reporting period. Actual results could differ from those estimates as future confirming events occur.

Cash and Cash Equivalents

The Plan considers all unrestricted highly liquid investments with an initial maturity of 90 days or less to be cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Plan's own assertions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The methods and assumptions used to estimate the fair value of investments and cash equivalents are to record at observable quoted market prices; therefore, they are classified as Level 1.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividends are recorded on the ex-dividend date. Capital gain distributions are included in investment income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

NOTE 4 - REFUND OF EXCESS CONTRIBUTIONS

Contributions received from participants in 2012 are net of payments of $13,965 made to certain active participants to return excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. The amounts are also included in the Plan's statements of net assets available for benefits as refund of excess contributions at December 31, 2012. The Plan did not have refund of excess contributions at December 31, 2011.

NOTE 5 - FAIR VALUE MEASUREMENTS

The following table represents the Plan's fair value hierarchy for its assets measured at fair value on a recurring basis as of December 31,

	2012		
	Level 1	Level 2	Level 3
Investments at Fair Value:			
Equity Mutual Funds	$ 21,052,067	$ -	$ -
Fixed Income Mutual Funds	3,766,747	-	-
Total Investments at Fair Value	24,818,814	-	-

Cash and Cash Equivalents	3,785,256	-	-
Total	$ 24,825,497	$ -	$ -

Due to their short term nature, the carrying value of employer contributions receivable, employee contributions receivable, dividends receivable, notes receivable from participants, refund of excess contributions and accrued fees approximate their fair values at December 31, 2012 and 2011.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants have a 100% non-forfeitable interest in their accounts, including Company contributions.

NOTE 7 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan's investments are currently held in safekeeping with Reliance. Investments are in accordance with the policy set by the Plan's Administrator or by subsequent policy amendments. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H - Line 4(i) - Schedule of Assets (Held At End of Year) as of December 31, 2012.

NOTE 8 - INCOME TAX STATUS

The trust established under the Plan on July 1, 1984 to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes.

On January 1, 2002, the Plan adopted the Daily Access Corp. Defined Contribution Prototype Plan & Trust, which has been amended since receiving its favorable determination. However, the Plan Administrator believes that the Plan is currently designed and being operated within the applicable requirements of the Code.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 17, 2013, the date the financial statements were available to be issued, and there were no subsequent events to report.
