INDEPENDENT AUDITOR'S REPORT

Plan Administrator of
WorkflowOne 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the WorkflowOne 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WorkflowOne 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

General

The WorkflowOne 401(k) Retirement Plan (the Plan) is a contributory defined contribution plan sponsored by WorkflowOne LLC (the Company, Plan Sponsor and Plan Administrator). The Plan is available to substantially all employees of the Company. Fidelity Management Trust Company (the Trustee) serves as trustee of the Plan. Effective January 1, 2012 the Plan was amended through an adoption agreement executed to convert to a volume submitter profit sharing plan with cash or deferred arrangement (CODA) sponsored by an affiliate of the Plan's trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants should refer to the Summary Plan Description available from the Company for a more complete description of the Plan.

Contributions

Participants may contribute up to 75% of their pre-tax annual compensation subject to certain limitations. Additional catch-up contributions may be made by eligible participants who also meet the age provisions that apply to catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans subject to certain restrictions. Unless an eligible participant affirmatively elects otherwise, beginning 60 days after their date of hire their compensation will be reduced by 3% as an automatic enrollment contribution rate to the Plan, which for participants who were automatically enrolled after January 1, 2012 will increase by 1% annually beginning in January of 2013.

No Company discretionary matching contributions were made during 2012. Company profit-sharing contributions, if any, are discretionary as determined by the Company. No such profit-sharing contributions were made during 2012.

Investment Options

Participants may direct their contributions and Company discretionary matching and profit-sharing contributions, if any, into various investment options offered under the Plan, which include certain mutual funds, a common/collective trust fund and a participant-directed brokerage account option. The value of each investment option fund and the value of each participant's interest will fluctuate with the market value of the securities in which the fund is invested. All amounts in participant accounts are participant-directed. A participant can change investment elections at any time.

WorkflowOne 401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contract with Insurance Company

The Plan does not permit the purchase of life insurance. However, to the extent a participant had a Universal Life Insurance Policy under an insurance contract, which was transferred from a previous plan, these policies remain in effect until terminated by the participant. The life insurance portion of the insurance contract is considered as an allocated contract and, therefore, the associated assets and liabilities are not included in the Plan. The cash surrender value of the contract is considered unallocated and is included in the Plan's assets.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching contributions, if any, based on matching formula decided upon by management and related participant contributions and (b) plan earnings, and is charged with an allocation of administrative expenses based on the proportional share of participant account balances, as defined in the Plan. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or administrative expenses of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting and Forfeitures

Participants are 100% vested at all times in their voluntary contributions. Company matching contributions are 100% vested after 2 years of service. A participant's interest in the discretionary profit-sharing contributions becomes 100% vested upon attaining normal retirement age as defined in the Plan or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the participant's interest in the Company discretionary profit-sharing contribution related amounts becomes vested in accordance with a 3 year cliff vesting schedule as defined by the Plan and based on years of service with 100% vesting being reached after 3 years of service. At December 31, 2012 and 2011 there were approximately \$121,200 and \$117,300, respectively, of forfeited non-vested accounts available to be used to reduce future employer contributions or administrative expenses. During 2012, administrative expenses were reduced by approximately \$20,800 from forfeited non-vested accounts.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Benefit Payments

Upon termination of employment, a participant's vested account balance may be distributed upon the participant's request in a lump-sum payment or in installments as defined in the Plan. Upon retirement at age 65, total and permanent disability, or death, the balances in the participant's accounts are paid to the participant or their beneficiary either in the form of a lump sum, or in installments. Hardship withdrawals are available to participants upon providing adequate documentation and approval.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum amount of the lesser of 50% of the participant's vested account balance or \$50,000. Loans are amortized in level payments made each payroll period over the term of the loan not to exceed 60 months (except for loans for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear interest at Prime plus 1% as determined by the Plan Administrator.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Participant's individual accounts are charged fees for certain participant initiated transactions.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, each participant automatically becomes 100% vested in all of his or her accounts under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements are prepared on an accrual basis. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the

financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value and fair value for the common/collective trust are based on the net assets of the trust as reported in the audited financial statements of the trust and other information necessary to progress balances to the Plan's year end and are certified by the trustee of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investments in the common/collective trust as well as the adjustment of the investments in the common/collective trust from fair value to contract value relating to the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

3. Investments (continued)

During 2012, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

	Appreciation in Fair Value of Investments
Mutual funds	\$ 11,782,070
Common stock	206,136
Total	<u>\$ 11,988,206</u>

4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WorkflowOne 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan Administrator for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2012 and 2011.

Mutual funds are valued at the net asset value (NAV) of the shares held by the Plan at year end.

The interest-bearing cash money market fund is valued at \$1.00 per share its stated value at year end.

The fair value of the participation units owned by the Plan in the collective trust fund is reported based on the fair value of the trusts' underlying investments on the last business day of the plan year as determined using the audited financial statements and other financial data relating to the collective trust between its year end and the Plan's year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The fair values of investments in this category have been estimated using the net asset value per unit of the investments. Redemptions directed by a Plan Sponsor must be preceded by a twelve months written notice to the Trustee of the common/collective trust. However, the Trustee of the common/collective trust may in its discretion complete any such plan-level withdrawals before the expiration of such twelve month notice period. The Trustee of the common/collective trust may defer completing any withdrawal directed by a Plan Sponsor where doing so immediately might adversely affect the common/collective trust's portfolio.

5. Income Tax Status

The underlying volume submitter profit sharing plan with cash or deferred arrangement (CODA) has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2005-16 and 2005-1 C.B. 674, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Subsequent to this opinion letter from the IRS, the underlying volume submitter plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31 2012	December 31 2011
Net assets available for benefits per the financial statements	\$166,917,023	\$160,888,801
Add adjustment from fair value to contract value for interest in collective trust relating to fully benefit-responsive investment contracts	530,922	508,910
Net assets available for benefits per Form 5500	<u>\$167,447,945</u>	<u>\$161,397,711</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

	Year Ended December 31 2012
Net increase in net assets available for benefits per the financial statements	\$ 6,028,222
Plus net change in adjustment from fair value to contract value for interest in collective trust	22,012
Net increase per the Form 5500	<u>\$ 6,050,234</u>
