KPOST COMPANY 401(k)
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

1. Description of Plan

The following description of the KPOST Company 401(k) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by KPOST Company, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed at least one year of service, as defined in the Plan, and are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan administration - The Plan is administered by the Pension Committee which is appointed by the Board of Directors of the Company. The Plan's custodian, ING Life Insurance and Annuity Company, (the "Custodian"), is responsible for the custody and management of the Plan's assets.

Contributions - Each year, participants may contribute up to the maximum amount allowable under current law of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers an insurance investment contract with a General Account plus various Separate Accounts as investment options for participants.

In 2011, the plan provided for safe harbor matching contributions. Under the safe harbor rules of the plan, the Company matched 100% of the individual participants salary deferrals, not exceed 3% of the individual participants compensation, plus 50% of salary deferrals between 3% and 5% of the individual participants compensation. Effective April 7, 2012, the Company suspended matching contributions under the safe harbor.

In the future, the Company may make matching contributions at its discretion. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Description of Plan (continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. A participant is also 100% vested upon death or disability.

Participant Loans - Participants may borrow from their fund accounts. Participant loans are limited to 50 percent of a participant's vested account balance or $50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates are charged at prime plus one percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - For termination of service, under all circumstances, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2012 and 2011, there were no forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Investment valuation and income recognition - The Plan's investments are stated at fair value except for its investment contract which is valued at contract value (Note 6). Contract value equals fair value at all times during the life of the contract. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Reclassifications - Certain 2011 amounts have been reclassified to conform to the 2012 presentation.

3. Tax Status

The Plan Sponsor established the plan with the Third Party Administrator effective January 1, 2008. The Internal Revenue Service has informed the Third Party Administrator, by a letter dated August 7, 2001, that the Prototype Non-standardized Profit Sharing Plan with CODA are acceptable under Section 401 of the Internal Revenue Code ("IRC"). The effective date of the Plan is January 1, 2008.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

6. Investment Contract with Insurance Company

The Plan is funded with a Group Annuity Contract issued by ING Life Insurance and Annuity Company ("ING"). The contract offers a General Account plus various Separate Accounts, offering mutual funds from a variety of investment managers. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Liquidation of the entire contract may cause a one-time adjustment to the contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustees upon termination of the retirement plan, or complete change of funding vehicle.

7. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2012		
Mutual Funds	$ 1,165,005	$ 1,165,005
General Account	62,230	62,230
Participant Loans	5,934	5,934
	$ 1,233,169	$ 1,233,169
December 31, 2011		
Mutual Funds	$ 906,518	$ 906,518
General Account	43,788	43,788
	$ 950,306	$ 950,306

Generally accepted accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets , and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value .

Level 1 Fair Value Measurement

The fair value of the pooled separate accounts are based on 100% of the price of the underlying mutual fund.

8. Investments

Unaudited Information Certified by ING - The December 31, 2012 and 2011 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2012 and 2011, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by ING in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,227,235 and $950,306 at December 31, 2012 and 2011, and related investment income (loss) of $152,912 and ($75,179) for the years ending December 31, 2012 and 2011, respectively.

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2012:

ING FIXED ACCOUNT	$	62,230
THE GROWTH FUND OF AMERICA	$	62,325
CAPITAL WORLD GROWTH & INCOME - R3	$	592,998

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2011:

CAPITAL WORLD GROWTH & INCOME - R3	$	394,198

9. Reconciliation of financial statements to Form 5500

As of December 31, 2012 and 2011, the plan had no pending distributions to participants who elected to withdraw from the Plan. Amounts allocated to withdrawing participants are recorded as a liability in the Plan's Form 5500, however, are not recorded as a liability in the financial statements in accordance with generally accepted accounting principles.

There are no reconciling items between the net assets available for benefits per the financial statements at December 31, 2012 and 2011, and Schedule H, Form 5500, or the changes in net assets available for benefits per the financial statements for the years ending December 31, 2012 and 2011, and Schedule H, Form 5500.

10. **Subsequent Events**

Generally accepted accounting principals define the period after the balance sheet date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the balance sheet date and the disclosures that an organization shall make about those events or transactions. Management evaluated all events and transactions that occurred after December 31, 2012, and through July 2, 2013. The Company did not have any material recognizable subsequent events during this period.
