Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cincinnati Tool Steel Company Profit Sharing and 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by FasCore, LLC (FasCore), the current recordkeeper of the Plan, and Hartford Retirement Services, LLC (Hartford), the former recordkeeper of the Plan, as agents for JP Morgan Chase Bank, N.A., the trustee of the plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from FasCore on behalf of the trustee as of December 31, 2012, and for the period December 1, 2012 through December 31, 2012 and from Hartford on behalf of the trustee as of December 31, 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the agents for the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the agents on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Cincinnati Tool Steel Company Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Cincinnati Tool Steel Company (the Company). Employees must be 19 years of age and have completed one year of service in which the employee was credited with at least 1,000 hours to be eligible for the Plan. Participants may enter the Plan on January 1 and July 1 of each plan year. Participants must be employed at the end of the plan year in order to receive a share of the Company's discretionary match and profit sharing contribution. The Plan is subject to the provisions of the ERISA.

Contributions: Participants may contribute up to a maximum of 50% of compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The employer matching and profit sharing contributions are discretionary as determined by the Board of Directors of the Company each year. The Company approved contributions totaling $263,000 which were split between match contributions of approximately $170,000 and a profit sharing contribution of $93,000 during 2012. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of: 1) company matching and profit sharing contributions, 2) plan earnings and are charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participant contributions and earnings thereon vest immediately. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment options: Participants may direct their account balances into various investment options offered by the Plan. Participants may elect to change their investment options on a daily basis.

Payment of benefits: On termination of service for any reason, a participant with $5,000 or more in vested benefits may elect to receive either a lump-sum amount equal to the vested value of their account or periodic payments over their life expectancy. A participant with less than $5,000 in vested benefits may receive the value of the vested interest in their account as a lump-sum distribution. Participants are not eligible to receive their vested employer contribution balance until five years after their date of termination, unless the termination is due to retirement or death. Participants who have not separated from service and have reached normal retirement age of 65 may receive in-service distributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only obtain loans for medical expenses, purchase of a principal residence, tuition expenses, death of participant's spouse or dependents, prevention of eviction from a participant's principal residence or expenses for the repair of damage to the employees' principal residence that would qualify for the casualty deduction. Note terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The notes have maturities ranging from July 2013 through July 2042. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates on the outstanding notes range from 1.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2012 and 2011, forfeited nonvested accounts totaled approximately $4,700 and $2,100, respectively. Forfeitures are allocated to eligible participant accounts based on eligible compensation. Total forfeitures allocated to participants for 2012 were approximately $4,700.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Recent accounting pronouncements: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements.* The amendments in this update cover a wide range of topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013 for nonpublic entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: Plan management has evaluated subsequent events through July 9, 2013, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by FasCore, LLC and Hartford Retirement Services, LLC as Agents for JPMorgan Chase Bank, N.A., the Trustee of the Plan

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by FasCore and Hartford as agents for JPMorgan Chase Bank, N.A. (Chase), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from FasCore and Hartford as agents for Chase that the information provided to the Plan Administrator by the agents for the trustee related to the following assets is complete and accurate. Accordingly, as permitted by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Collective investment trust: Valued based on the net asset value (NAV) of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy for the Plan's assets at fair value as of December 31, 2012 and 2011:

	2012

Note 5. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2012 and 2011:

	2012 Fair Value Estimated Using Net Asset Value per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Asset category:				
Stable asset (a)	$ 590,978	$ -	Immediate	12 months

	2011 Fair Value Estimated Using Net Asset Value per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Asset category:				
Stable asset	$ 306,967	$ -	Immediate	12 months

(a) Stable Value – the fund's primary objective is to seek the preservation of principal, while providing current income and liquidity. The fund invests in a highly diversified fixed income strategy by investing in other collective trust funds and a separate account which may include U.S. treasury and agency securities, mortgage backed securities, asset-backed securities, commercial mortgage-backed securities, private mortgages, corporate debt and short-term investments.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of the transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Level 3.

Note 6. Related Party Transactions

Certain plan investments are shares of registered investment companies managed by JP Morgan Funds, an affiliate of JPMorgan Chase Bank, N.A., and a collective investment trust managed by JP Morgan Chase Bank, N.A., the plan trustee and, therefore, these transactions qualified as party-in-interest transactions. Fees paid to the trustee by the Plan for administrative expenses amounted to approximately $2,050 in 2012.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

Note 8. Income Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Hartford Retirement Services, LLC, the former agent for JP Morgan Chase Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the prototype plan received the opinion letter, however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state or local authorities for years before 2009.

Note 9. Reconciliation of Financial Statements to Form 5500
