Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The financial statements of the plan as of December 31, 2011 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee (or custodian). Their report, dated July 20, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee (or custodian), were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The supplemental schedule as of December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Super Care, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan for the eligible employees of Super Care, Inc. (the Company). The Plan has a pre-tax salary reduction provision as defined under Section 401 of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute 50% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of all contributions to their account into various investment options offered by the Plan. The Company, at its option, may make discretionary matching contributions. The Company matches voluntary participant contributions at a rate of 50% of the participants' compensation that is deferred up to a maximum of 4% of the participant's compensation. For the years ended December 31, 2012 and 2011, the Company made matching contributions of $47,414 and $50,893, respectively. For the years ended December 31, 2012 and 2011, no discretionary profit sharing contributions were allocated to the Plan. Rollover contributions from other qualified plans are accepted by the Plan.

Participant Accounts - Participant accounts are credited with the (a) participants' contributions and allocations of (b) the Company's discretionary contributions, (c) the Company's matching contributions, and (d) Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The notes receivable are secured by the vested balance in the participant's account, and bear interest at rates that are commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments - Upon reaching retirement age or upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity, or periodic installments over a period not to exceed certain prescribed life expectancy limits.

Forfeitures - At December 31, 2012 and 2011, forfeited non-vested accounts totaled $6,668 and $12,882, respectively. These accounts will be reallocated to the remaining participants. During the year ended December 31, 2012, $12,072 of forfeitures were reallocated among the participants.

Administrative Expenses - Administrative expenses are paid by the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to unallocated contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the unallocated contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis (Note 6).

Valuation of Investments - The Plan's investments are carried at fair value, as reported by the trustee and have been certified complete and accurate by the Plan's custodian. Fair values are based primarily on quotations obtained from active markets. The change in investments during the period is the difference between current fair value and the cost of the investments and is reflected in the Statements of Changes in Net Assets Available for Benefits as appreciation or depreciation in the aggregate fair value of investments. Purchases and sales of investments are recorded on a trade-date basis.

December 31, 2012 and 2011

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurements (Topic 820)*. This ASU improves the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments are of two types: (i) those that clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The update is effective for annual periods beginning after December 15, 2011. Except for the disclosure requirements, management does not expect the adoption of this guidance to have a material impact on the Plan's financial statements.

Subsequent Event - The Plan evaluated subsequent events through July 3, 2013, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements
(Continued)
December 31, 2012 and 2011

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (Mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Unallocated contracts: Guaranteed investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012.

- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Hartford Life Insurance Company (Hartford). Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $143,709 and $139,329, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semi-annual basis for resetting.

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00%	3.00%

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan has been notified by the Internal Revenue Service that it constitutes a qualified employee benefit plan under the Internal Revenue Code and, as such, is exempt from income taxes. The Plan has been amended since the notification; however, the Plan Administrator does not anticipate that changes in the Plan after the date of the notification by the Internal Revenue Service will affect the qualified and tax-exempt status of the Plan.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 9 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common collective trusts managed by Hartford Life Insurance Company. Hartford is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **$1,330.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Life Insurance Company EIN: 06-0974148

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$1,330.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2012 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2012, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$21.06**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1285% for 2012) earned on the bank accounts and investments associated with the short-term investment pool for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that, for 2012, affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus and receive management fees in the following amounts:

Hartford Capital Appreciation HLS IB	0.63% x assets
Hartford Healthcare HLS IB	0.85% x assets
Hartford Index HLS IB	0.30% x assets
