Independent Auditors' Report

The Plan Administrator
Cerestar USA, Inc. Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cerestar USA, Inc. Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2011, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 6, which was certified by Bank of New York Mellon, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the years ended December 31, 2012, and 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of (1) Schedule H, line 4i – Schedule of Assets (Held At End of Year) and (2) Schedule H, Line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2012 are required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

December 31, 2012 and 2011

(1) Description of Plan

The following is a brief description of the Cerestar USA, Inc. Pension Plan (the Plan). Participants should refer to the Plan document for more complete information.

The Plan is a noncontributory, defined benefit pension plan. The Plan covers substantially all eligible production and maintenance employees covered by the collective bargaining agreement between Cerestar USA, Inc. and the Oil, Chemical and Atomic Workers International Union, Local 7-210 (the Union) who are employed at Cargill, Incorporated's (the Company) Hammond, Indiana plant. Under the terms of the Plan, participants are entitled to a monthly benefit upon reaching age 62, the normal retirement age. Any participant with five years of continuous service is entitled to a benefit. Participants who qualify may elect to receive a reduced early retirement benefit. Some participants may be eligible for certain death benefits if the participant meets certain requirements as outlined in the Plan document.

Effective January 1, 2008, accredited service in the Plan was frozen and the employees became participants in the Cargill, Incorporated and Associated Companies Pension Plan for Union Represented Hourly Wage Employees. The benefit rate used to calculate the final benefit will be based on the negotiated rate in effect in the union plan at the time of the employee's termination.

(2) Summary of Accounting Policies

Following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and accumulated plan benefit obligations and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits and in accumulated plan benefit obligations during the reporting period. Actual amounts could differ from those estimates.

(c) Risks and Uncertainties

The Plan has investments across a range of investment strategies. Investments, in general, are exposed to various market risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these investments could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in these estimates, it is possible that changes in these assumptions could materially affect the financial statements.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(d) *Investments and Income Recognition*

Cargill, Incorporated (the Company) established, effective September 3, 1985, a master trust fund (the Master Trust) with Mellon Trust (the Plan Trustee) for its pension plans.

The purpose of the Master Trust is to pool investment transactions and achieve uniform rates of return on comparable funds under each plan in the Master Trust. Each plan deposits investable funds in the Master Trust and each owns an undivided interest in the net assets of the trust. The investment securities of the Master Trust are carried at fair value. The Plan's investment in the Master Trust represents its pro rata interest in the net assets of the trust. The unaudited financial statements of the Master Trust are separately filed with the Department of Labor (note 7).

Transactions and assets of the Master Trust are accounted for separately from those of the Plan. Securities transactions are recognized on the date the order to buy or sell is executed. Net appreciation and depreciation of investments include realized and unrealized gains and losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) *New Accounting Pronouncements*

In May 2011, the Financial Accounting Standard Board issued Accounting Standards Update (ASU) No. 2011-04 (ASU 2011-04), *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, related to fair value measurements. The amendments clarify the application of existing fair value measurements and require the Plan to disclose additional information around the valuation process. The provisions of the ASU are effective for annual or interim reporting periods beginning after December 15, 2011. The Plan adopted the provisions of the ASU in 2012. The adoption of ASU 2011-04 did not have a material effect on the Plan's financial statements. See note 8 to the financial statements.

(f) *Derivatives*

Derivative financial instruments are used by the Master Trust's investment managers primarily to rebalance the fixed income/equity allocation of the Master Trust's portfolio and to hedge the currency risk component of the Master Trust's foreign investments. The derivatives most commonly used by the investment managers are highly liquid exchange traded equity and fixed income futures, and over-the-counter forward foreign currency exchange contracts. The use of derivative instruments is not believed to materially increase the credit or market risk of the Master Trust's investments.

(g) *Actuarial Present Value of Accumulated Plan Benefits*

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to service rendered by employees. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits payable under the aforementioned circumstances are included to the extent they are deemed attributable to employee service rendered to the valuation date.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

The actuarial present value of accumulated plan benefits, including both vested (benefits to which participants are entitled, regardless of future service with the Company) and nonvested benefits, is determined as of the beginning of the plan year by the independent actuarial firm of William M. Mercer, Incorporated and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements for death, disability, termination, or retirement) between the valuation date and expected dates of payment. Significant assumptions used in the valuation include: (a) withdrawal and disability rates based upon past experience; (b) assumed mortality rates based upon published statistical data using the RP-2000 Mortality Table; (c) assumed retirement age varies from 55 to 65; (d) assumed rate of return of 7.75% and 8.0% for 2012 and 2011, respectively; and (e) assumed inflation rate of 2.5% for 2012 and 2011.

(h) Expenses

Expenses are paid out of the Master Trust by the Plan Trustee. Any expenses that are directly incurred by the plans, such as Pension Benefit Guaranty Corporation (PBGC) insurance premiums, and actuarial, audit, and benefits administration fees, are allocated to the plans based on actual costs. These expenses totaled \$163,709 and \$67,278 for 2012 and 2011, respectively. Expenses incurred by the Master Trust, such as trustee and investment management costs, are allocated to the individual plans based upon beginning of month balances invested in the Master Trust. These expenses totaled \$77,895 and \$95,680 for 2012 and 2011, respectively. Certain plan administration costs are absorbed by the plan administrator.

(3) Funding Policy

The funded status of the Plan is continually monitored by the Company. The Company makes contributions to the Plan sufficient to provide the Plan with assets with which to fund pension benefits to Plan participants. Contributions to the Plan are determined by the actuary using the Unit Credit method. The Company's contributions for 2012 and 2011 equaled or exceeded the minimum funding requirements of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(4) Termination Priorities

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, all participants become 100% vested in benefits earned as of the termination date.

In the event of plan termination, the benefit of any Highly Compensated Employee (and any Highly Compensated Former Employee), as defined in the Plan, is limited to a benefit that is nondiscriminatory under Section 401(a)(4) of the Internal Revenue Code (IRC).

If the termination is the result of the bankruptcy or near bankruptcy of the Company and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the PBGC will take over the Plan and will pay those benefits that it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan document) and the level of benefits guaranteed by the PBGC at that time.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Company and the Plan has insufficient assets, the Company will be required to pay to the Plan an amount that, together with the plan assets, will satisfy all benefits accumulated to the date of the plan termination.

(5) Employer Contribution for Return of Benefit Overpayments

During the outsourcing of defined benefit administration to Towers Watson effective April 1, 2011, management performed an internal audit of existing benefit annuities to ensure benefits were calculated accurately. Various participants were identified as receiving overpayments of their pension benefits from the Cargill pension plans. The annuities to these participants were reduced to the correct amount on a prospective basis. To correct the past overpayments, Cargill calculated the total overpayments to participants from the beginning of each annuity and contributed the overpayment amount to the Master Trust.

(6) Information Certified by Trustee

The Plan Trustee holds the Plan's investment assets, executes transactions therein pursuant to discretionary authority granted to the Plan Trustee concerning purchases and sales of investments in the Trust fund, and collects the related investment income.

The Plan Trustee has provided the plan administrator with certifications as to the completeness and accuracy of investment assets, liabilities, and income of the Plan and Master Trust as of and for the years ended December 31, 2012 and 2011 as outlined in the following table:

	<u>2012</u>	<u>2011</u>
Plan interest in Cargill Master Trust:		
Investments at fair value	\$ 31,407,223	29,608,685
Investment income	3,924,880	496,415

Investments at fair value	\$ 2,232,216,439	1,953,257,969
Investment income	269,198,381	25,562,740

Such amounts are included in the accompanying financial statements, notes thereto, and supplemental schedules of the Plan based on such certification from the Plan Trustee.

(7) Interest in Master Trust

Most of the Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and several other Cargill sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Plan Trustee. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income, including realized and unrealized gains and losses, less actual distributions and allocated administrative expenses. As of December 31, 2012 and 2011, the Plan's interest in the net assets, including realized and unrealized gains and losses, of the Master Trust was approximately 1.4% and 1.5%, respectively. Investment income related to the Master Trust is allocated to the individual plans based upon beginning of the month balances invested in the Plan.

The Master Trust invested in forward foreign currency exchange contracts during the years ended December 31, 2012 and 2011. Forward foreign currency exchange contracts are contracts for delayed delivery of securities or money market instruments in which the seller agrees to make delivery at a specified future date of a specified instrument, at a specified price or yield. The holder is exposed to credit risk for nonperformance and to market risk for changes in interest and currency rates. Those instruments

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

involve, to varying degrees, elements of credit risk in excess of the amount recognized in the statements of net assets available for benefits. The Master Trust attempts to mitigate this credit risk by utilizing the same policies in making commitments and conditional obligations as it does for on-balance-sheet instruments, and through structured trading with reputable parties and continual monitoring procedures. Accordingly, the Master Trust does not anticipate losses for nonperformance. The Master Trust does not require collateral or other security to support forward foreign currency exchange contracts.

At December 31, 2012 and 2011, the Master Trust had \$0 and \$22,698 of forward foreign currency exchange contracts receivable and \$0 and \$22,831 of forward foreign currency exchange contracts payable, respectively. The net contract receivable or payable is included in the investment categories of the security being hedged by the contracts, generally international equity securities.

The forward foreign exchange contracts are marked-to-market daily at the applicable translation rates and any resulting unrealized gains or losses are recognized by the Master Trust. Realized gains or losses are recognized at the time the sale of the forward foreign currency exchange contract is closed. A forward foreign currency exchange contract is extinguished through a sale or the expiration of the contract. Net unrealized and realized gains or losses on forward foreign currency exchange contracts are included in the investment categories of the security being hedged by the contracts, generally international equity securities.

The Master Trust began investing in common stock of the Company, a party in interest, during the year ended December 31, 1996, through a purchase agreement that allows the Master Trust to own up to 10% of its investments in Cargill, Incorporated common stock. The purchase agreement includes a put option by the Master Trust that allows it to sell the Cargill, Incorporated common stock back to the Company at the greater of cost or fair value. The Master Trust continued to hold the investment throughout the years ended December 31, 2012 and 2011. Fair value of the Cargill, Incorporated common stock is determined quarterly by an independent valuation. The transaction is considered an exempt party-in-interest transaction by the Department of Labor. At December 31, 2012 and 2011, the Cargill, Incorporated common stock represented 3.9% and 4.3%, respectively, of the Master Trust assets. If the stock were to be traded in an open market, the results of the stock value could be different from what is reported on the financial statements.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

The Master Trust has \$958,628,728 of investments in alternative investment funds and Cargill, Incorporated common stock, which are reported at fair value. For \$872,300,143 of those investments, the Master Trust has concluded that the net asset value (NAV) reported by the underlying fund approximates the fair value of the investment. Such investments are redeemable with the fund at NAV under the original terms of the partnership agreements and/or subscription agreements and operations of the underlying funds. However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the NAV of the funds and, consequently, the fair value of the Master Trust's interests in the funds. The following table summarizes the redemption terms for Master Trust investments, which were valued using the NAV as a practical expedient as of December 31, 2012.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption terms and restrictions</u>
Debt securities	\$ 7,215,396	—	Investments are redeemable monthly with one-day notice.
Real estate	122,287,155	64,684,974	Redemption not permitted for 66% of the value of investments in this category. For these investments, the Master Trust receives distributions through liquidation of underlying assets over their remaining life of up to 10 years. Other investments are redeemable daily with 30 days' notice.
Private equity	158,161,385	71,762,206	Redemption not permitted. Master Trust receives distributions through liquidation of underlying assets over their remaining life of up to 10 years.
Hedge funds	584,636,207	—	Redemption is permitted and frequency ranges from monthly to every 3 years with 30–90 days' notice.
Total	<u>\$ 872,300,143</u>	<u>136,447,180</u>	

(8) Fair Value Measurements

The Company establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

Basis for Fair Value Measurement:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quoted prices of similar or identical assets in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present the level within the fair value hierarchy at which the Master Trust investment assets are measured on a recurring basis as of December 31, 2012 and 2011:

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

- (1) Consists of (a) individual securities valued at the closing price on the major stock exchange on which they are traded and are classified as level 1 within the valuation hierarchy; (b) common/collective trust funds valued based on the quoted NAV as determined by the fund administrator. The NAV is based on the fair value of the underlying securities owned by the fund and are classified as level 2 within the valuation hierarchy; and (c) the Company's stock is valued based on observable and unobservable inputs and is classified as level 3 within the valuation hierarchy.
- (2) Corporate bonds are valued at either the yields currently available on comparable securities or valued under a discounted cash flow model. At December 31, 2012 and 2011, all Level 2 corporate bonds were held directly by the Master Trust and all Level 3 corporate bonds were held through common/collective trusts.
- (3) Consists of interests in limited partnerships that invest in real estate, private equity, and hedge funds. Real estate includes debt and equity investments in U.S. and non-U.S. securities. Private equity includes debt and equity investments in U.S. and non-U.S. securities and is diversified across buyouts, growth capital, distressed debt, mezzanine debt, and venture capital. Real estate and private equity valuations require significant management judgment due to the absence of quoted market prices and are classified within Level 3 of the valuation hierarchy. Hedge fund investments are diversified by manager, geography, and strategy. Hedge funds are valued based on quoted NAV as determined by the fund administrator and are classified within Level 3 of the valuation hierarchy due to redemption restrictions.
- (4) Short-term investment funds are valued using the NAV provided by the fund administrator. The NAV is a quoted transactional price for participants in the fund, which does not represent an active market. As such, they are classified as Level 2 within the fair value hierarchy.

The investment strategies for common/collective trust funds, real estate, private equity and hedge funds are varied, and may invest directly and indirectly in a broad range of equities, debt and derivative investments with the objective of mirroring or exceeding the total return of certain market indices (e.g., S&P 500, Russell 1000, Barclays Capital Intermediate Aggregate Bond Index). Strategies may vary based on global macroeconomic views, expected directional movements in the financial markets, market capitalization (e.g., large, medium or small cap stocks), and other factors.

The Plan's investment in Boston Company, Inc. Pooled Employee Funds Daily Liquidity Fund, which is held outside the Master Trust and is valued at cost, which approximates fair value, would fall within Level 2 of the fair value hierarchy.

The Plan did not significantly change valuation techniques from the prior period.

The Master Trust and the Plan did not have significant transfers between Levels 1 and 2 during the years ended December 31, 2012 and 2011. It is the Plan's policy to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer.

Realized and unrealized gains (losses) are included within interest in investment income of Cargill Master Trust within the statement of changes in net assets available for benefits. As of December 31, 2012 and 2011, total unrealized gains (losses) related to assets categorized within Level 3 of the fair value hierarchy held at the end of the reporting period were \$1,048,987 and (\$101,950), respectively, and were included within interest in investment income of Cargill Master Trust within the statement of changes in net assets available for benefits.

(9) Federal Income Taxes

The Plan has received a tax determination letter dated August 16, 2002, from the Internal Revenue Service stating that the Plan qualified under Section 401(a) of the IRC and the Trust created there under was exempt from federal income taxes under Section 501(a). The Plan has been amended since this determination letter, but the Company believes the Plan continues to meet the requirements of Section 401(a) of the Code and that the related trust is exempt from income tax under Section 501(a) of the Code. Therefore, no provisions for income taxes have been made.

CERESTAR USA, INC. PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(10) Party-in-Interest Transactions

Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. Mellon Trust, the Trustee of the Plan, is a party in interest as defined by ERISA as a result of its investing plan assets in certain of their funds. The Master Trust, a master trust established by the plan administrator, is a party in interest as defined by ERISA as a result of the Plan purchasing participation units of the Master Trust and shares of the Company's stock. The transactions described above are exempt under Section 408(b)(8) and are not prohibited by ERISA.

(11) Subsequent Events

On May 31, 2013, the Master Trust sold 349,450 shares valued at \$15,899,975 of its investment in Cargill, Incorporated common stock back to the Company. The proceeds will be allocated in accordance with the investment policy as set forth by the Company's Pension Investment Committee.

On June 1, 2013, the Plan was merged into the Cargill, Incorporated and Associated Companies Pension Plan for Union Represented Hourly Wage Employees (the Cargill Union Plan). On this date, assets of the Plan were transferred to the Cargill Union Plan. Benefits earned under the Plan were maintained.

The Plan has evaluated subsequent events from December 31, 2012 through July 23, 2013, the date at which the financial statements were available to be issued, and determined that with the exception of the events described above, there are no other items to disclose.

 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions

Benefits included or excluded

Unless noted below, all benefits provided by the plan, as restated and amended effective January 1, 2010, are included in this valuation.

- **Most recent plan amendments included:** Restatement adopted December 22, 2011.
- **Plan amendments excluded:** None
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Schedule SB, Part V — Summary of Plan Provisions

Effective date and plan year	Original plan: June 1, 1960 Amended and restated: Effective January 1, 2010 and adopted December 22, 2010 Plan year: January 1 to December 31

Definitions

- Covered employees The Plan covers production and maintenance employees at the Hammond, Indiana plant who are covered by the Collective Bargaining Agreement.
- Participation Covered employees are eligible to participate after the completion of one hour of service.
The entry date is the day an employee first becomes eligible.
- Credited service Credited service is limited to 45 years or the service credited through October 1, 1988 if greater. One year of credited service is credited for each plan year in which the employee works 1,800 hours. Partial service credit is credited based on the following schedule:

<u>Completed Hours</u>	<u>Credited Service</u>
751 – 1,300	.50 year
1,301 – 1,799	.75 year

Partial credited service is credited in the years of hire and termination if less than 751 hours based on actual hours divided by 751 times 0.5. Credited service is also granted during certain periods of leave of absence.

Credited service was frozen as of December 31, 2006.

- Accrued benefit (monthly) Equals years of credited service times the benefit rate.

<u>Benefit Rate</u>	<u>Effective Date</u>
\$42.00	October 1, 2003
\$44.00	January 1, 2008
\$45.00	January 1, 2009
\$46.00	October 1, 2009
\$47.00	October 1, 2010

Normal retirement

- Eligibility The first day of the calendar month coincident with or next following the Participant's 62nd birthday.
- Benefit Accrued benefit based upon a Participant's years of credited service at retirement.

Schedule SB, Part V — Summary of Plan Provisions

Early retirement	
• Eligibility	Earlier of attained age 58 with 15 years of vesting service or total of age plus years of vesting service equal to 81 or more (Rule of 81).
• Benefit	If the Participant satisfies the Rule of 81, the accrued benefit is unreduced. Otherwise, the accrued benefit is reduced 3% per year prior to the earlier of satisfying the Rule of 81 or attaining age 62.
Disability	
• Eligibility	The Participant must have completed 10 years of vesting service and has exhausted sickness and accident benefits and meet the Plan's definition of Disability. Being disabled prior to October 1, 1991, is as defined in the Collective Bargaining Agreement in effect October 1, 1988. After that disabled means inability to engage in any occupation due to physical or mental impairment, expected to either result in death, or to continue indefinitely.
• Benefit	Equals years of credited service times \$36 effective October 1, 2003 payable as a lifetime annuity or as an actuarial equivalent optional form, until death or recovery.
Deferred vested	
• Eligibility	Any Participant with five years of vesting service or has attained age 62 as an employee. Years of vesting service are any plan years in which an employee completes 1,000 hours of service. Vesting service is also granted during certain periods of a leave of absence. Partial credit is given in the years of employment and termination if less than 1,000 hours based on actual hours over 1,000.
• Benefit	The vested accrued benefit is payable at the normal retirement date, or the same percentage of the vested accrued benefit is payable as for early retirement by an active Participant when the Participant has met the age and service requirements for payment of an early retirement benefit.
Pre-retirement death	
• Eligibility	Vested Active Participant and spouse had been married at the date of the Participant's death.
• Benefit	Lifetime annuity payable immediately to the spouse actuarially equivalent to 50% of the Participant's accrued benefit. (If ten years or more service, no actuarial reductions).

Schedule SB, Part V — Summary of Plan Provisions

Non-Active pre-retirement death	
• Eligibility	Terminated Participant, with benefit receipt deferred, and spouse had been married for one year at the date of the Participant's death.
• Benefit	The spouse is entitled to the benefit that would be payable if the Participant had separated from service on the date of death, survived to the earliest commencement date, commenced benefits on a 50% Joint and Survivor benefit, and then died one day after the earliest commencement date.
Form of benefits	
• Automatic form for unmarried participants	10-year Certain and Life annuity
• Automatic form for married participants	50% Joint and Survivor for married participants
• Optional forms	Single life annuity and 50%, 75% and 100% Joint and Survivor annuity
• Optional form conversion factors	Optional forms of benefit are the actuarial equivalent of the normal form.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2012, the limit is \$200,000.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2011 to 2012.

Schedule SB, Line 24 — Change in Actuarial Assumptions

The expense component of normal cost was increased from \$80,000 to \$90,000 to reflect our expectations for the current plan year.

Schedule SB, Line 25 — Change in Method

Mercer changed to a new liability valuation system this year. This change did not materially affect liability amounts and qualifies for automatic IRS approval under Announcement 2010-3.
