Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of Crain Walnut Shelling, Inc., 401(k) Profit Sharing Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees who are age 21 or older and have one year of service with Crain Walnut Shelling, Inc.; Crain Orchards, Inc.; or Eco-Shell, Inc. (the Companies), which are related through common ownership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 2004, and has been subsequently amended. The Plan Trustees are responsible for the oversight of the Plan; the determination of the appropriateness of the investment offerings; and for monitoring the investments performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions, up to the lesser of 100% of eligible compensation or the maximum amount allowable by law.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies and a common collective trust within a pooled separate account as investment options for participants. The Companies make safe harbor matching contributions of 100% of each participant's deferral up to 3% of the participant's eligible compensation and 50% of the next 2% of eligible compensation. The Companies made safe harbor matching contributions of $110,856 and $107,116, respectively, for the years ended December 31, 2012 and 2011.

Additionally, the Companies may make discretionary non-elective contributions and discretionary additional matching contributions to the Plan. No discretionary non-elective contributions or discretionary additional matching contributions were made for the years ended December 31, 2012 and 2011.

Vesting Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in the Companies' safe harbor matching contributions. Vesting in the Companies' discretionary non-elective contribution and discretionary additional matching contributions is based on a vesting schedule whereby a participant is 100% vested after six years of credited service.

Forfeitures Forfeitures of employer contributions may be used to pay for administrative expenses or reduce future employer contributions. At December 31, 2012 and 2011, the remaining forfeited nonvested accounts totaled $233. No forfeited amounts were used to pay for plan administrative expenses or to reduce employer contributions at December 31, 2012 and 2011.

Participant Accounts Each participant's account is credited with the participant's salary deferral contributions, account earnings, and employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits Upon termination of service, a participant may elect to receive payment in the form of a lump-sum distribution or annual installments over a period of time that is not more than the participant's life expectancy.

Plan Termination Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary non-elective contributions and discretionary additional matching contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See discussion of fair value measurements below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There were no changes in the methodology used during the years ended December 31, 2012 and 2011.

Pooled Separate Account: The underlying assets of the pooled separate account consist of mutual funds and a common collective trust known as sub-accounts. Each sub-account invests in shares or units of an underlying mutual fund or common collective trust, respectively. Sub-accounts are measured in terms of accumulation units. The sub-accounts are valued based on the quoted market prices of the mutual funds and the underlying assets of the common collective trust. Certain fund fees and expenses, mortality and risk charges, and administration charges (if any) are deducted from the value of both the mutual funds and the common collective trust to arrive at the value of the sub-accounts. The accumulation units are valued at net asset value on a daily basis. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay, for up to seven days, withdrawal from the pooled separate account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrators believe the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Administrative Expenses Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of certain mutual funds and common collective trusts within the pooled separate account are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events The Plan has evaluated the need for disclosures or adjustments resulting from subsequent events through July 2, 2013, the date the financial statements were available to be issued. Based on this evaluation, no disclosures or adjustments were required to be made to the financial statements as of December 31, 2012.

3. INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments at fair value included in the accompanying statements of net assets available for benefits, and the net appreciation (depreciation) in fair value of investments, and dividends included in the accompanying statements of changes in net assets available for benefits as of and for the years ended December 31, 2012 and 2011, were not subjected to any auditing procedures and have been certified by Hartford Life Insurance Company (Hartford).

Investments that represent 5% or more of the Plan's net assets are as follows:

December 31	**2012**	**2011**
Pooled separate account:		
American Funds American Mutual R1	$ 171,136	$ 138,364

4. TAX STATUS

The Plan was restated to adopt a volume submitter profit sharing prototype plan established by Associated Pension Consultants effective January 1, 2004. The Associated Pension Consultants prototype plan document was granted a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the *Internal Revenue Code*. Adoption of the Associated Pension Consultants prototype plan updated the Plan to be in compliance with recent legislation. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the *Internal Revenue Code;* and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

5. RISKS AND UNCERTAINITIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. SUBSEQUENT EVENTS

In December 2012, Massachusetts Mutual Life Insurance Company (MassMutual) acquired the Hartford retirement plans' business and the Hartford Life Insurance Company. Effective January 1, 2013, MassMutual will provide all the administrative services to the Plan.
