NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Mesa Vineyard Management 401(k) Retirement Plan (the Plan) is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Mesa Vineyard Management, Inc. (the employer) who are at least eighteen years of age and have completed three months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Organization – Mesa Vineyard Management 401(k) Retirement Plan was organized effective January 1, 1994 to provide a tax deferred savings plan for employees of the employer who become participants of the Plan. The Plan's investments are administered by Automatic Data Processing, Inc. (ADP).

Contributions – Eligible participants may contribute, by voluntary payroll deduction, up to the maximum allowed by sections 415 and 401(k) of the Internal Revenue Code. The Company elected to adopt safe-harbor provisions and makes a matching contribution to all non highly compensated participants equal to 100% of the first 5% of compensation. The Plan also allows eligible participants to rollover amounts from other qualified retirement plans.

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contributions by payroll deduction, (2) the participant's portion of employer contributions, (3) an allocation of plan earnings (4) any loans made to or repaid by the participant, and (5) an allocation of Plan expenses.

Vesting – Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Payments of Benefits – Upon termination of service for any reason, a participant's account is generally distributed in a single lump sum payment. Withdrawals of a participant's account during the participant's employment are limited to elective contributions upon reaching age 59-1/2, and financial requirements meeting the hardship provisions of the Plan or through borrowings under the loan provisions of the Plan.

Participant Investment Options – Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation several times each quarter.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Loans – Loans are available to all participants as described in The Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of $500 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Most loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence which can be repaid over a period of up to 30 years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent as published in the Wall Street Journal on the 14th day of each month. Interest rates range from 3.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting which is in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are stated at fair value as reported by State Street Bank and Trust Company, the Plan Custodian. The fair values of the Plan's investments in mutual funds are based on the quoted market value of the underlying assets on the last business day of the Plan year.

Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consist of the net change in unrealized appreciation (depreciation) during the year on investments held at the end of the year.

Participant Loans – Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan Expenses – Expenses to administer the Plan, if not paid by the sponsor, may be paid by the Plan, and certain fees are allocated to the individual participant accounts.

Subsequent Events – The Plan Administrator has evaluated subsequent events through July 11, 2013, the date the financial statements were available to be issued.

NOTE 3. CERTIFIED INFORMATION

The Plan funds are held by State Street Bank and Trust Company, the Plan Custodian. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and participant loans at December 31, 2012 and 2011 and interest, dividends, and net appreciation (depreciation) of fair value of investments for the years then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

The following table presents the fair values of investments as certified by the Plan Custodian at December 31. Investments that represent five percent or more of the Plan's net assets are separately identified.

Participant loans	151,387	102,311
Total certified assets	$ 3,755,544	$ 3,061,211

The Plan Custodian also certified to the completeness and accuracy of $321,053 and $(78,775) of net appreciation (depreciation) in the fair value of investments and $70,670 and $43,734 of interest and dividends related to the aforementioned investments and participant loans for the years ended December 31, 2012 and 2011, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total

Income funds	58,646	–	–	58,646
Total assets at fair value	$1,779,446	$1,179,454	$ –	$2,958,900

NOTE 5. RELATED PARTY TRANSACTIONS

Plan investments are invested in funds held by State Street Bank and Trust Company, the Plan Custodian, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to State Street Bank and Trust Company, for investment services are included in net appreciation (depreciation) in fair value of investments, and amount to $500 and $5,948 for the years ended December 31, 2012 and 2011, respectively. Fees paid to the plan recordkeeper, ADP, also qualify as party-in-interest and amount to $1,900 and $1,475 for the years ended December 31, 2012 and 2011, respectively.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the Plan document to terminate this Plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the administrator that the prototype plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). The prototype plan was most recently amended November 8, 2010 to conform to new regulations, and the Plan Administrator believes the Plan continues to be operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Variations in the timing of the recognition of certain transactions affecting the Plan has resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	2012	2011
Net assets available for benefits:
