The Commodities Group 401(k) Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Commodities Group 401(k) Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits (modified cash basis) for the year ended 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion

paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the plan sponsor that the custodian holds the Plan's investment assets and executes investment transactions. The Plan sponsor has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the years ended December 31, 2012, that the information provided to the plan sponsor by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statement, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental information included in Schedule H of the Internal Revenue Service Form 5500 as of and for the year ended December 31, 2012 are required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee

Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. THE COMMODITIES GROUP 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)
December 31, 2012 and 2011

1. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the employer (the "Company") who have completed six months of service and are age 19 or older. For purposes of the Plan, the employer includes the following controlled groups:

Ecom Atlantic, Inc.
Ecom USA, Inc.
Atlantic USA, Inc.
Ecom Real Estate Management, Inc.
Atlantic Specialty Coffee, Inc.
Sunbelt Warehouse Corporation, LLC

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment

During 2011, the Plan added the Fidelity Freedom 2055 Fund investment option to the plan portfolio.

Contributions

Each year, participants may contribute up to 60 percent of gross salary, as defined in the Plan, not to exceed limitations set by the Internal Revenue Service (IRS). Participants who have

attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their contributions into various investments options offered by the Plan. The Company's contribution is discretionary. As of December 31, 2012 and 2011, the Company elected to match the first $500 of all deferrals two for one and deferrals in excess of $500 at 85 cents on the dollar up to a combined maximum match of $7,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20 percent per year of credited service and are 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms may not exceed 5 years unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.50 percent, which are commensurate with prevailing interest rates as determined by the plan sponsor. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of services due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested accounts total $7,152 and $3,391, respectively. These accounts will be used to reduce future employer contributions. Amounts forfeited for the year ended December 31, 2012 and 2011 total $9,496 and $1,885, respectively. Also, for the year ended December 31, 2012, employer contributions were reduced by $5,757 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting, which differs from generally accepted accounting principles. The more significant differences are:

- Contributions are recorded when received.
- Interest and dividend income are recorded when received.
- Expenses are recorded when paid rather than when obligation occurred.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a cash basis. Contributions are recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan sponsor deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan's management has evaluated subsequent events through July 8, 2013, the date the financial statements were available to be issued and determined there were no other items to disclose.

3. INVESTMENTS

The following investments were held by the Plan at December 31, 2012 and 2011. Investments representing five percent or more of the Plan's net assets available for benefits have been separately stated:

	December 31, 2012	December 31, 2011
Fidelity Retirement Money Market	$ 2,259,466	$ 3,059,168
Fidelity Diversified International Fund	2,182,038	1,574,757
MSIF Mid Cap Growth Fund Class P	1,683,522	1,502,248
Fidelity Contrafund	1,353,894	1,032,197
Eaton Vance Large Cap Value Fund Class A	1,235,662	977,477
Fidelity Mid-Cap Stock Fund	1,170,639	733,894
Fidelity Freedom 2020 Fund	889,098	**
Fidelity Intermediate Bond Fund	860,269	**
Other investments	5,042,734	4,813,453
Total investments	$ 16,677,322	$ 13,693,194

** Value does not represent 5% or more of the Plan's net assets available for benefits as of the respective date.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued daily based on the face value and the stated rate disclosed in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate at December 31, 2012 and 2011 and for the year ended December 31, 2012.

	December 31, 2012	December 31, 2011
Cash	$ 2,259,466	$ 3,059,168
Investments at fair value	$ 14,417,856	$ 10,634,026
Net appreciation in fair value of investments	$ 1,152,335	
Dividends	$ 396,107	
Interest	$ 265	

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company acts as the custodian of those investments as designated by the plan sponsor and, therefore, transactions in such investments qualify as party-in-interest transactions.

7. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

At December 31, 2012 and 2011, the value of the accounts held by participants who have separated from employment with the plan sponsor and have decided to continue to invest in the Plan totals $143,523 and $0, respectively.

For the year ended December 31, 2012, the value of the accounts held by participants who have separated from employment with the plan sponsor and have elected to withdraw from the Plan, but have not been paid totals $0.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

9. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the plan sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in examinations for years prior to 2009.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
