INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zim Industries, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at Year End, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan:

The Zim Industries, Inc. 401(k) Profit Sharing Plan (Plan) was established by Zim Industries, Inc. (Company) to provide retirement benefits to eligible Company employees. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, adopted effective August 1, 1988, is a defined contribution plan with a salary deferral arrangement qualified under the appropriate provisions of the Internal Revenue Code (Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by an administrative committee, consisting of Company employees, appointed by the Company's Board of Directors for the exclusive benefit of the participants. The Plan is funded under a qualified trust maintained by Fidelity Management Trust Company (Fidelity). Fidelity is authorized to invest, manage and control Plan assets, pay benefits, and ensure proper accounting records are maintained on behalf of the participants and their beneficiaries.

Eligible Participants:

Under the Plan, Company employees age 18 or older may become participants on the day they have completed one year of service and a minimum of one thousand hours. Employees may enter the plan on January 1st, April 1st, July 1st, and October 1st once they have satisfied the eligibility requirements.

Contributions:

Participants are permitted to make voluntary salary deferral contributions without limitation up to the annual maximum as defined by law ($17,000 for 2012 and $16,500 for 2011, respectively). Newly eligible participants are automatically enrolled in the Plan at a salary deferral rate of 3%. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans, subject to Code regulations.

The Company may make discretionary profit sharing contributions at the option of the Company's Board of Directors. No Company profit sharing contributions were made to the Plan for the year ended December 31, 2012.

The Company also makes matching contributions to the Plan at a rate determined by the Board of Directors on an annual basis (15% for the year ended December 31, 2012).

The Company also makes contributions to the Plan on the behalf of participants covered by Davis-Bacon contracts for the fringe benefit component of Davis-Bacon wages. These contributions become fully vested immediately.

Participant Accounts:

Each participant's account is credited with the participant's contributions, an allocation of Company contributions, if any, and Plan earnings. Allocation of discretionary profit sharing contributions is based on a participant's compensation for the Plan year as compared to the compensation of all qualifying plan participants. A participant may invest his or her account in twenty-seven investment options offered by the Plan.

Investment Options:

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions in any of the investment options available. The following funds represent 5% or more of the net assets available for benefits at December 31, 2012.

Fidelity Management Trust Company:
Janus Short Term Bond S
Fidelity Advisor Stable Value
Fidelity Advisor Freedom 2010 A
Fidelity Advisor Freedom 2020 A
Fidelity Advisor Freedom 2030 A
Fidelity Advisor Freedom 2015 A
Fidelity Advisor Freedom 2025 A
Fidelity Advisor Freedom 2050 A

Notes Receivable from Participants:

Under the Plan's provisions, participants may obtain personal loans from their account balances. Participant loans are evidenced by a written note, bear a reasonable rate of interest as determined under the loan policy, and are collateralized by the participant account balance. A participant may borrow the lesser of $50,000 or one-half of his or her vested account balance for a period not to exceed five years, except for loans used to purchase a primary residence for which loan terms of up to ten years are permitted. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable from participants are valued at cost, which approximates fair value. Interest income from loans is recorded when received. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Vesting:

Participants are immediately vested in their contributions and any Davis-Bacon contributions plus earnings thereon. Generally, Company contributions plus earnings thereon begin vesting after two years of service and become fully vested after six years of service, or upon normal retirement, disability or death. Unvested employer contributions are forfeited and allocated to Plan participants at the earlier of full distribution of vested account balance or five consecutive breaks in service. Forfeitures for the year ended December 31, 2012 were $1,104.

Payment of Benefits:

Upon termination of employment, participants are entitled to their vested benefits. Payment of benefits are made in either a lump-sum payment, installment payments, or partial withdrawals. Benefits are recorded when paid.

Administrative Expenses:

Investment advisory management and trustee fees charged to the Plan have been waived. Effective June 1, 2012, an annual account maintenance fee of $100 per BrokerageLink account has been charged to the participant. Loan initiation and automated required minimum distributions service fees are paid out of the participant balances.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts, with rights to benefits accrued to the date of termination.

Reclassifications:

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Note 2 - Summary of Accounting Policies

Basis of Presentation:

The Plan presents its financial statements on the accrual basis of accounting. All transactions captured in the statement of net assets available for benefits and statement of changes in net assets available for benefits are based on the accrual-basis method with the value of all Plan investments based on current fair market value.

Investment Valuation and Income Recognition:

Investments are stated at fair value, as determined by quoted market prices. Purchases and sales are recorded as of the trade date. Interest income is recorded when received. Dividends are recorded on the ex-dividend basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated August 18, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) through the amendment dated February 27, 2009. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan files Form 5500 Annual Return/Report of Employee Benefit Plan with the Internal Revenue Service. The Plan is no longer subject to examinations by the tax authority for the plan years before 2009.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.
Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	December 31, 2012			
	Level 1	Level 2	Level 3	Total

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zim Industries, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Forfeitures for the year ended December 31, 2012 were $1,104.

Payment of Benefits:

Upon termination of employment, participants are entitled to their vested benefits. Payment of benefits are made in either a lump-sum payment, installment payments, or partial withdrawals. Benefits are recorded when paid.

Administrative Expenses:

Investment advisory management and trustee fees charged to the Plan have been waived. Effective June 1, 2012, an annual account maintenance fee of $100 per BrokerageLink account has been charged to the participant. Loan initiation and automated required minimum distributions service fees are paid out of the participant balances.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts, with rights to benefits accrued to the date of termination.

Reclassifications:

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Note 2 - Summary of Accounting Policies

Basis of Presentation:

The Plan presents its financial statements on the accrual basis of accounting. All transactions captured in the statement of net assets available for benefits and statement of changes in net assets available for benefits are based on the accrual-basis method with the value of all Plan investments based on current fair market value.

Investment Valuation and Income Recognition:

Investments are stated at fair value, as determined by quoted market prices. Purchases and sales are recorded as of the trade date. Interest income is recorded when received. Dividends are recorded on the ex-dividend basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated August 18, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) through the amendment dated February 27, 2009. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan files Form 5500 Annual Return/Report of Employee Benefit Plan with the Internal Revenue Service. The Plan is no longer subject to examinations by the tax authority for the plan years before 2009.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.
Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:
