Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion Paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by State Street Bank and Trust Company (an affiliate of MassMutual Retirement Services, the Plan's recordkeeper) and Massachusetts Mutual Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule (as listed in the table of contents). We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustees is complete and accurate.

To the Participants and Administrator of the
Koyo Bearings USA, LLC Savings Plan

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an on opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Koyo Bearings USA, LLC Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

1. Description of Plan

The following description of the Koyo Bearings USA, LLC Savings Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2010, Koyo Bearings USA, LLC (the “Company”) was spun out of an unrelated party (the “Predecessor”). The Plan became effective on that date and serves to provide retirement benefits to certain employees of the Company, including those employees of the Predecessor that were retained by the Company. Employees who have attained the age of eighteen are eligible to enroll on the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows contributions of any portion of a participant’s pretax compensation, subject to contribution limitations specified by law. The Company matches 100% of a participant’s contributions up to the first 3% of the participant’s pretax compensation, plus 50% of a participant’s contributions up to the next 3% of the participant’s pretax compensation. Certain qualifying participants that were employed by the Predecessor are eligible to receive additional discretionary employer contributions referred to as “core” contributions. For a qualifying salaried participant, the core contribution is calculated on a point system that considers factors such as age and years of service to determine the amount of contribution to be received as a percentage of a participant’s pretax compensation. Fixed core contributions of \$900 are deposited into the accounts of qualifying participants that earn hourly wages.

Participants are 100% vested in their participant contributions, employer contributions, and earnings thereon at all times.

Participant Accounts

Each participant's account is credited with the participant’s contributions and employer matching contributions and earnings or losses thereon. Qualifying participant accounts are also credited with employer core contributions. Participants may elect to allocate current contributions among a variety of fund options. The allocations remain in effect until a new election is made. Earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

1. Description of Plan (continued)

Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. All loans must be made on a uniform and nondiscriminatory basis, be adequately secured, bear a reasonable interest rate, and have a definite repayment schedule over a reasonable period of time not to exceed the earlier of five years or the normal retirement date (unless for the purpose of purchasing a principal residence). The loan must also be consented to by the participant's spouse, if applicable, and limited to the lesser of \$50,000 reduced by a participant's highest outstanding loan balance in the previous 12 months or one half of the interest in the participant's account. Each loan outstanding as of December 31, 2012 carries an interest rate of 4.25 percent.

Payment of Benefits

Upon retirement, permanent total disability, death, or termination of employment, participants or their beneficiaries may elect to receive their vested portion of the Plan assets under several payout options. While employed by the Company, participants are allowed to withdraw contributions made on a before-tax basis before age 59½ only in cases of severe financial hardship.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Financial Statement Presentation

The Plan prepares its financial statements using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under the Plan's accounting policy, contributions are recorded when received and expenses and benefits when paid.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less withdrawals and administrative expenses. The Plan's investments include the MassMutual Retirement Services SAGIC Core Bond investment option, which is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return. The statement of net assets available for plan benefits presents the investment at fair value, as well as an additional line showing an adjustment to contract value. The statement of changes in net assets available for benefits is presented based on contract value.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Administrative Expenses

The Plan pays all custodial and recordkeeping fees. All other professional fees are paid by the Company.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

3. Fair Value Measurements

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan, and Level 2 inputs were only used when Level 1 inputs were not available. The following tables present fair value measurement information for the Plan's investments:

As of December 31, 2012				
	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)		Total
Mutual funds:				
Growth funds	\$ 26,198,996	\$ --	\$	26,198,996

3. Fair Value Measurements (continued)

Level 1 Fair Value Measurements – The fair value of investments in mutual funds is determined using quoted market prices.

Level 2 Fair Value Measurements – The guaranteed interest account is stated at fair value as determined by the issuer of the guaranteed interest account based on the fair market value of the underlying investments.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investments

Individual investments (all of which are participant-directed and which have been certified by State Street Bank and Trust Company (“State Street”) and Massachusetts Mutual Life Insurance Company (“MassLife”), the trustees of the Plan) that represent 5% or more of the Plan’s net assets available for plan benefits at December 31, 2012 and 2011 are separately identified in the following table:

	2012	2011
T Rowe Price Retirement 2020 Fund	\$ 8,894,728	\$ 6,088,878
T Rowe Price Retirement 2030 Fund	6,976,637	4,674,821
T Rowe Price Retirement 2040 Fund	3,846,035	2,553,418
SAGIC Core Bond	2,698,729	2,093,927
Total Return Fund (PIMCO)	2,517,444	2,002,424
All others <5%	10,654,209	7,121,659
Total investments at fair value	\$ 35,587,782	\$ 24,535,127

During 2012 and 2011, the Plan’s investments (including investments bought, sold, as well as held during the year) appreciated (depreciated) in value by \$2,925,238 and (\$1,052,953), respectively.

4. Unallocated Assets

Approximately \$298,000 of Plan assets had not yet been allocated to participants as of December 31, 2012.

Koyo Bearings USA, LLC Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

5. Party-in-Interest Transactions

Plan investments include investments managed by State Street (an affiliate of MassMutual Retirement Services (“MassMutual”), the Plan’s recordkeeper) and MassLife. All transactions with these companies qualify as allowable party-in-interest transactions. Fees paid by the Plan to MassMutual, State Street, and MassLife for trustee, recordkeeping, and investment advisory services amounted to approximately \$74,000 and \$70,000 for the years ended December 31, 2012 and 2011, respectively.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 21, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

7. Subsequent Events

The Plan evaluated events and transactions after December 31, 2012 through July 15, 2013, the date the financial statements were available to be issued, for subsequent events.

During January 2013, core contributions of approximately \$1,865,000 were deposited to the accounts of eligible participants for the 2012 Plan year.

Effective January 1, 2013, the Plan was amended to provide a safe harbor matching contribution to match 100% of a participant’s contributions up to the first 3% of the participant’s pretax compensation, plus 50% of a participant’s contributions up to the next 2% of the participant’s pretax compensation.

No other subsequent events were noted.

For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").
