INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the O.I. Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of O.I. Corporation 401(k) Plan, which comprise the Statement of Net Assets in Liquidation Available for Benefits as of December 31, 2012, and the related Statement of Changes in Net Assets in Liquidation Available for Benefits for the year then ended, and the related notes to the financial statements. In addition, we were engaged to audit the Statement of Net Assets Available for Benefits as of December 31, 2011.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment

transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 8 to the financial statements, the Plan was merged into another 401(k) plan on January 1, 2013. Plan assets were liquidated at December 31, 2012 and the resulting cash, along with participant loans, were transferred to the new plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the financial statements for the year ended December 31, 2011 to the liquidation basis used in presenting the financial statements for the year ended December 31, 2012.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i-Schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

O.I. Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2012 and 2011

1. Description of Plan

The following description of the O. I. Corporation (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

- (a) *General.* The Plan is a defined contribution plan covering all employees of the Company who have completed 30 days of service and are age twenty-one or older. The service requirement changed from six months to 30 days effective January 1, 2008. Plan entry dates are quarterly. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- (b) *Contributions.* Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to limits specified by the Internal Revenue Code as a salary deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers a money market account and nineteen mutual fund accounts as investment options for participants. Employees can change their investment options at any time. Beginning January 1, 2011, the plan was amended to provide for a fixed matching contribution by the Company equal to 50 percent of the first 6 percent of each participant’s contribution. In addition, Company discretionary contributions are not required but are determined annually at the sole discretion of the Company’s Board of Directors. Contributions are subject to certain limitations.
- (c) *Participant Accounts.* Each participant’s account is credited with the participant’s contribution and allocations of (i) the Company’s matching or discretionary contribution, (ii) Plan investment earnings, and (iii) appreciation in the value of investments. Each participant’s account is reduced by participant withdrawals or distributions and allocation of (i) Plan investment losses, (ii) depreciation in the value of investments, and (iii) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements - Continued
December 31, 2012 and 2011

1. Description of Plan - Continued

- (d) *Vesting.* Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

- (e) *Notes Receivable from Participants.* Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as determined by the Plan's Trustee or its affiliate plus 1%. Principal and interest are paid ratably through payroll deductions. Outstanding loans must be paid in full prior to the granting of another loan.
- (f) *Payment of Benefits.* On termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- (g) *Forfeited Accounts.* At December 31, 2012 and 2011 forfeited nonvested accounts totaled \$0 and \$11,268 respectively. The forfeitures were used in 2012 to reduce employer contributions.

2. Summary of Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the liquidation basis of accounting for the year ending December 31, 2012, and the accrual basis of accounting for the year ending December 31, 2011.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

O.I. Corporation 401(k) Plan
Notes to Financial Statements - Continued
December 31, 2012 and 2011

2. Summary of Accounting Policies - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits. Benefits are recorded when paid.

Operating Expenses. All expenses of maintaining the Plan are paid by the Company.

Subsequent Events. The plan has evaluated subsequent events through July 15, 2013, the date the financial statements were available to be issued.

3. Information Prepared and Certified By Trustee

During 2012, the Plan's investments (including those bought, sold and held during the year) appreciated in value as follows:

Mutual funds \$ 207

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- (a) *Level 1.* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- (b) *Level 2.* Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

O.I. Corporation 401(k) Plan
Notes to Financial Statements - Continued
December 31, 2012 and 2011

5. Fair Value Measurements – Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- (c) *Level 3.* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- *Mutual funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Terminated Participant Account Balances

Vested amounts allocated to accounts of persons who have terminated employment with the Company but have not received distributions totaled \$1,332,888 and \$1,237,376 at December 31, 2012 and 2011, respectively.

8. Plan Merger

In November 2010, ITT Corporation acquired O.I. Corporation and under the terms of the agreement O.I. Corporation became a subsidiary of ITT, doing business as O.I. Analytical. In October 2011, ITT Corporation split into three publically traded companies: Xylem, ITT Exelis, and ITT Corporation. O.I. Corporation is a part of Xylem and in January 2013, O.I. Corporation's 401(k) plan was merged into Xylem's 401(k) plan. As stated in merger documents, O.I. Corporation's 401(k) plan assets were liquidated at December 31, 2012 and the resulting cash, along with participant loans, were transferred to the Xylem 401(k) Plan in January 2013.

9. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank. Wells Fargo Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

Administrative expenses, including audit fees and trustee fees, paid directly by the Company on behalf of the Plan were \$15,821 and \$14,843 for the years ended December 31, 2012 and 2011, respectively. These fees were paid to Ingram, Wallis & Company, P.C. and Wells Fargo Bank, N.A.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
