 - 1) Completeness and availability of all minutes of the meetings of committees (or trustees) of the Plan or summaries of actions of recent meetings for which minutes have not yet been prepared as well as minutes of meetings of the governing body of Consolidated Restaurants, Inc. for which matters relating to the Plan were discussed.
 - b. Additional information that you have requested from us for the purpose of the audits.

Other investments are measured at fair value utilizing Level 1 inputs of the fair value hierarchy. The methods and significant

assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of the
Consolidated Restaurants, Inc. Profit Sharing
and Salary Deferral Plan and Trust
Seattle, Washington

We were engaged to audit the accompanying financial statements of the Consolidated Restaurants, Inc. Profit Sharing and Salary Deferral Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management of the Plan is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year), which is the responsibility of management of the Plan, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of the Consolidated Restaurants, Inc. Profit Sharing and Salary Deferral Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC") to provide benefits for eligible employees of Consolidated Restaurants, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Substantially all employees of the Company who are not covered under a collective bargaining agreement and have attained the age of 21 and completed one year of service with 1,000 hours are eligible to participate in the Plan.

Contributions

In general, participants may voluntarily elect to defer up to 100% of eligible annual compensation (as defined in the Plan document) to the Plan, subject to the applicable limits of the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers from other qualified plans").

The Company contributes a discretionary percentage of the amount of participant's contributions ("regular matching contribution"). The match amount is 15% on the first 5% of compensation an employee elects to defer plus an additional 10% on amounts deferred between 5% and 10%. The Company may also make additional discretionary matching contributions (determined based on participant's share of the total eligible contributions made by all participants) or other discretionary contributions (determined based on participant's share of the total eligible compensation earned by all eligible participants). In order for participants to receive a contribution from the Company, they must complete 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year. All contributions by the Company in 2012 and 2011 were regular matching contributions.

Contributions are subject to certain other limitations in accordance with the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct their proportionate share (vested and non-vested) of Plan assets to a variety of investment funds.

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. Employer contributions and related net earnings are vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Additionally, a participant becomes 100% vested when the participant attains normal retirement age, dies, or becomes disabled while in the service of the Company. Normal retirement age is age 65.

Forfeitures

The portion of a terminated participant account that is not vested ("forfeitures") can be used to pay for plan expenses or be used to reduce employer contributions. No forfeited balances were utilized in 2012 or 2011. Forfeitures pending utilization were \$1,638 and \$691 at December 31, 2012 and 2011, respectively.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50%, of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates as determined by the Plan administrator at the date the loan is funded (resulting in a rate of 4.25% per annum for all loans outstanding at December 31, 2012). Loans generally must be repaid in five years and principal and interest are paid ratably by semi-monthly payroll deductions. If the loan is for the purchase of a principal residence, the Plan may permit a longer repayment term. The notes receivable balance is due from four and two participants at December 31, 2012 and 2011, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, if the vested benefit in the Plan exceeds \$1,000, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time no greater than the participant's assumed life expectancy. If the vested benefit in the Plan does not exceed \$1,000, then a single lump-sum distribution is required.

Distributions can also be made under certain hardship provisions as defined within the Plan document.

Plan Expenses

Administrative fees are paid by the Plan and the Company. All other expenses associated with the Plan are paid by the Company and are not reimbursed by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Cash

Cash consists of an amount held in a non-interest bearing account and is stated at cost.

Investment Valuation and Income Recognition

Investments are stated at their fair value.

The Plan invested in a fully benefit-responsive investment contract through its investment in a collective trust fund (Fidelity Managed Income Portfolio). The collective trust fund's estimated fair value and contract value are based on the underlying benefit-responsive investment contract as reported by the trustee. Accounting principles generally accepted in the United States provide guidance with respect to financial statement presentation and disclosure of fully benefit-responsive investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2012 and 2011, the fully-benefit responsive investment contract is included in the statement of net assets available for benefits at fair value which approximates contract value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value.

Investments in Mutual Funds

These investments are stated at fair value based on quoted prices in an active market and classified within Level 1 of the fair value hierarchy.

Investment in a Collective Trust Fund

The collective trust fund is stated at fair value using the net asset value ("NAV") which is determined each business day by the administrator of the fund and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets (investments), less any liabilities, and then divided by the number of units outstanding. The collective trust fund invests in securities which have observable Level 2 inputs, including quoted prices for similar assets in active markets. Therefore, the fair value of this fund is classified as Level 2 of the fair value hierarchy. There are no unfunded commitments and the investments can be redeemed on a daily basis. However, in unusual market conditions, the trustee of the fund may, at its sole discretion, impose restrictions on redemptions of units. The common collective trust fund's contract value is based on the underlying benefit-responsive investment contract.

The following table presents information about the Plan's assets that have been measured at fair value on a recurring basis as of December 31, 2012 and 2011, and indicates the classification by level of input within the fair value hierarchy described above.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded.

Notes receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through the date these financial statements were available to be issued, which was the same date as the independent auditors' report.

Note 3. Tax Status

The Plan obtained its latest determination letter dated May 17, 2011, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the latest determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's Form 5500 filings are open to examination for the years ended December 31, 2009 to 2012.

Note 4. Investments

The following is a summary of the Plan's investments included in the Plan's financial statements at December 31, 2012 and 2011, that represent 5% or more of the Plan's net assets available for benefits.

Note 5. Information Prepared and Certified by Custodian

The following information as of and for the years ended December 31, 2012 and 2011, included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian, Fidelity Management Trust Company ("Fidelity"), for 2012 and 2011, respectively:

	2012	2011
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 1,512	\$ 567
Investments in mutual funds, at fair value	3,751,418	3,471,141
Investment in collective trust fund, at fair value	228,610	266,506
Statements of changes in net assets available for benefits:		
Dividend income	111,203	78,315
Net appreciation (depreciation) in fair value of mutual funds	385,555	(219,796)
Earnings from collective trust fund investment	3,064	10,966

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a collective trust fund managed by Fidelity or related entities of Fidelity. Fidelity is the custodian as defined by the Plan and, therefore, these transactions with Fidelity qualify as party-in-interest transactions. These investments amounted to \$2,114,198 and \$2,015,904 at December 31, 2012 and 2011, respectively.

Note 7. Common Collective Trust Fund

The Plan entered into a fully benefit-responsive investment contract as part of its investment in a collective trust fund, the Fidelity Managed Income Portfolio Fund ("the Portfolio Fund"). The investment objective of the Portfolio Fund is to seek the preservation of capital and provide a competitive level of income over time consistent with the preservation of capital. Thus, the Portfolio Fund invests primarily in investment contract that provides for guaranteed rates of return. As noted previously, the investment contract is included in the statements of net assets available for benefits at fair value, which approximates contract value at December 31, 2012 and 2011. Contract value represents contributions made under the contract plus interest accrued, less withdrawals and administrative expenses. The crediting interest rate was 1.05% and yielded 1.70% during 2012. The crediting interest rate was 1.39% and yielded 1.92% during 2011. The crediting rate is based on a formula agreed upon with the issuer, with no minimum crediting rate. The collective trust fund is fully benefit-responsive and participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan participants is not probable.

Note 8. Plan Termination

The Company expects to continue the Plan indefinitely, but reserves the right to terminate or amend the Plan at any time. However, no such amendment or termination shall deprive any participant of any vested interest in the Plan. Upon termination, the obligation of the Company to make contributions to the Plan shall cease and all amounts credited to the participants' accounts shall be fully vested. The Company may then direct the trustees to either distribute the funds to the participants or continue the trust, with distributions to be made pursuant to the Plan.
