NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS) AS OF DECEMBER 31, 2012 AND 2011, AND FOR THE YEAR ENDED DECEMBER 31, 2012

1. PLAN DESCRIPTION

The following description of CareMedic Systems, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering substantially all employees of CareMedic Systems, Inc. and subsidiaries (“CareMedic”). On November 30, 2009, CareMedic Systems, Inc., became a wholly owned subsidiary of Ingenix, Inc. (now OptumInsight, Inc), and UnitedHealth Group Incorporated is the ultimate parent corporation of OptumInsight, Inc (referred to collectively as the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A brief description of certain Plan provisions, as amended, are as follows.

In November 2009, CareMedic Systems, Inc. (the “Plan Sponsor”), was sold and thus expressed its intent to terminate the Plan and discontinue contributions subject to the provisions of ERISA. The Plan was terminated effective November 29, 2009 (the “Termination Date”). The event of Plan termination caused all participants to become 100% vested in their accounts. Distributions will be paid based on the terminated participants’ election. Any participant in the Plan that is still actively employed is eligible to participate in the UnitedHealth Group 401(k) Savings Plan.

Contributions and Investment Options — Up until termination of the Plan, each year participants could contribute to the Plan up to 80% of the participant’s pretax annual compensation, as defined by the Plan. Participants could also contribute amounts representing distributions from other qualified benefit or contribution plans. CareMedic provided a matching contribution equal to 50% of employee pretax contributions subject to a maximum of 6% of eligible compensation for active employees contributing to the Plan. The employer could, at its sole discretion, make a discretionary contribution to the Plan each year. Participants employed on December 31 would receive the discretionary allocation based on earnings. Participants directed the investment of both their contributions and employer contributions into various investment options offered by the Plan. Participants could invest their contributions into 19 mutual funds and three common collective trusts. Participants may change their investment options daily. The trustee of the Plan’s investments is State Street Bank and Trust Company (the “Trustee”).

Participant Accounts — Each participant’s account is credited with the participant’s contributions (up until termination of the Plan) and an allocation of (a) CareMedic’s matching and discretionary contribution (up until termination of the Plan), (b) Plan earnings, and is charged with withdrawals, transaction costs, and service charges, if any. Allocations of Plan earnings and administrative expenses are based upon the participant’s account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Eligibility and Vesting — Prior to termination, employees of the Company who had attained the age of 21 were eligible to participate in the Plan. At the Termination Date, all Plan participants became 100% vested in their accounts. Prior to the Termination Date participants were 1) immediately vested in their elective deferral contributions plus actual earnings thereon and 2) vested in CareMedic’s matching contributions and discretionary contributions, plus earnings thereon, which was based on continuous years of service. A participant was 33% vested after one year of service, as defined, and continued to vest 33% in each successive year until 100% vested after three years of service.

Notes Receivable from Participants — Issuance of new loans to participants is no longer permitted as of the Termination Date. The existing loans were secured by the vested balance in the participant's account and bear interest at prime plus 2%, determined at the loan origination date. As of December 31, 2012, there are no participant loans. Loan terms range from one to five years, or longer for the purchase of a primary residence. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits — Participant account balances can be distributed based on the following events:

- Regular distribution: Distributions to participants who separate from service, retire, or become disabled on or after the Termination Date are processed in accordance with the terms of the Plan as if the Plan had not terminated, except that participant accounts were fully vested.
- Distribution on account of death: Distributions to beneficiaries of participants who die on or after the Termination Date are processed in accordance with the Plan as if the Plan had not terminated, except that participant accounts were fully vested.
- Hardship distribution: Hardship distributions are no longer permitted after the Termination Date.
- Plan termination: Participants who do not submit distribution election forms will receive their account balance in the form of a lump-sum payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements (liquidation basis) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Due to the decision to terminate the Plan during 2009, the financial statements (liquidation basis) as of December 31, 2012 and 2011, and for the year ended December 31, 2012, have been prepared using the liquidation basis of accounting.

Use of Estimates — The preparation of financial statements (liquidation basis) in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements (liquidation basis) and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the financial statements (liquidation basis).

Investment Valuation and Income Recognition — Investments at December 31, 2012 and 2011, are reported at liquidation value. Liquidation value is the price the Plan could reasonably expect to pay or receive in the course of liquidation.

Liquidation value for shares of mutual funds held by the Plan at year-end is represented by the net asset value (NAV) of those shares, which is derived using quoted prices from active markets for identical assets. Contract value for the stable value common collective trust fund represents the value the Plan expects to receive upon liquidation of the contract. Liquidation value for units of the other common collective trust funds is the NAV, which is derived using the fair values of the underlying investments in

the fund. The adjustment from fair value to contract value is not necessary as of December 31, 2012 and 2011. The Plan does not expect to incur any significant expenses associated with liquidation of any of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized gains and losses are recorded in the period in which they occur. The Trustee holds all assets.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Deemed participant loans were not included in the balance, as of December 31, 2011, as the Plan did not expect to collect additional amounts related to these loans prior to liquidation. This method closely approximates liquidation value as of December 31, 2011. There are no participant loans as of December 31, 2012.

Administrative Expenses — Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. All administrative expenses of the Plan are paid directly by the employer.

Payment of Benefits — Benefit payments to participants are recorded upon distribution.

4. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Automatic Data Processing (ADP). ADP received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements (liquidation basis).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

On October 29, 2010, the Plan Sponsor filed an application with the IRS to request a favorable determination letter upon termination on the Plan's qualification status at the time of the Plan's termination. On October 3, 2011, CareMedic received a letter from the IRS informing it that the Plan application for favorable determination upon termination had been assigned to an IRS agent, and the agent, requested additional information. During the course of the information review process, it was determined that certain signed copies of Plan documents from 2002 could not be located. Consequently, in April 2012, CareMedic entered into settlement negotiations with the IRS under the Audit Closing Agreement Program to resolve this issue and received a closing agreement dated September 10, 2012. The Plan then received an IRS favorable determination terminating the Plan in a letter dated October 25, 2012.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2012 and 2011, and for the year ended December 31, 2011, included in the Plan's financial statements (liquidation basis) and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

6. EXEMPT RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of common collective trust funds managed by the Trustee. These transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants qualify as exempt party-in-interest transactions.

7. NET ASSET VALUE PER SHARE

A summary of the Plan's investments with a reported NAV for December 31, 2012 and 2011, is as follows:

Investment	Liquidation Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2012					
Stable value common/collective trust fund ⁽¹⁾	\$ 987	\$ -	Immediate	Various	None

⁽²⁾ The other common/collective trust funds have various investment strategies, including liquidity and long-term capital growth.

8. SUBSEQUENT EVENTS

For the year ended December 31, 2012, subsequent events were evaluated through July 25, 2013, the date the financial statements (liquidation basis) were available to be issued.
