NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 1. Description of the Plan

The following description of the Studiocom 401(k) Profit Sharing Plan, (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Studiocom, Inc. (the "Sponsor" or the "Company") who are age eighteen or older and have completed the necessary service requirement. No minimum service is required to participate in elective deferrals, matching contributions and profit sharing contributions. A participant must be employed on the last day of the Plan year to share in the profit sharing contribution for the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the Plan. The Investment Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Employee contributions may range from 0% to 100% in whole percentages of annual wages, as defined in the Plan, not to exceed maximum dollar amounts determined by law each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's salary reduction. The matching Company contributions are invested in accordance with the participants' elections. The Company may also elect to make a discretionary profit sharing contribution. The Company made contributions in the amounts of \$99,272 and \$49,261 to the Plan in 2012 and 2011, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts:

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and the Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 1. Description of the Plan (continued)

Vesting:

Participants are immediately vested in their voluntary contributions and earnings thereon. Sponsor matching and profit sharing contributions and related earnings are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than one	0%
1	25%
2	50%
3	75%
4	100%

Investment Options:

Upon enrollment, a participant may direct contributions between various investment funds, the allocation of which may be changed by the participant at any time.

Notes Receivable from Participants:

Effective January 1, 2008, participants may borrow a portion of their vested account balance. The minimum amount participants may borrow is \$1,000 and the maximum is the lesser of one half of the vested account balance or \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans receivable fund. Loans are secured by the balance in the participant's account. Loans bear interest at rates that range from 4.25 percent to 5.25 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Effective July 19, 2012, principal and interest may be paid ratably through monthly payroll deductions, through automated clearing house (ACH) or by check.

Payment of Benefits:

Benefits may be withdrawn upon termination of employment after attaining normal retirement age or upon Plan termination. Participants may withdraw all or a portion of their vested individual account if they (a) terminate employment before attaining normal retirement age, (b) become disabled, (c) attain normal retirement age but continue to work, or (d) qualify for in-service distributions on account of financial hardship.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 1. Description of the Plan (continued)

Forfeited Accounts:

Separated participants who are not 100% vested forfeit the non-vested portion of their accounts arising from Sponsor contributions at the time that they withdraw their funds from the Plan. These forfeitures are first applied to payment of Plan administrative expenses. Any remaining forfeitures will be used towards Sponsor contributions. At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$ - - and \$23,123, respectively, and are available for future use. Also, in year 2012, employer contributions were reduced by \$37,570 from forfeited nonvested accounts.

Administrative expenses:

Certain administrative expenses of the Plan, which consist primarily of investment fees and record keeping fees are paid from the assets of the Plan and are charged to the individual participant accounts in accordance with the Plan documents. Administrative expenses for the year ended December 31, 2012 were \$2,265.

Note 2. Summary of Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Recently Issued Accounting Standards:

In June 2009, the FASB issued FASB ASC 105, *Generally Accepted Accounting Principles*, which established the FASB Accounting Standards Codification as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of FASB ASC 105, the Plan has updated reference to generally accepted accounting principles (GAAP) in its financial statements. The adoption of FASB ASC 105 did not impact the Plan's financial position or changes in net assets.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as unrealized appreciation and depreciation of investments held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:

Benefits are recorded when paid.

Operating Expenses:

Certain expenses of maintaining the Plan are paid directly by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Investments

The Plan's investments are held in trust by ING Life Insurance and Annuity Company. Investment decisions are made at the discretion of the participants whose accounts are self-directed. The participants' accounts are restricted to particular funds and investment options as determined by the Plan's Investment Committee.

The fair market values of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2012	2011
American Funds Fundamental Investors SM - Class R-3	\$106,383	\$ 63,902*
ING Fixed Account	184,773	205,812

Oppenheimer Developing Markets Fund	167,656	156,413
PIMCO Total Return Fund	110,263	91,369

* Indicates amount was less the 5% of Plan's net assets.

During 2012 and 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$223,092 and (\$80,576), respectively.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value.

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

STUDIOCOM 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Cash and cash equivalents: Valued at the number of units held by the Plan at year-end.

These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables outline, for each major category of assets and liabilities measured at fair value, the fair value as of December 31, 2012 and 2011 as defined by the FASB ASC 820 hierarchy:

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 5. Information Certified by the Custodian

The Administrative Committee has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statement of net assets available for benefits, as of December 31, 2012 and 2011.
- Investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2012.
- Assets held at end of the year as of December 31, 2012, as shown on Schedule H, line 4(i).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6. Withdrawn Participants

At December 31, 2012 and 2011, no amounts were allocated to the accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 7. Related-Party Transactions

Certain Plan investments are managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the custodian as defined by the Plan; therefore, related transactions qualify as party-in-interest transactions. The Plan paid management fees \$2,265 in 2012 to ING Life Insurance and Annuity Company.

Notes receivable from participants are party-in-interest transactions. Details of notes receivable from participants are disclosed in Note 1.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

Note 9. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated September 18, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Form 5500:
