The Plan is a defined contribution plan covering all employees of Cello-Pack Corporation (the “Company” or “Plan Sponsor”) who are not members of a collective bargaining unit. Any employee who has reached the age of 18 is able to enter the Plan and receive matching contributions immediately upon the first day of the first month after the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Each year, participants may contribute a minimum of 1% but not more than 65% of eligible compensation subject to statutory limits. The Company matches 25% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. The Company did not make discretionary contributions for the years ended December 31, 2012 and 2011. The Plan also accepts participant rollover contributions from other qualified plans.

Hardship Withdrawals – A participant may, under certain defined conditions, withdraw any part of his or her vested account balance attributable to his or her elective deferral contributions, but none of the investment gain or earnings on them.

Notes Receivable from Participants – Participant loans are permitted by the Plan. Upon approval by the Plan Administrator, a participant may withdraw no less than \$1,000 and up to 50% of his or her vested account balance, not to exceed \$50,000. Repayment terms shall be fixed by the Plan Administrator. The loans are secured by the balances in the participants’ accounts and bear interest at the prime rate plus 1%. As of December 31, 2012, interest rates on outstanding loans ranged from 4.25% to 9.25% maturing through December 2017. Principal and interest are paid ratably through regular payroll deductions.

Participant Accounts – Each participant’s account is credited with contributions made by the participant and on the participant’s behalf by the employer, and an allocation of investment earnings. A participant’s account is charged with an allocation of any investment losses and any additional expenses that may be incurred as defined in the Plan. A participant’s benefits under the Plan are limited to the participant’s account balance.

Vesting – Under the Plan, participants are fully vested in their elective deferrals at all times (including any rollover/transfer contributions made to the Plan) and become 100% vested in employer matching and discretionary contributions after three years of eligible service.

Forfeitures – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances. Forfeitures may be used to pay plan expenses or to meet employer contribution obligations to the Plan. There were \$10,717 and \$12,774 of forfeitures available to offset future administrative expenses and employer contribution obligations at December 31, 2012 and 2011, respectively. For each of the years ended December 31, 2012 and 2011, \$8,914 and \$5,500, respectively, of forfeitures were used to offset administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on a U.S. generally, accepted accounting standard. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at market value, as determined by current quoted market prices.

Collective trust fund: The Fixed Account primarily holds guaranteed and other similar investment contracts, and is fully benefit-responsive. The fair value of the fund is based on the net asset values of the shares held by the Plan at year-end, with an adjustment to contract value, which represents contributions made under the contract, adjusted for interest earnings, transfers, loan activity and distributions. The Plan's investment in the collective trust fund yielded an investment gain of 1.09% and 1.66% for the years ended December 31, 2012 and 2011, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions in determining the fair value of certain financial instruments may result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) of its investments, which consists of changes in contract value of unallocated insurance contracts as well as realized gains or losses and unrealized appreciation on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Forfeitures and Administrative Expenses – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances, which are used to reduce administrative expenses and employer contributions, with any excess to be paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through July 24, 2013, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. INVESTMENTS

During the years ended December 31, 2012 and 2011, the Plan's mutual fund investments appreciated (depreciated) in value by \$504,619 and (\$293,373), respectively.

Participant elective deferral contributions and employer contributions are invested as directed by Plan participants. Participants may change their investment options up to a maximum of twenty (20) times annually.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31:

	2012	2011
<i>Level 1:</i>		
Mutual funds		
Large-cap funds	\$ 1,711,117	\$ 1,863,485
Small and mid-cap funds	1,332,451	1,342,351
Balanced funds	606,137	559,726
Bond funds	452,174	418,956
Target date funds	450,787	254,366
International funds	286,833	276,953
Conservative allocation funds	<u>93,334</u>	<u>97,200</u>
	4,932,833	4,813,037
<i>Level 2:</i>		
Common collective trusts	<u>599,643</u>	<u>805,827</u>
Total investments at fair value	<u>\$ 5,532,476</u>	<u>\$ 5,618,864</u>

The common collective trusts have been recategorized in the 2011 financial statements as Level 2 investments. It was determined that the common collective trusts' underlying assets were mainly valued using quoted market prices and other observable inputs. These investments were previously presented as Level 3 assets in the 2011 financial statements.

5. TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of mutual funds and a collective trust fund managed by The Hartford Financial Services Group, Inc., an affiliate of Hartford Retirement Services and Hartford Life Insurance Company. As Hartford Retirement Services is the Plan's recordkeeper and Hartford Life Insurance is the Plan's trustee, these transactions qualify as party in interest transactions.

6. TERMINATION

In the event of the termination of the Plan, the account of each participant shall become 100% vested and nonforfeitable, and shall continue to participate in the earnings credited, expenses charged, and any appreciation or depreciation of the investment funds until the vested account is distributed.

7. TAX STATUS

The Plan is utilizing a prototype plan developed by Hartford Life Insurance Company, which received a favorable determination letter from the IRS stating that the Plan is qualified under applicable sections of the Internal Revenue Code ("IRC"), and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan has been amended since receipt of the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan and the related trust are tax exempt.
