INDEPENDENT AUDITORS' REPORT

The Plan Administrator
FASTAFF, INC. 401(k) Plan
Greenwood Village, Colorado

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of FASTAFF, INC. 401(k) Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTERS

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules as of the year ended December 31, 2012, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of the FASTAFF, INC. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established on November 1, 1999. The Plan is available to employees age 21 years or older. Eligible employees may enter the Plan on the first day of the month following the date three months after their date of hire. The Plan excludes employees subject to a collective bargaining agreement and non-resident alien employees from participation in the Plan. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of U.S. Nursing Corp. (the "Company") administers the Plan. Principal Trust Company ("Principal") serves as trustee and custodian, manages Plan assets, and maintains the Plan's records. The trustee offers Plan participants a variety of investment options through various mutual funds, pooled separate accounts, and a guaranteed portfolio fund.

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participants may make before-tax contributions up to 67% of their annual compensation, not to exceed $17,000 in 2012 as limited by the Internal Revenue Service ("IRS"), which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contributions for the year. Employee contributions to the Plan are made through regular payroll deductions. Participants may change their elective deferred contributions at any time during the year.

Subsequent to Plan year-end, the Company may contribute a discretionary matching contribution to the Plan. Participants are eligible to receive the discretionary matching contribution after completing one year of service from the date of hire.

During the year ended December 31, 2012, the Company elected to contribute a discretionary matching contribution equal to 2/3 of the first 6% of employee deferral contributions up to 4% of eligible compensation for the Plan year payable in 2013. The Company contributed $177,462 for the year ended December 31, 2012.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, rollover contributions, the Company's matching contribution, administrative expenses, and Plan earnings or losses thereon. Each participant self-directs the investment of their account balance. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon. Prior to January 1, 2010, all safe harbor matching contributions made to the Plan were 100% vested. Any employer matching contributions made after January 1, 2010 (including forfeitures) and the earnings or losses thereon vest as follows:

Years of Service	Vested Interest
Less than 1 year	0%
1	25%
2	50%
3	100%

A participant's account becomes 100% vested upon attaining the normal retirement age of 65, upon termination of employment due to death or disability, or if the Plan is terminated.

Participant Loans

Participants are not allowed to borrow from their accounts.

Payments of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance, roll it over to another qualified retirement plan, or leave the vested interest in the Plan. Participants may also elect to receive their distribution in installments. Accounts with balances less than $5,000 may be automatically distributed upon a distribution event. In the event of a distribution where the participant balance is greater than $1,000 and less than $5,000, and the participant has not elected a distribution, the vested balance will be paid as a distribution to an individual retirement account established in the name of the participant by the participant. Participants may not make withdrawals from their accounts prior to age 59½, except in the event of disability, death, or termination of employment, without being subject to certain restrictions and penalties. Distributions are reflected in the financial statements when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of distribution, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be used to offset matching contributions or pay Plan expenses. During the year ended December 31, 2012, $13,340 in forfeitures were used to off-set 2011 employer contributions. Unallocated forfeitures at December 31, 2012 and 2011 were $3,756 and $7,433, respectively.

Valuation of Investments and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between the fair value at the beginning of the year (or date of purchase if purchased during the year) and the fair value at the end of the year (or selling price if sold during the year). Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Guaranteed Portfolio Fund

The Principal Fixed Income Guaranteed Option is a benefit-responsive group annuity contract issued by Principal Life Insurance Company with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

As described in Financial Accounting Standards Board Accounting Standards Codification Topic 946-210-45, guaranteed interest contracts ("investment contracts") held by a defined-contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fixed income guaranteed option fund. As required by generally accepted accounting principles, the statements of net assets available for benefits present the fair value of the fund, with an adjustment of the fund from fair value to contract value as of December 31, 2012 and 2011.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.81% and 1.00% for 2012 and 2011, respectively. The crediting interest rate was 2.10% and 2.65% at December 31, 2012 and 2011, respectively, and is based on a formula agreed upon with the issuer.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some of the investments held by the Plan are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Finally, the Plan provides participants the ability to invest in various pooled separate accounts and guaranteed interest accounts, which may in turn invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Administrative Expenses

The Company pays certain expenses for operating and maintaining the Plan. The Plan pays certain costs for managing Plan assets and operating and maintaining the Plan.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments

Principal has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2012 and 2011 and the income earned thereon for the year ended December 31, 2012, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Principal, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets was the following:

	December 31,	
	2012	2011
Principal Fixed Income Guaranteed Option	$ 1,519,593	$ 1,973,476
Janus Balanced S Fund	$ 1,383,561	$ 1,251,569
Harbor International Investments Fund	$ 971,856	$ 908,027
American Century A Dividend Bond Fund	$ 724,104	$ 751,910
MFS Investment Management Value A Fund	$ 583,315	$ 587,267
Principal Large Cap S&P 500 Index Sep Account	$ 546,013	$ 611,351
Principal Mid Cap Value 1 Sep Account	$ 514,306	$ 500,416
Principal Large Cap Growth II Sep Account	$ 447,924	$ 485,047

During 2012, the Plan's investments, including gains and losses on investments bought and sold as well as held during the year, appreciated in value as follows:

Mutual funds	$ 436,231
Pooled separate accounts	378,817
Guaranteed portfolio fund	42,718
	$ 857,766

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis as of December 31, 2012 and 2011.

Assets at fair value as of December 31, 2012 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Balanced/asset allocation	$ 1,383,561	$ -	$ -	$ 1,383,561
Fixed income	971,856	-	-	971,856

Total	$ 3,974,949	$ 2,461,582	$ 1,519,593	$ 7,956,124

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2011 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Balanced/asset allocation	$ 1,251,569	$ -	$ -	$ 1,251,569
International equity	908,027	-	-	908,027
Fixed income	751,910	-	-	751,910
Large U.S. equity	587,267	-	-	587,267
Small/mid U.S. equity	292,520	-	-	292,520
Pooled separate accounts				
Small/mid U.S. equity	-	1,345,097	-	1,345,097
Large U.S. equity	-	1,173,518	-	1,173,518
Guaranteed portfolio fund				
Short-term fixed income	-	-	1,973,476	1,973,476
Total	$ 3,791,293	$ 2,518,615	$ 1,973,476	$ 8,283,384

The valuation technique used to measure fair value of the mutual funds was based upon quoted market prices for the underlying investments at the last reported sales price.

The valuation technique used to measure fair value of the pooled separate accounts was the net asset value of units held by the Plan at year-end. The net asset value of these accounts is based on the market value of its underlying investments. The net asset value is not a publicly quoted price in an active market. There are no unfunded commitments and the units may be redeemed on a daily basis.

The valuation technique used to measure fair value of the guaranteed portfolio fund was based on the valuation formula disclosed in the annuity contract, as calculated by the annuity provider. The fund is a guaranteed insurance contract, which is not an investment, but rather group annuity contracts with a guarantee backed by the assets in the general account of Principal Life. The general account consists of multiple investments, which include corporate bonds, asset-backed securities, commercial real estate mortgages, government bonds, and short-term cash equivalents.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes to the valuation techniques used during the period.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, and the significant unobservable inputs and the ranges of values for those inputs:

Assets (at Fair Value)	Fair Value at December 31, 2012	Valuation Techniques	Unobservable Inputs	Range of Inputs
Custodial Guaranteed Portfolio Fund	$ 1,519,593	Assumed proceeds at discontinuation	Composite crediting rate	2.10% - 2.65%
			Rate at December 31, 2012	2.10%

Level 3 Changes

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2012:

	Short-Term Fixed Income
Beginning balance	$ 1,973,476
Total gains or losses (realized/unrealized) included in earnings	42,718
Purchases	182,551
Sales	(679,152)
Ending balance	$ 1,519,593

(a) The investment option normally invests the majority of assets in common stocks of companies that compose the S&P 500 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 500 Index. Over the long-term, management seeks a very close correlation between the performance of the separate account before expenses and that of the S&P 500 Index.

(b) The investment seeks long-term growth of capital. The fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in a diversified portfolio of equity securities of companies with a medium market capitalization (those with market capitalizations similar to companies in the Russell Midcap (R) Value Index) at the time of purchase. It invests in value equity securities, an investment strategy that emphasizes buying equity securities that appear to be undervalued. The fund also invests in real estate investment trusts.

Reported Net Asset Values (continued)

(c) The investment seeks long-term growth of capital. The fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies with large market capitalizations (those with market capitalizations similar to companies in the Russell 1000 (R) Growth Index) at the time of purchase. It invests in growth equity securities; growth orientation emphasizes buying equity securities of companies whose potential for growth of capital and earnings is expected to be above average.

(d) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies with small market capitalizations (those with market capitalizations equal to or smaller than the greater of: 1) $4.0 billion or 2) the highest market capitalization of the companies in the Russell 2000 (R) Growth Index) at the time of purchase. It invests in growth equity securities; growth orientation emphasizes buying equity securities of companies whose potential for growth of capital and earnings is expected to be above average.

(e) The investment option invests primarily in common stocks and other equity securities of medium capitalization companies. It normally invests the majority of assets in companies with market capitalizations similar to those companies in the Russell MidCap Index. Management's securities selection is based on stocks with value and/or growth characteristics, and management constructs an investment portfolio that has a blend of stocks with these characteristics. It may invest up to 25% of assets in foreign securities.

(f) The investment seeks long-term growth of capital and normally invests the majority of assets in common stocks of companies that compose the S&P SmallCap 600 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 600 Index. Over the long-term, management seeks a very close correlation between the performance of the separate account before expenses and that of the S&P 600 Index.

(g) The investment seeks to provide long-term growth of capital. The fund invests primarily in equity securities of companies with any market capitalization, but has a greater exposure to large market capitalization companies than small or medium market capitalization companies. It invests in equity securities with value and/or growth characteristics and constructs an investment portfolio that has a blend of equity securities with these characteristics. Investing in value equity securities is an investment strategy that emphasizes buying equity securities that appear to be undervalued.

Withdrawals may be made at-will in order to pay participant directed withdrawals. Such withdrawal requests are required to be paid promptly, but in all cases within one day after receiving the withdrawal notice. Withdrawal notices unrelated to participant directed withdrawals require a one-year advanced notice, but may be paid earlier at the discretion of the trust company.

Note 4 - Income Taxes

On March 31, 2008, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has since been amended; however, the Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the costs of certain outside services for the Plan. Certain fees may be charged directly to participant accounts.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of separate accounts managed by Principal, which serves as the trustee and custodian, manages Plan assets, and maintains the Plan's records, as defined by the Plan; therefore, these transactions qualify as party-in-interest. These transactions are exempt from prohibited transaction rules. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 8 - Reconciliation to Form 5500

Investments, liabilities, and participant contributions as of and for the year ended December 31, 2012 for financial reporting purposes differ from amounts shown on the Plan's Form 5500 due to the adjustment between fair value and contract value for fully benefit-responsive investment contracts and the accrual of excess contributions payable.

Note 9 - Self-Correction Matters

During 2012, the Plan sponsor filed a Voluntary Correction Program ("VCP") request with the IRS describing Plan errors that occurred and recommended actions to correct these errors. The IRS has assigned an agent to the filing, but as of July 24, 2013, the IRS has not ruled on the filing. The first error relates to the Plan's failure of the 410(b) coverage test for the 2010 and 2011 Plan years. The Plan documents incorrectly included a 1000-hour service requirement in order for participants to be eligible for the employer match. In order to correct the error, the Plan sponsor retroactively amended the Plan document to eliminate requirement.

The second error relates to an incorrect calculation of the employer match for the 2010 Plan year. As a result of the error, some participants received an incorrect match. To correct the error, for those participants whose match was less than they should have received, the Plan sponsor contributed an additional match totaling $27,573 during 2012. For those participants whose match was higher than they should have received, the Plan sponsor recommended leaving those amounts in the participants' accounts.

The third error relates to the Actual Deferral Percentage ("ADP") non-compliance testing failure for the 2010 Plan year. Because the testing was not accurately performed, two highly compensated employees ("HCE") did not receive the correct refund of excess contributions for the year. As both HCEs have since terminated, the Plan sponsor recommended directing the former participants to take the amount that should have been refunded as a distribution.

The fourth error relates to the Actual Contribution Percentage ("ACP") non-compliance testing failure for the 2010 Plan year. Because the testing was not accurately performed, six HCEs did not receive the correct refund of excess contributions for the year. As four of the HCEs have since terminated, the Plan sponsor recommended directing the former participants to take the amount that should have been refunded as a distribution. The remaining two HCEs received refunds equal to the original refund amount plus related earnings from the required date of distribution to the actual date of distribution. Total refunds distributed during 2012 were $7,391.

The fifth error relates to the ADP non-compliance testing failure for the 2011 Plan year with refunds to five HCEs in excess of the correct refund amount. In order to correct the excess refund, the Plan sponsor contributed the excess refund amount plus related earnings from the date of original refund to the date of correction to those participants' accounts. The total corrective contribution made during 2012 was $13,294.

The final error relates to the ACP non-compliance testing failure for the 2011 Plan year. As a result of the failure, two HCEs received distributions totaling $1,139. The Plan sponsor has requested that the excess tax be waived for those distributions.
