We were engaged to audit the accompanying financial statements of Nations Roof, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Hartford Life Insurance Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplement schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year and the schedule of reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Nations Roof, LLC 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan covering certain employees of Nations Roof, LLC (the "Company") and became effective January 1, 2005. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination:

Although it has expressed no intention to do so, the Company retains the right to terminate the Plan. In the event of Plan termination, all amounts credited to participants' accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

Eligibility:

An employee is eligible to participate in the Plan after completing one year of service with the Company and having reached age 21. The Plan excludes union members whose employment is governed by a collective bargaining agreement, nonresident aliens who receive no earned income from the Company which constitutes income from sources within the United States, or covered employees acquired in an asset or stock acquisition, merger or similar transaction.

Contributions and allocations:

Participants may contribute a portion of their salary or wages through payroll deduction contributions. Each participant is permitted to defer up to 100% of his or her compensation. Each participant's contribution was limited by the Internal Revenue Service ("IRS") to a maximum of $17,000 during 2012. In addition, participants older than 50 may make a catch-up contribution of up to $5,500. Participants' contributions to the Plan are invested as directed by the participants.

Each year, the Company may, at its discretion, contribute on behalf of each participant a matching contribution equal to a discretionary percentage of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. During 2012 and 2011, the Company suspended matching contributions.

At the consent of the Company, the Plan allows employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted provided the trust from which the funds are to be transferred permits the transfer to be made.

1. Description of Plan (continued)

Benefits and vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in the Company's matching contributions plus actual earnings thereon after completing three years of service. However, in the event of termination of a participant's employment for death, for total or permanent disability, or upon attainment of the normal retirement age of 65 years, such participant's Company matching contributions shall immediately become 100% vested.

Participants or their beneficiaries are eligible to receive distributions of their vested account balances upon retirement or other termination of employment. Distributions of benefits while the participant is still employed are permitted for rollovers of the account balances, after-tax distributions, financial hardship, as defined, or upon the attainment of age 59½. Participants or their beneficiaries may elect to receive a lump sum payment or minimum required payments.

Investment management fees and operating expenses:

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Notes receivable from participants:

The Plan no longer permits new loans to be issued to participants. The existing loans are secured by the vested balance in the participant's account. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. **Summary of Accounting Policies** (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Risks and uncertainties:

The Plan provides for investment options in various investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that material changes in the market values of investment securities will occur in the near term.

Subsequent Events:

The Plan has evaluated subsequent events through July 17, 2013, the date the financial statements were available to be issued.

3. Investments

The Company has entered into an agreement whereby, Hartford Life Insurance Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of a designated investment committee. The Company is the Plan's administrator and fiduciary. All investments are carried at fair value.

The following presents individual investments that represent five percent or more of net assets available for benefits as of December 31, 2012 and 2011:

Description	2012	2011
Alger Capital Appreciation Institutional Fund	$ 401,762	$ 337,618
New Perspective Fund	399,613	311,213
JP Morgan Prime Money Market Fund	383,279	-
The Hartford Capital Appreciation Fund	223,208	189,644
Wells Fargo Asset Allocation Fund	217,087	215,265
Thornburg International Value Fund	207,200	165,959
Others (less than 5%)	615,869	840,281
	$ 2,448,018	$ 2,059,980

During 2012, the Plan's investments (including gains and losses on investments sold, as well as held during the year) appreciated in value by a net amount of $226,053.

4. Fair Value Measurements

The Plan defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, Accounting Standards Codification establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2012 and 2011, segregated among the appropriate levels within the fair value hierarchy:

Description	Fair Value as of December 31, 2012	Fair Value Measurements		
		Level 1	Level 2	Level 3

Total Investments, at fair value	$ 2,059,980	$ 1,706,591	$ 353,389	$ -

Mutual funds
The investments are mutual funds. Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

Collective investments trusts
Collective investment trusts are composed of non-benefit responsive investment funds that invest in open-end mutual funds and a collective investment trust that has investments in fully benefit-responsive investment contracts. The Plan's investments in the non-benefit-responsive investment funds are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds. The fair value of the Plan's interest in the collective investment trust that has investments in fully benefit-responsive contracts. The Plan's interest in this collective investment trust is valued based on information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investment in collective investment trusts are classified as Level 2 investment. During 2012, the Plan's investment in collective investment trust was transferred to a money market account.

5. Information Certified by Custodian

All information included in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012 regarding investments and investment income, was certified to the Plan administrator by Hartford Life Insurance Company in its capacity as custodian for the Plan.

6. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to applicable sections of the Internal Revenue Code, and accordingly, net investment income is exempt from income taxes. The Company has obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service and believes that the Plan continues to qualify and to operate as designed.

The Plan was not in compliance with certain IRS non-discrimination tests for the year ended December 31, 2011. The noncompliance was corrected through a refund of the excess 401(k) contributions contributed by "highly compensated" employees for the 2011 Plan year. Such refunds are reflected in the accompanying Statement of Net Assets Available for Plan Benefits as "Refund of excess contributions payable".

Plan management has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

7. Administrative Expenses

The Company performs certain services for the Plan for which no fee is charged. Additionally, the Company paid $7,200 and $7,147 of other expenses related to the administration of the Plan for 2012 and 2011, respectively.

8. Forfeitures

Non-vested contributions which have been forfeited by employees due to termination of employment prior to achieving vested status may be used to pay plan expenses or are re-allocated to Plan participants. Forfeitures for the year ended December 31, 2012 approximated $2,700.

9. Related Party Transactions

Certain Plan investments and related transactions as of December 31, 2012 and 2011, and for the year ended December 31, 2012, were in investment funds managed by the Plan's trustee; therefore, these investments and transactions qualify as party-in-interest transactions. The Plan's transactions with its third-party administrator and record-keeper also qualify as party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

10. Non – Exempt Prohibited Transactions

During 2012, the Plan had incurred various operational errors relating to participant contributions, including failure to transmit participant contributions to the Plan within the time period described in 29 CFR 2510.3-102. The Company corrected these errors by July, 2013.

Participants or their beneficiaries may elect to receive a lump sum payment or minimum required payments.

Investment management fees and operating expenses:

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Notes receivable from participants:

The Plan no longer permits new loans to be issued to participants. The existing loans are secured by the vested balance in the participant's account. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. **Summary of Accounting Policies** (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Risks and uncertainties:

The Plan provides for investment options in various investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that material changes in the market values of investment securities will occur in the near term.

Subsequent Events:

The Plan has evaluated subsequent events through July 17, 2013, the date the financial statements were available to be issued.

3. Investments

The Company has entered into an agreement whereby, Hartford Life Insurance Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of a designated investment committee. The Company is the Plan's administrator and fiduciary. All investments are carried at fair value.

The following presents individual investments that represent five percent or more of net assets available for benefits as of December 31, 2012 and 2011:

Description	2012	2011
Alger Capital Appreciation Institutional Fund	$ 401,762	$ 337,618
New Perspective Fund	399,613	311,213
JP Morgan Prime Money Market Fund	383,279	-
The Hartford Capital Appreciation Fund	223,208	189,644
Wells Fargo Asset Allocation Fund	217,087	215,265
Thornburg International Value Fund	207,200	165,959
Others (less than 5%)	615,869	840,281
	$ 2,448,018	$ 2,059,980

During 2012, the Plan's investments (including gains and losses on investments sold, as well as held during the year) appreciated in value by a net amount of $226,053.

4. Fair Value Measurements

The Plan defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, Accounting Standards Codification establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2012 and 2011, segregated among the appropriate levels within the fair value hierarchy:

Description	Fair Value as of December 31, 2012	Fair Value Measurements

Mutual funds
The investments are mutual funds. Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

Collective investments trusts
Collective investment trusts are composed of non-benefit responsive investment funds that invest in open-end mutual funds and a collective investment trust that has investments in fully benefit-responsive investment contracts. The Plan's investments in the non-benefit-responsive investment funds are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds. The fair value of the Plan's interest in the collective investment trust that has investments in fully benefit-responsive contracts. The Plan's interest in this collective investment trust is valued based on information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investment in collective investment trusts are classified as Level 2 investment. During 2012, the Plan's investment in collective investment trust was transferred to a money market account.

5. Information Certified by Custodian

All information included in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012 regarding investments and investment income, was certified to the Plan administrator by Hartford Life Insurance Company in its capacity as custodian for the Plan.

6. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to applicable sections of the Internal Revenue Code, and accordingly, net investment income is exempt from income taxes. The Company has obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service and believes that the Plan continues to qualify and to operate as designed.

The Plan was not in compliance with certain IRS non-discrimination tests for the year ended December 31, 2011. The noncompliance was corrected through a refund of the excess 401(k) contributions contributed by "highly compensated" employees for the 2011 Plan year. Such refunds are reflected in the accompanying Statement of Net Assets Available for Plan Benefits as "Refund of excess contributions payable".

Plan management has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

7. Administrative Expenses

The Company performs certain services for the Plan for which no fee is charged. Additionally, the Company paid $7,200 and $7,147 of other expenses related to the administration of the Plan for 2012 and 2011, respectively.

8. Forfeitures

Non-vested contributions which have been forfeited by employees due to termination of employment prior to achieving vested status may be used to pay plan expenses or are re-allocated to Plan participants. Forfeitures for the year ended December 31, 2012 approximated $2,700.

9. Related Party Transactions

Certain Plan investments and related transactions as of December 31, 2012 and 2011, and for the year ended December 31, 2012, were in investment funds managed by the Plan's trustee; therefore, these investments and transactions qualify as party-in-interest transactions. The Plan's transactions with its third-party administrator and record-keeper also qualify as party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

10. Non – Exempt Prohibited Transactions

During 2012, the Plan had incurred various operational errors relating to participant contributions, including failure to transmit participant contributions to the Plan within the time period described in 29 CFR 2510.3-102. The Company corrected these errors by July, 2013.

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Total Direct Compensation Paid **$425.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Life Insurance Company EIN: 06-0974148

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$425.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2012 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2012, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$5.96**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1285% for 2012) earned on the bank accounts and investments associated with the short-term investment pool for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that, for 2012, affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus and receive management fees in the following amounts:
