Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Century Engineering, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Bank & Trust F.S.B., and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of December 31, 2012 and 2011 and for the years then ended, that the information provided to the Plan Administrator by the trustees is complete and accurate.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE A - DESCRIPTION OF PLAN

The following description of the Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees (excluding the classification of inspector) of Century Engineering, Inc. and EPSYS, LLC (collectively, the Company) who are at least 18 years of age and have completed three months of service. Effective July 1, 2012, the Plan was amended to include all employees that meet the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 90% of their compensation, not to exceed the annual maximum deferral amount as defined by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of a calendar year. The Plan has an automatic enrollment provision whereby participants will automatically have 3% of their compensation deferred into the Plan, unless they elect otherwise. Automatic deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 6% of compensation. Effective July 1, 2011, the automatic deferral percentage was increased to 5%; automatic deferral percentages will increase by 1% each plan year up to a maximum of 10% of compensation. The Plan also includes a Roth 401(k) deferral option.

The employer may make discretionary matching contributions to the Plan to be determined annually. For the years ended December 31, 2012 and 2011, the matching contribution is 100% of the participant's first \$1,000 of employee deferrals. The employer matching contributions were \$273,486 and \$277,365 for 2012 and 2011, respectively, before application of forfeitures. The employer may also make discretionary profit sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit sharing contribution, with the exception of death, permanent disability and retirement. There were no profit sharing contributions for 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer matching contribution, (b) the employer discretionary profit sharing contribution, (c) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (d) charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant directs the investments for their account.

NOTE A - DESCRIPTION OF PLAN - continued

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral amounts and rollover contributions plus actual earnings thereon, regardless of the number of years of service. If a participant ceases participation except by retirement, death or permanent disability, the vested interest in employer contributions and earnings thereon is dependent upon the years of credited service. Each participant is vested in the employer's match and profit sharing contributions according to the following schedule based upon years of service:

<u>Years of Vesting</u> <u>Service - Matching</u>		<u>Years of Vesting</u> <u>Service - Profit Sharing</u>	
Less than 2 years	0%	Less than 2 years	0%
2 years	100%	2 years	20%
		3 years	40%
		4 years	60%
		5 years	80%
		6 years or more	100%

Forfeitures shall be used to first pay Plan expenses, and then reduce the employer's contribution to the Plan. For the years ended December 31, 2012 and 2011, forfeited nonvested accounts totaled \$3,862 and \$8,864, respectively. There were no forfeitures used against employer contributions for 2012. The Plan used forfeitures of \$4,395 to offset 2011 employer contributions paid in 2012. During the years ended December 31, 2012 and 2011, the Plan used forfeitures of \$4,114 and \$1,650 to offset Plan expenses, respectively.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect distribution in the form of either a lump-sum amount equal to the value of his or her vested account, or defer receiving payments until age 70½. Benefits are also available to participants for hardship situations as defined in the Plan and in-service distributions are available for participants greater than age 59½.

If the participant's account is less than \$5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Unrealized gains and losses are recognized on investments as the difference between the market value at the end of the year and the market value at the beginning of the year or cost if purchased during the year. Realized gains and losses are recognized on the sale of investments using the average cost method and are recorded on a trade-date basis. Such gains and losses are then adjusted for any unrealized gain or loss recognized in prior years. Interest income is recorded when earned whether or not received. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if necessary. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis.

Guaranteed Account

The Plan maintains a guaranteed insurance contract with Prudential Retirement Insurance and Annuity Company that is considered to be fully benefit responsive. The contract is valued at contract value which approximates fair market value. As described above, because the guaranteed account is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Guaranteed Account - continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.75% and 1.85% for the years ended December 31, 2012 and 2011, respectively. The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting. The minimum crediting rate is 1.50%.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2012 and 2011. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplementary schedule.

At December 31, 2012 and 2011, the Plan's investments were held by the trustees, Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and recordkeeper of the Plan in order to present the financial statements on an accrual basis.

The following table presents investments that represent 5% or more of the Plan's net assets each year:

	<u>December 31,</u>	
	<u>2012</u>	<u>2011</u>
Mutual funds:		
Prudential Growth Fund of America R4	\$ -	\$ 2,318,899

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The identification of the input levels for each category of investment is as follows:

	Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth funds	\$ 8,544,849	\$ -	\$ -	\$ 8,544,849

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE D - FAIR VALUE MEASUREMENTS - continued

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The effect of Level 3 inputs on net assets is as follows:

	<u>2012</u>	<u>2011</u>
Beginning balance	\$ 3,622,740	\$ 3,292,606
Interest credited	65,618	62,619
Purchase, sales, issuances, settlements:		
Purchases	914,000	833,075
Sales	<u>(690,653)</u>	<u>(565,560)</u>
Ending balance	<u>\$ 3,911,705</u>	<u>\$ 3,622,740</u>

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: The concept of a value other than Contract Value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity spread product even upon a discontinuance of the contract in which case Contract Value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. This contract's operation is different than many other evergreen group annuity products in the market by virtue of the fact that a Market Value (Fair Value) Adjustment does not apply upon discontinuance. There are not any specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a Fair Value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is not a traditional GIC and therefore there are not any known cash flows that could be discounted. As a result, the Fair Value amount shown is equal to the Contract Value.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, participants would become fully vested in their benefits.

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype has been amended since receiving the determination letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements. The Plan adopted the prototype plan document effective January 1, 2010.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Prudential, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Prudential is a party-in-interest as defined by ERISA as a result of investing Plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from Plan assets or by the Company pursuant to provisions of the Plan document. For the years ended December 31, 2012 and 2011, the expenses of administering the Plan, mainly recordkeeping fees, were paid by the Plan. The audit fees for the years ended December 31, 2012 and 2011 were paid by the Company.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE H - LOANS TO PLAN PARTICIPANTS

Participant loans are reported at unpaid balances plus any unpaid accrued interest. At December 31, 2012 and 2011, the Plan had loans with participants with values equal to \$479,435 and \$437,672, respectively. Employees may borrow a minimum of \$500 up to a maximum of \$50,000 or 50% of the participant's vested account balance less the highest outstanding loan balance in the previous twelve months. Loan repayments are made through bi-weekly payroll deductions. Interest rates are determined by the Plan Administrator in accordance with the Plan's loan policy. There is no credit risk involved with these loans as any defaults are then deemed taxable distributions to the participant. Any individual default would have no effect on the other participants' investment balances. These loans satisfy the statutory exemption from the prohibited transaction rules.

NOTE I - EXCESS CONTRIBUTIONS PAYABLE

At December 31, 2012 and 2011, there were excess contributions payable of \$30,079 and \$10,658, respectively, to be made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Included in this amount are related earnings/(loss) on the contributions of \$3,340 and \$(513), respectively. These amounts were refunded to participants during 2013 and 2012, respectively. The refunds relating to 2012 were paid by the due date of March 15, 2013. The refunds relating to 2011 were not paid by the due date of March 15, 2012. The Plan sponsor filed the necessary Form 5330 and paid the appropriate excise tax for the delinquent refunds.

NOTE J - RECONCILIATION TO FORM 5500

The financial statements are prepared on the accrual basis of accounting and the Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500:

	December 31,

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Century Engineering, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Century Engineering, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Bank & Trust F.S.B., and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of December 31, 2012 and 2011 and for the years then ended, that the information provided to the Plan Administrator by the trustees is complete and accurate.

INDEPENDENT AUDITORS' REPORT - continued

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) for the period ended December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE A - DESCRIPTION OF PLAN

The following description of the Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees (excluding the classification of inspector) of Century Engineering, Inc. and EPSYS, LLC (collectively, the Company) who are at least 18 years of age and have completed three months of service. Effective July 1, 2012, the Plan was amended to include all employees that meet the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 90% of their compensation, not to exceed the annual maximum deferral amount as defined by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of a calendar year. The Plan has an automatic enrollment provision whereby participants will automatically have 3% of their compensation deferred into the Plan, unless they elect otherwise. Automatic deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 6% of compensation. Effective July 1, 2011, the automatic deferral percentage was increased to 5%; automatic deferral percentages will increase by 1% each plan year up to a maximum of 10% of compensation. The Plan also includes a Roth 401(k) deferral option.

The employer may make discretionary matching contributions to the Plan to be determined annually. For the years ended December 31, 2012 and 2011, the matching contribution is 100% of the participant's first \$1,000 of employee deferrals. The employer matching contributions were \$273,486 and \$277,365 for 2012 and 2011, respectively, before application of forfeitures. The employer may also make discretionary profit sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit sharing contribution, with the exception of death, permanent disability and retirement. There were no profit sharing contributions for 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer matching contribution, (b) the employer discretionary profit sharing contribution, (c) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (d) charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant directs the investments for their account.

CENTURY ENGINEERING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE A - DESCRIPTION OF PLAN - continued

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral amounts and rollover contributions plus actual earnings thereon, regardless of the number of years of service. If a participant ceases participation except by retirement, death or permanent disability, the vested interest in employer contributions and earnings thereon is dependent upon the years of credited service. Each participant is vested in the employer's match and profit sharing contributions according to the following schedule based upon years of service:

<u>Years of Vesting Service - Matching</u>		<u>Years of Vesting Service - Profit Sharing</u>	
Less than 2 years	0%	Less than 2 years	0%
2 years	100%	2 years	20%
		3 years	40%
		4 years	60%
		5 years	80%
		6 years or more	100%

Forfeitures shall be used to first pay Plan expenses, and then reduce the employer's contribution to the Plan. For the years ended December 31, 2012 and 2011, forfeited nonvested accounts totaled \$3,862 and \$8,864, respectively. There were no forfeitures used against employer contributions for 2012. The Plan used forfeitures of \$4,395 to offset 2011 employer contributions paid in 2012. During the years ended December 31, 2012 and 2011, the Plan used forfeitures of \$4,114 and \$1,650 to offset Plan expenses, respectively.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect distribution in the form of either a lump-sum amount equal to the value of his or her vested account, or defer receiving payments until age 70½. Benefits are also available to participants for hardship situations as defined in the Plan and in-service distributions are available for participants greater than age 59½.

If the participant's account is less than \$5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Unrealized gains and losses are recognized on investments as the difference between the market value at the end of the year and the market value at the beginning of the year or cost if purchased during the year. Realized gains and losses are recognized on the sale of investments using the average cost method and are recorded on a trade-date basis. Such gains and losses are then adjusted for any unrealized gain or loss recognized in prior years. Interest income is recorded when earned whether or not received. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if necessary. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis.

Guaranteed Account

The Plan maintains a guaranteed insurance contract with Prudential Retirement Insurance and Annuity Company that is considered to be fully benefit responsive. The contract is valued at contract value which approximates fair market value. As described above, because the guaranteed account is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Guaranteed Account - continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.75% and 1.85% for the years ended December 31, 2012 and 2011, respectively. The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting. The minimum crediting rate is 1.50%.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2012 and 2011. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplementary schedule.

At December 31, 2012 and 2011, the Plan's investments were held by the trustees, Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and recordkeeper of the Plan in order to present the financial statements on an accrual basis.

The following table presents investments that represent 5% or more of the Plan's net assets each year:

	<u>December 31,</u>	
	<u>2012</u>	<u>2011</u>
Mutual funds:		
Prudential Growth Fund of America R4	\$ -	\$ 2,318,899

Guaranteed insurance contract	3,911,705	3,622,740

During 2012 and 2011, the Plan's mutual funds, including investments bought, sold, and held during the year, appreciated (depreciated) in value by \$2,220,945 and \$(1,189,044), respectively.

CENTURY ENGINEERING, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2012 AND 2011****NOTE D - FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The identification of the input levels for each category of investment is as follows:

	Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth funds	\$ 8,544,849	\$ -	\$ -	\$ 8,544,849

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE D - FAIR VALUE MEASUREMENTS - continued

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The effect of Level 3 inputs on net assets is as follows:

	<u>2012</u>	<u>2011</u>
Beginning balance	\$ 3,622,740	\$ 3,292,606
Interest credited	65,618	62,619
Purchase, sales, issuances, settlements:		
Purchases	914,000	833,075
Sales	<u>(690,653)</u>	<u>(565,560)</u>
Ending balance	<u>\$ 3,911,705</u>	<u>\$ 3,622,740</u>

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: The concept of a value other than Contract Value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity spread product even upon a discontinuance of the contract in which case Contract Value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. This contract's operation is different than many other evergreen group annuity products in the market by virtue of the fact that a Market Value (Fair Value) Adjustment does not apply upon discontinuance. There are not any specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a Fair Value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is not a traditional GIC and therefore there are not any known cash flows that could be discounted. As a result, the Fair Value amount shown is equal to the Contract Value.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, participants would become fully vested in their benefits.

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype has been amended since receiving the determination letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements. The Plan adopted the prototype plan document effective January 1, 2010.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Prudential, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Prudential is a party-in-interest as defined by ERISA as a result of investing Plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from Plan assets or by the Company pursuant to provisions of the Plan document. For the years ended December 31, 2012 and 2011, the expenses of administering the Plan, mainly recordkeeping fees, were paid by the Plan. The audit fees for the years ended December 31, 2012 and 2011 were paid by the Company.

CENTURY ENGINEERING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE H - LOANS TO PLAN PARTICIPANTS

Participant loans are reported at unpaid balances plus any unpaid accrued interest. At December 31, 2012 and 2011, the Plan had loans with participants with values equal to \$479,435 and \$437,672, respectively. Employees may borrow a minimum of \$500 up to a maximum of \$50,000 or 50% of the participant's vested account balance less the highest outstanding loan balance in the previous twelve months. Loan repayments are made through bi-weekly payroll deductions. Interest rates are determined by the Plan Administrator in accordance with the Plan's loan policy. There is no credit risk involved with these loans as any defaults are then deemed taxable distributions to the participant. Any individual default would have no effect on the other participants' investment balances. These loans satisfy the statutory exemption from the prohibited transaction rules.

NOTE I - EXCESS CONTRIBUTIONS PAYABLE

At December 31, 2012 and 2011, there were excess contributions payable of \$30,079 and \$10,658, respectively, to be made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Included in this amount are related earnings/(loss) on the contributions of \$3,340 and \$(513), respectively. These amounts were refunded to participants during 2013 and 2012, respectively. The refunds relating to 2012 were paid by the due date of March 15, 2013. The refunds relating to 2011 were not paid by the due date of March 15, 2012. The Plan sponsor filed the necessary Form 5330 and paid the appropriate excise tax for the delinquent refunds.

NOTE J - RECONCILIATION TO FORM 5500

The financial statements are prepared on the accrual basis of accounting and the Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500:
