Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BATES CAREY NICOLAIDES LLP PROFIT SHARING PLAN AND TRUST WITH CASH OR DEFERRED 401(K) FEATURES (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Mass Mutual Retirement Services, a division of Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investments transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With the DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BATES CAREY NICOLAIDES LLP
PROFIT SHARING PLAN AND TRUST WITH CASH OR DEFERRED 401(K) FEATURES
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Bates Carey Nicolaides LLP Profit Sharing Plan and Trust with Cash or Deferred 401(k) Features (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Bates Carey Nicolaides LLP (the Company) who have completed six months of service. The Plan was adopted effective January 1, 2000. A plan restatement was effective January 1, 2007. The Plan is designed to comply with the provisions of the Internal Revenue Code (IRC), and includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions - Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan up to the maximum amounts allowed by the IRC. Effective December 1, 2010, participants may contribute amounts representing Roth 401(k) deferrals. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions up to the maximum amounts allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. However, the Plan does not accept Roth rollovers. The Company makes a nonelective safe harbor contribution equal to 3% of eligible participant compensation. The Company may also make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on a non-discriminatory classification of employees as defined by the Plan. Profit sharing contributions of $922,576 and $850,126 were made to the Plan by the Company for the plan years ended December 31, 2012 and 2011, respectively. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and the Company's nonelective safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested upon death or disability, attainment of age 65, or after two years of credited service.

Payment of Benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures - As of December 31, 2012 and 2011, the Plan had $7,047 and $10,836, respectively, of forfeited non-vested funds available to reduce future employer contributions to the Plan. In 2012 and 2011, Company contributions were reduced by $0 and $10,911, respectively, from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation - The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end utilizing quoted market prices. The Plan's investment in a guaranteed interest contract is fully benefit-responsive and is reported at fair value as determined by the Plan's custodian. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis (see Note 11).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain plan expenses are paid by the Company, except for fees associated with notes receivable from participants, which are paid by the participant. Certain investment management fees are presented in the net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies (Cont.)

Fair Value Measurements - In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012.

3. Investments

Investments that represent 5% or more of the fair value of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

	2012	2011
Registered investment companies:		
American Funds Growth Fund of America	$ 1,602,681	$ 1,243,838
Allianz Global Investors PIMCO Real Return Fund	*	1,063,604
T. Rowe Price Retirement 2040 Fund	1,243,274	*
Investment contract with insurance company:		
Guaranteed Interest Account - SAGIC Diversified Bond	3,816,462	3,788,110

*Does not exceed 5% of the Plan's net assets.

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by:

	2012	2011
Registered investment companies	$ 1,708,203	$ (1,098,789)

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of the Plan's investment contract with insurance company has been estimated based on a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement date (Level 3 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

(a) Represents a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. There are no notice period or redemption frequency restrictions as to when participants may redeem their investment.

4. Fair Value Measurements (Cont.)

Changes in fair value of assets measure on a recurring basis using significant observable inputs (Level 3) for the years ended December 31, 2012 and 2011 are as follows:

	Guaranteed Interest Account	
	2012	2011
Beginning balance	$ 3,788,110	$ 2,857,561
Investment income	98,878	102,206
Purchases	411,695	971,820
Sales	(594,733)	(245,665)
Adjustments from fair value to contract value for fully benefit-responsive investment contracts	112,512	102,188
Ending balance	$ 3,816,462	$ 3,788,110

The following table represents the Plan's quantitative information about significant unobservable inputs used in Level 3 fair value measurements, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range of Rates
Guaranteed Investment Account	$ 3,816,462	Liquidation	None	2.7% - 2.9%

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. General purpose notes receivable terms range from one to five years and up to a maximum of twenty-five years for the purpose of acquiring a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

6. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual Retirement Services, a division of Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments, at fair value and contract value, and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 2012 and 2011, and the schedule of assets (held at end of year) as of December 31, 2012, and investment income (loss) components and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011.

7. Tax Status

On July 10, 2012, the Internal Revenue Service issued a determination letter which stated that the Plan and its underlying trust qualify under Section 401(a) of the Internal Revenue Code (IRC) and, as a result, are exempt from federal income taxes under Section 501(a) of the IRC. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to tax examinations by tax authorities for the years before the 2009 tax year.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

9. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the plan sponsor for professional services were based on customary and reasonable rates. Administrative fees paid to the custodian amounted to $1,750 in 2012 and $2,387 in 2011.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012 and 2011:

	2012	2011
Net assets available for plan benefits per the financial statements	$ 23,871,247	$ 20,149,713
Employer contribution receivable	(953,714)	(861,637)
Net assets available for benefits per the Form 5500	$ 22,917,533	$ 19,288,076

10. Reconciliation of Financial Statements to Form 5500 (Cont.)

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2012 and 2011:

	2012	2011
Net increase in net assets availabe for benefits per the financial statements	$ 3,721,534	$ 1,408,113
Employer contributions:		
Receivable at beginning of year	861,637	840,217
Receivable at end of year	(953,714)	(861,637)
Net increase in net assets available for benefits per the Form 5500	$ 3,629,457	$ 1,386,693

11. Investment Contract with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual Retirement Services (MMRS), a division of Massachusetts Mutual Life Insurance Company. MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, because the contract is fully benefit-responsive, the contract is included in the statements of net assets available for benefits at fair value as determined using the market approach. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by MMRS. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were approximately 2.60% and 3.06% for 2012 and 2011, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

Certain events limit the Plan's ability to transact at contract value with MMRS. Such events include but may not be limited to the following: (a) the complete or partial termination of the Plan; (b) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

12. Subsequent Events

Management has evaluated subsequent events through July 23, 2013, the date which the financial statements were available to be issued.
