REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of the
PODS Enterprises, Inc. Non-Union 401(k) Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying statement of net assets available for benefits of **PODS Enterprises, Inc. Non-Union 401(k) Savings Plan** (the "Plan") as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Minnesota Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule as of or for the year ended December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note A – Description of Plan

The following description of the PODS Enterprises, Inc. Non-Union 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of PODS Enterprises, Inc. (the Company) that was established effective May 1, 2005 and restated January 1, 2009. The latest amendment was made January 1, 2011. Employees of the Company are eligible to participate upon completion of six consecutive months of service (or 500 hours of services) and have attained age twenty-one. New participants may enter the Plan on a quarterly basis. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

The accounting records are maintained by the Company. The Plan's assets are held and managed by Minnesota Life Insurance Company (the Trustee). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. The maximum employee deferral for both December 31, 2012 and December 31, 2011 is $17,000 and $16,500, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $5,500, for both December 31, 2012 and 2011.

The employer matches 25% of the first 6% of compensation. The employer may also make additional matching contributions at their discretion. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution and performance sharing amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is pro-rated based upon years of continuous service with 100% vesting obtained at the end of the third year of continuous service.

Note A – Description of Plan (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions, in 1% increments in any of the Plan's investment options. Participants may change their current or future investment options at any time via both telephone and online access systems.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than weekly.

Distribution of Benefits

On termination of service due to death, disability, retirement, or other, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, installments over not more than the participant's life expectancy, or partial withdrawals. Participants may also obtain distributions from their elective deferrals balances while still employed in the event of hardship or after attaining age 59 ½.

Forfeitures

Forfeitures are first used to pay any portion of the administrative expenses of the Plan and second, to reduce Employer contributions to the Plan. Forfeitures of $0 were used to pay administrative expenses for the year ended December 31, 2012. Forfeitures of $7,246 were used to pay Company match for the year ended December 31, 2012. In addition, the Plan had $7,368 and $7,154 in forfeitures remaining as of December 31, 2012 and 2011, respectively.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

As required by the Code *Reporting of fully Benefit-Responsive Investment contracts Held by certain Investment companies and Defined-Contribution Health and Welfare and Pension Plans (the Code*) topic sections of the Code investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Plan is funded by a group annuity contract and considered fully benefit responsive. See Note G for further details.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Fair Value Measurements

The *Fair Value Measurements* topic of the Code establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Code are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note B – Summary of Significant Accounting Policies (continued)

In May 2011, the Code issued an amendment to the Statement, *Fair Value Measurements*. The Amendment clarifies application of the Statement and amends disclosure requirements to be consistent with international standards. The Amendment was effective January 1, 2012, the adoption of which did not have a material impact on the Organization's financial position or operating result.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and December 31, 2011.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2012	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 175,124	$ -	$ 175,124
Pooled separate accounts	6,714,532	-	6,714,532
	$ 6,889,656	$ -	$ 6,889,656

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2011	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 215,813	$ -	$ 215,813
Pooled separate accounts	5,116,221	-	5,116,221
	$ 5,332,034	$ -	$ 5,332,034

Note B – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis.

Benefits

Benefit payments to participants are recorded when paid.

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and, and the information in the supplemental schedule of assets (held at end of year).

Each of these investments represents 5 percent or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011:

	2012	2011
Intermediate Term Bond Index IA	$ 1,306,061	$ 1,036,086
Large Value Equity XIV	1,219,164	957,490
Large Growth Equity XII	975,705	*
International Core Index I	768,254	557,313
Large Growth Equity III	*	1,016,122

* This fund did not represent 5% or more of the Plan's net assets available for benefits at the respective Plan yearend.

During 2012, the Plan's investments (including gains on investments bought and sold, as well as held during the year) appreciated in value as follows:

Net appreciation in fair value of investments:	
Pooled separate accounts, at fair value	$ 846,592

Note D – Income Tax Status

The Plan Trustee received a determination letter from the Internal Revenue Service dated March 31, 2008, stating that the Plan Trustee may use the letter as evidence of Plan qualification under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and money market funds managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment services amounted to approximately $23,088 during the year ended December 31, 2012.

Note G – Fully Benefit-Responsive Investment Contracts

The Plan is funded by a fully benefit-responsive investment group annuity contract (the Fund). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note B, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The investments are included in the financial statements at contract value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As participants may withdraw separate account assets at contract value without restriction, and separate account assets are marked-to-market on a daily basis contract value was the best estimate of fair value at December 31, 2012 and 2011, and as such, required no adjustment to net assets at the respective year end. Also, while the liquidation charge, if any, is applicable to the separate accounts, it would only apply upon contract termination and should not be taken into account when determining fair value, unless contract termination is probable.

Note G – Fully Benefit-Responsive Investment Contracts (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total assets per the financial statements to the Form 5500:

	2012	2011
Total assets per the financial statements	$ 7,432,221	$ 5,705,521
Contributions receivable	(128,394)	(48,590)
Total assets per the Form 5500	$ 7,303,827	$ 5,656,931

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500:

	2012
Total additions per the financial statements	$ 2,510,073
Adjustments to contributions receivable	(79,804)
Total additions per the Form 5500	$ 2,430,269

Note I – Subsequent Events

Subsequent events have been evaluated through July 3, 2013 which is the date the financial statements were available to be issued.
