NOTE 1 – DESCRIPTION OF PLAN

The following description of the McCoy/Rockford 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

General – The Plan was adopted to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan, which covers all employees of McCoy-Rockford, Inc. (the Company), was established January 1, 1994, as a qualified retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The amended and restated provisions of the Plan became effective on January 1, 2011. This restatement was made to conform the Plan to new tax laws. Employees may enter the Plan upon the attainment of 21 years of age.

Contributions – Participants may elect to defer up to 90% of their compensation, not to exceed a dollar limit which is set by law. In addition, participants may elect to defer up to 100% of any bonuses paid during the year. Participants who attain age 50 before the end of a calendar year may also elect to defer additional catch-up contributions to the Plan. Participants may modify or revoke their elective deferrals at any time. Rollover contributions from other retirement plans and certain IRAs may be permitted by the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage of participant contributions. The Company may also make a discretionary profit sharing contribution to the Plan. The profit sharing contribution will be allocated among participants eligible to share in the contribution for the Plan year. No employer contributions were made for 2012.

Participant Accounts – Each participant's account is credited with their contributions, employer contributions, Plan earnings or losses, and administrative expenses. Participants' accounts are segregated for purposes of determining the earnings or losses on investments. A participant's account does not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service according to a graded vesting scale, with participants being 20% vested after two years of credited service and 100% vested after six years of credited service. A participant becomes 100% vested in their full account balance immediately upon disability, death, or upon reaching normal retirement age.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers various mutual funds in pooled separate accounts as investment options for its participants.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum of $50,000 (reduced by the excess of their highest outstanding balance of loans during the prior one-year period) or 50% of their vested account balance, whichever is less. The loans are adequately secured by the balance in the participant's account and charged a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five years, unless the loan was obtained to acquire a principal residence. The maximum number of Plan loans that a participant may have outstanding at any one time is one.

Payment of Benefits – On termination of service due to death, disability, or normal retirement, a participant may elect to receive either a single lump-sum payment equal to the value of the participant's vested interest in their account or installments over a period of assumed life expectancy. Upon termination of employment, lump-sum distributions can be made at the participant's election.

Participants may be entitled to receive an in-service distribution. A participant may request a hardship withdrawal to satisfy certain immediate and heavy financial needs. Participants who have attained age 59½ may receive an in-service distribution from the Plan from fully vested accounts prior to termination of employment.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures totaled $14,486 and $7,713 at December 31, 2012 and 2011, respectively. Forfeitures may be used to pay any administrative expenses or to reduce any employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See *Note 3* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Contributions Payable – Amounts payable to participants for contribution in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits are recorded when paid. There were no amounts allocated to participants who elected to withdraw from the Plan as of December 31, 2012, but did not receive a complete distribution.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain other expenses may be paid from a certain participant's account. These are expenses that are specifically incurred by, or attributable to, the participant.

Subsequent Events – The Plan has evaluated subsequent events through July 26, 2013, the date the financial statements were available to be issued.

Recent Accounting Pronouncements – The Company has evaluated other recent accounting pronouncements and their adoption has not had or is not expected to have a material impact on the Plan's net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- **Level 1** – Quoted prices in active markets for identical assets or liabilities.
- **Level 2** – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- **Level 3** – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts – Investments in mutual funds held in pooled separate accounts are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2012			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts:

There were no significant transfers between Level 1 and Level 2 investments during 2012.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and supplemental schedule have been certified as accurate and complete by John Hancock Life Insurance Company (U.S.A), the Custodian for the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2012 and 2011, all investments of the Plan were participant-directed. The following presents investments that represented 5% or more of the Plan's net assets at December 31:

	2012	2011
John Hancock USA Lifestyle Growth *	**$ 3,059,573**	$ 2,663,759
John Hancock USA Lifestyle Balanced *	**2,977,233**	2,864,399

* Indicates party-in-interest

During 2012, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $1,224,582.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts holding shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.), the Custodian and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from prohibited transaction rules under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 8 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA established by NOVA 401(k) Associates that obtained a favorable opinion letter dated July 1, 2009, which stated that the form of the plan was acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, but the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011, to Form 5500:
