Defined Contribution Retirement Plan

Report of the Financial Statements

We were engaged to audit the accompanying financial statements of Defiance College Defined Contribution Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF), an insurance company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that TIAA-CREF holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the insurance company as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEFIANCE COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Defiance College Defined Contribution Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees who work at least half time for the College unless they are a student enrolled and attending classes offered by the College. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – All employees, except students, of the College are eligible to participate in the Plan on the first day of employment and make voluntary contributions into the Plan.

Contributions – Each year, participants may contribute up to IRS limits of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. After completion of one year of credited service, where the employee completes at least 1,000 hours of service, the College matches 100% of the first 4% of base compensation that a participant contributes to the Plan and 200% of the next 1%. Contributions are subject to certain limitations.

Upon enrollment, a participant may direct his or her contributions and the College matching contributions to any of the Plan's investment options.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the College's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment funds offered by the Plan.

Vesting – Participants are immediately vested in their contributions, the College's contributions, and actual earnings thereon.

Participant Loans – Participants may not borrow from their fund accounts.

Payments of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy, or annuity contract. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account.

Plan Termination – Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would already be 100% vested in their accounts.

Forfeited Accounts – At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$0. These accounts will be used to reduce future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Managements Review – Subsequent events were evaluated through July 29, 2013, which is the date the financial statements were available to be issued.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting. TIAA-CREF reports are on a cash basis.

Recent Accounting Pronouncements – In May 2011, the Financial Accounting Standards Board (FASB) issued ASU No. 2011.04, “Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs”, in order to develop common requirements for measuring fair value and for disclosing information about fair value measurements in U.S. GAAP and International Financial Reporting Standards (IFRS). The amendments are intended to improve the comparability of fair value measurements presented and disclosed in the financial statements prepared in accordance with U.S. GAAP and IFRS. The ASU is effective during interim or annual periods beginning after December 15, 2011.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in TIAA Access and CREF variable annuity accounts are valued at the quoted net asset value (NAV) per share as determined by the funds’ investment advisers based on the fair market value of the underlying investments. The value of TIAA Real Estate pooled separate account has been estimated using the most probable price for which the property would sell in a competitive market under all conditions requisite to a fair sale. Each of the funds offer daily liquidity.

TIAA Traditional Annuity – The TIAA Traditional Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant’s account purchase a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. TIAA Traditional investments are offered through the Retirement Annuity (RA) contracts. For accumulating RA contracts, the crediting interest rates were 3.0% for 2012 and ranged from 3.35% to 4.0% in 2011.

The TIAA Traditional Annuity holdings within the RA contracts have liquidity restrictions and are non-benefit responsive. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments through Transfer Payout Annuities (TPAs). Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined contribution plan attributable to fully benefit responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan investments in the RA contracts do not require an adjustment since contract value is the best approximation of fair value

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Brokers' commissions and other expenses incurred upon the purchase of securities are included in the cost of the securities. Brokers' commissions and other expenses incurred upon the sale of securities are reflected as a reduction in the proceeds from sale. Gains and losses on sale of investments are based on the average cost method. The net depreciation or appreciation in the value of investments in the accompanying statement of changes in net assets available for Plan benefits includes the total change in unrealized gains (losses) of investments held at the year-end plus realized gains (losses) on investments sold during the year.

Concentration of Market Risk – The Plan has significant investments which individually exceed five percent of Plan assets. These assets are held primarily as long-term investments. Although these companies are not known to be currently experiencing financial difficulties, an adverse change in their financial status could have a significant negative effect on the Plan and its participants.

Concentration of Credit Risk – The Plan has significant investments in mutual funds that individually exceed five percent of Plan assets. These assets are held primarily as long-term investments. Although these funds are not known to be currently experiencing financial difficulties, an adverse change in their financial status could have a significant negative effect on the Plan and its participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses related to Plan administration are paid by the Plan. Other expenses are paid by the College.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *Fair Value Measurements and Disclosures* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs, other than Level 1 prices, that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been changes in the methodologies used for periods presented in these financial statements.

Investment options available to participants include the TIAA Traditional Annuity, TIAA Real Estate, CREF Accounts and TIAA Access Annuity funds.

Investments in TIAA Traditional Annuity contracts are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See note 2 for discussion of the TIAA Traditional Annuity.

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV as determined by the investment manager, which is considered by Plan management to be the best approximation of fair value. This investment is classified within Level 2 of the fair value hierarchy. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies, CREF variable annuity accounts) are based on each account's daily NAV as determined by the investment manager, which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded and are classified within Level 2 of the fair value hierarchy. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The fair values of accumulation units held by the Plan in TIAA Access accounts (registered investment companies), variable annuity, are based on each account's daily NAV as determined by the investment manager, which is considered by Plan management to be the best approximation of fair value. TIAA Access accounts are not exchange traded and are classified within Level 2 of the fair value hierarchy. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other markets, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TIAA Traditional Annuity	\$ 6,843,891	Discontinued cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate Applied*	RA 3.00%-5.00%

TIAA Traditional Annuity account balances are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Credited rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

*Unobservable inputs include discount rate applied.

^(a) Funds in this category invest in a diversified portfolio of domestic and/or foreign stocks to achieve a long-term rate of return.

^(b) Funds in this category invest in various types of debt securities to achieve a long-term rate of return while preserving capital. These funds invest heavily in U.S. government bonds.

^(c) This fund invests in domestic and foreign equities and in fixed income securities to achieve a long-term rate of return while giving special consideration to certain social criteria.

^(d) This fund invests in high-quality, short-term instruments to achieve high current income and capital preservation. This account primarily invests in commercial paper, bank obligations, and U.S. government-issued securities that are classified as first-tier securities.

^(e) This fund invests in real estate properties, other real estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources. Redemptions are permitted daily, except participant transfers out of the fund are limited to one per calendar quarter.

^(f) This fund invests in several underlying equity and fixed-income funds offered by TIAA-CREF Funds. Over time, the fund's target allocation will gradually become more conservative reaching an equity/fixed-income mix of approximately 40% / 60% upon the reached retirement year.

NOTE 4 – INVESTMENTS

The Plan's investments are held by TIAA-CREF. Financial information related to those investments included in the accompanying financial statements, supplemental schedule, and this footnote, is certified by TIAA-CREF.

The following presents investments that represent 5% or more of the Plan's net assets.

	2012	2011
TIAA Traditional Annuity	\$6,843,891	\$6,581,137
CREF Stock Account	\$3,938,735	\$3,357,157

The Plan's investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

	2012	2011
TIAA Traditional Annuity	\$ 213,649	\$ 202,717
CREF Accounts	876,270	(141,647)

TIAA Access	65,059	(10,155)
Total net (depreciation) appreciation in fair value of investments	<u>\$1,184,997</u>	<u>\$ 85,772</u>

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by TIAA-CREF. TIAA-CREF is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees charged by TIAA-CREF are absorbed in investment income and amounted to \$76,163 and \$68,617 for the years ended December 31, 2012 and 2011, respectively.

NOTE 6 –CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the insurance company has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

Statements of net assets available for benefits:	2012	2011
Investments at fair value	<u>\$ 14,470,323</u>	<u>\$ 13,105,033</u>

Less: Amounts allocated to withdrawing participants at December 31, 2011	<u>-</u>
Benefits paid to participants per Schedule H of Form 5500	<u>\$ 380,970</u>

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 8– TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code of 1986, as amended (IRC). A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service. The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from Federal income taxes. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
