NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012, and for the Period March 1, 2012 (Date of Inception) to December 31, 2012

NOTE 1 - Description of the Plan

The following description of the Preferred Care 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan's document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on March 1, 2012 by Preferred Care Partners Holding Corp, Preferred Care Partners, Inc., and Preferred Care Partners Medical Group ("the Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed the lesser of 1 year of service with the Company or 6 consecutive months of employment, as defined in the Plan document, and are age 21 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Effective December 31, 2012, the Plan was frozen to new participation in the plan and new contributions.

Contributions

Each year, participants may contribute an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective deferrals include pre-tax deferrals only. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company makes a safe harbor matching contribution equal to 100% of applicable contributions up to 3% of eligible compensation and 50% of the next 2% of eligible compensation as defined in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions and the employer matching contributions plus actual earnings, thereon.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012, and for the Period March 1, 2012 (Date of Inception) to December 31, 2012

NOTE 1 - Description of the Plan (cont.)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. The Plan allows for automatic lump-sum distributions of participant vested account balances which do not exceed \$1,000. If the lump-sum distributions of participant vested account balances exceed \$1,000, then the participant must consent to the lump-sum distribution.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2012.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as of the date of the inception of the loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012, and for the Period March 1, 2012 (Date of Inception) to December 31, 2012

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Risks and Uncertainties

The Plan has investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 – Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 5 - Fair Value of Financial Instruments

The Plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Common/Collective Trust: Units are stated at fair value as determined by issuer of the common/collective investment trust funds based on the fair market value of the underlying investments and then adjusted to contract value.

Pooled Separate Account: Units are stated at fair value as determined by issuer of the pooled separate account based on the fair market value of the underlying mutual funds.

The Company is responsible for the determination of fair value. Accordingly, the Company performs periodic analysis on the prices received from the Custodian used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the Custodian. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total Investments	\$ 2,286,803	\$ -	\$ 2,286,803	\$ -

NOTE 6 - Investment in Common/Collective Trust Fund

The Plan currently invests in a common/collective trust fund (the Fund) which holds guaranteed investment contracts. The objective of the Fund is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The Fund strives to maintain a stable \$1/unit price. The Fund announces its crediting rate in advance of each month. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Fund. The Fund then announces its crediting rate for each month. The Fund is contractually obligated to repay the principal and the announced credit rate to the Plan.

Because the Fund's guaranteed investment contracts are fully benefit-responsive investments, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to guaranteed investment contracts. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or the transfer of all or a portion of their investment at contract value. The Plan has reported its investment in the common/collective trust fund at fair value on the statements of net assets available for benefits with an adjustment from fair value to contract value reported, if material. As of December 31, 2012 the fair value approximated contract value and no such adjustment was necessary.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012, and for the Period March 1, 2012 (Date of Inception) to December 31, 2012

NOTE 7 – Net Asset Value (NAV) Per Share

A summary of the Plan's investments with a reported NAV at December 31, 2012, is set forth as follows:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions (2)	Redemption Notice Period
December 31, 2012					
Pooled separate accounts (1)(3)(5)	\$ 2,251,016	\$ -	Immediate	Various	Various
Common/collective trust (2)(4)(6)	<u>35,787</u>	<u>-</u>	Immediate	Various	Various
Total	<u>\$ 2,286,803</u>	<u>\$ -</u>			

- (1) The fair values of the pooled separate accounts are based on the fair values of the underlying mutual funds.
- (2) The Plan transactions with the common collective trust fund are at the \$1.00 NAV reported by the Fund sponsor. The reported NAV is based on the book value of the common collective trust fund. If the NAV had been calculated based on the fair value of the underlying investments in the Fund, the NAV would be \$1.04 as of December 31, 2012.
- (3) Certain events may cause funds held in the pooled separate accounts to be deferred, including, but not limited to, the following:
- (i) Any activity deemed by the Custodian to be short-term trading.
- (4) Participant withdrawal requests are scheduled to pay promptly at book value except as noted below:
- (i) Participant directed withdrawals may be delayed up to 30 calendar days in the event that an earlier withdrawal may have an adverse impact on the common/collective trust.
 - (ii) The following events are deemed to be a withdrawal directed by the Plan and may delay the withdrawal request up to 12 months:
 - (a) Communication sent to participants designed to induce withdrawals from the common/collective trust.
 - (b) An additional investment option established by the Plan that is a competing fund.
 - (c) Plan amendment or action, including but not limited to, a merger, sale, spin-off, early retirement incentive, facility relocation, voluntary layoff, or plan termination which is not a result of financial hardship.
- (5) The funds in the pooled separate accounts employ a variety of investment strategies, including, but not limited to, long-term capital growth.
- (6) The common/collective trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012, and for the Period March 1, 2012 (Date of Inception) to December 31, 2012

NOTE 7 - Party-in-interest

Fees paid by the Plan to the Custodian for investment management services are party-in-interest transactions. These fees are netted against investment income.

NOTE 8 - Tax Status

The Plan uses a volume submitter plan document sponsored by Accudraft.com Inc. The document sponsor received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states the volume submitter plan document satisfies the applicable provisions of the Code. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed with the applicable requirements of the code. The Company is aware of certain operational issues impacting the Plan. The Company has taken corrective actions for these issues and believes the Plan will maintain its qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan is subject to income tax examinations for the period March 1, 2012 to December 31, 2012.

NOTE 9 - Late Contributions

During 2012, the Company failed to remit certain employee contributions to the Plan on a timely basis, which is a prohibited transaction under ERISA. The Company has calculated the lost earnings to participants and has contributed these earnings to the Plan in order to correct the prohibited transactions.

NOTE 10 - Subsequent Events

The Plan has evaluated subsequent events through July 25, 2103, which is the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
