Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mutual of America, the trustee of the Plan, except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedules identified in the table of contents, as of and for the year ended December 31, 2012, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2011 Financial Statements

The financial statements of the plan as of December 31, 2011, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 26, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2012

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Safe-Harbor 401(K) Profit-Sharing Plan for Employees of Memorial Healthcare Management Services, LLC

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 1 - Description of the Plan

The following description of the Safe-Harbor 401(K) Profit-Sharing Plan for Employees of Memorial Healthcare Management Services, LLC ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Memorial Healthcare Management Services, LLC, Memorial Healthcare IPA, and Willow Urgent Care ("the Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed at least 1 year of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options. No employee shall be eligible to become a participant in the Plan after December 31, 2011.

Contributions

Each year, the participants could contribute an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective deferrals include pre-tax deferrals, Roth deferrals and rollover contributions. Participants who have attained age 50 before the end of the Plan year could make additional catch-up contributions, subject to limitations imposed by the Code.

The Company made a safe harbor matching contribution equal to 100% of applicable contributions up to 4% of compensation as defined in the Plan documents. However, as of December 31, 2011 the Plan was frozen to new contributions.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

Vesting

Participants are immediately vested in their salary reduction, safe harbor match contributions, rollover contributions, and earnings thereon.

Safe-Harbor 401(K) Profit-Sharing Plan for Employees of Memorial Healthcare Management Services, LLC

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2012 and 2011, forfeited nonvested accounts totaled \$20,444 and \$0, respectively. These accounts will be first used to pay reasonable Plan administration expenses and next any remaining forfeitures shall be allocated amongst participant accounts.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. If the lump-sum distributions of participant vested account balances exceed \$5,000, then the participant can defer until normal retirement age of 65. With approval from the Company, participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2012 and 2011.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through direct bill.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

Reclassification

For comparability, certain 2011 amounts have been reclassified to conform with classifications adopted in 2012.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan has investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 2 - Summary of Significant Accounting Policies (cont.)

New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update No. 2011-04, "Fair Value Measurement," which aligns disclosures related to fair value between U.S. GAAP and International Financial Reporting Standards. The standards update includes changes to the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and changes to the disclosure of information about fair value measurements. More specifically, the changes clarify the intent of the FASB regarding the application of existing fair value measurements and disclosures as well as changing some particular principles or requirements for measuring fair value or for disclosing information about fair value measurements. This update was effective for the Plan in 2012. The adoption of this guidance did not have a material impact on the Plan's financial statements.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Custodian - Unaudited

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value as follows:

Pooled separate accounts	\$ 280,782
--------------------------	------------

NOTE 5 - Fair Value of Financial Instruments

The Plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Safe-Harbor 401(K) Profit-Sharing Plan for Employees of Memorial Healthcare
Management Services, LLC**

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 5 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate accounts: Primarily valued at the net asset value (NAV) of share based on quoted market prices of underlying investments.

General Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The Company is responsible for the determination of fair value. Accordingly, the Company performs periodic analysis on the prices received from the Custodian used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the Custodian. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2012

In 2012, the interest rate used to calculate fair value of the GIC was based on the average of the seven and ten year U.S. Treasury Notes, which are observable inputs and approximates guaranteed rates offered by issuer of the GIC. In 2011, the interest rate used to calculate fair value of the GIC was based on the average of GIC rates for GICs held by UnitedHealth Group affiliated plans. This change in valuation methodology from unobservable inputs to observable inputs changed the classification of this investment from a Level 3 to a Level 2.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 6 - Investment Contract with Insurance Company

The Plan has entered into a guaranteed investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Mutual of America, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include the following: (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.7% and 2.0% for 2012 and 2011. The average earnings credited to participants in the Plan were 1.7% and 2.0% for 2012 and 2011. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 7 - Tax Status

The Plan uses a prototype plan document sponsored by the Custodian. The Plan received a determination letter from the Internal Revenue Service (IRS), dated June 28, 2010, which states the Plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However the Company believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, the Company believes the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 8 – Late Contributions

During 2012, the Company failed to remit certain employee contributions to the Plan on a timely basis, which is a prohibited transaction under ERISA. The Company has calculated the lost earnings to the participants and has contributed that amount to the Plan in order to correct the prohibited transactions.
